Starling and
blackbird control,
Ky.-Tenn.

To provide for starling and blackbird control in Kentucky and Tennessee.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That Congress finds that in Kentucky and Tennessee large concentrations of starlings, grackles, blackbirds, and other birds found in "blackbird roosts" pose a hazard to human health and safety, livestock and agriculture, that the roosts are reestablished each winter, that dispersal techniques have been unsuccessful, that control is most effective when birds are concentrated in winter roosts, and that an emergency does exist which requires immediate action with insufficient time to comply with the National Environmental Policy Act.

SEC. 2. (a) Upon certification by the Governor of Kentucky and/or Tennessee to the Secretary of the Interior that "blackbird roosts" are a significant hazard to human health, safety or property in his state, the Secretary of the Interior shall provide for roosts determined through normal survey practices of the Department of the Interior to contain in excess of 500,000 birds to be treated with chemicals registered for bird control purposes, unless the Secretary determines that treatment of a particular roost would pose a hazard to human health, safety or property.

TITLE I—GENERAL PROVISIONS

DECLARATION OF POLICY

SEC. 101. (a) PURPOSE.—It is the purpose of the Congress in this Act to provide the means to rehabilitate and maintain the physical facilities, improve the operations and structure, and restore the financial stability of the railway system of the United States, and to promote the revitalization of such railway system, so that this mode of transportation will remain viable in the private sector of the economy and will be able to provide energy-efficient, ecologically compatible transportation services with greater efficiency, effectiveness, and economy, through— 45 USC 801.

- (1) ratemaking and regulatory reform;
- (2) the encouragement of efforts to restructure the system on a more economically justified basis, including planning authority in the Secretary of Transportation, an expedited procedure for determining whether merger and consolidation applications are in the public interest, and continuing reorganization authority;
- (3) financing mechanisms that will assure adequate rehabilitation and improvement of facilities and equipment, implementation of the final system plan, and implementation of the Northeast Corridor project;
- (4) transitional continuation of service on light-density rail lines that are necessary to continued employment and community well-being throughout the United States;
- (5) auditing, accounting, reporting, and other requirements to protect Federal funds and to assure repayment of loans and financial responsibility; and
- (6) necessary studies.

(b) POLICY.—It is declared to be the policy of the Congress in this Act to—

- (1) balance the needs of carriers, shippers, and the public;
- (2) foster competition among all carriers by railroad and other modes of transportation, to promote more adequate and efficient transportation services, and to increase the attractiveness of investing in railroads and rail-service-related enterprises;
- (3) permit railroads greater freedom to raise or lower rates for rail services in competitive markets;
- (4) promote the establishment of railroad rate structures which are more sensitive to changes in the level of seasonal, regional, and shipper demand;
- (5) promote separate pricing of distinct rail and rail-related services;
- (6) formulate standards and guidelines for determining adequate revenue levels for railroads; and
- (7) modernize and clarify the functions of railroad rate bureaus.

DEFINITIONS

SEC. 102. As used in this Act, unless the context otherwise indicates, the term— 45 USC 802.

- (1) "Association" means the United States Railway Association;
- (2) "Commission" means the Interstate Commerce Commission;
- (3) "Corporation" means the Consolidated Rail Corporation;

(4) "final system plan" means the final system plan and any additions thereto adopted by the Association pursuant to the Regional Rail Reorganization Act of 1973 (45 U.S.C. 701 et seq.);

(5) "includes" and variants thereof should be read as if the phrase "but is not limited to" were also set forth;

(6) "Office" means the Rail Services Planning Office of the Commission;

(7) "railroad" means a common carrier by railroad or express, as defined in section 1(3) of the Interstate Commerce Act (49 U.S.C. 1(3)), and includes the National Railroad Passenger Corporation and the Alaska Railroad; and

(8) "Secretary" means the Secretary of Transportation or his designated representative.

TITLE II—RAILROAD RATES

EXPEDITIOUS DIVISIONS OF REVENUES

SEC. 201. Section 15(6) of the Interstate Commerce Act (49 U.S.C. 15(6)) is amended by (1) inserting "(a)" immediately after "(6)", and (2) adding at the end thereof the following three new subdivisions:

"(b) Notwithstanding any other provision of law, the Commission shall, within 180 days after the date of enactment of this subdivision, establish, by rule, standards and procedures for the conduct of proceedings for the adjustment of divisions of joint rates or fares (whether prescribed by the Commission or otherwise) in accordance with the provisions of this paragraph. The Commission shall issue a final order in all such proceedings within 270 days after the submission to the Commission of a case. If the Commission is unable to issue such a final order within such time, it shall issue a report to the Congress setting forth the reasons for such inability.

Report to
Congress.

"(c) All evidentiary proceedings conducted pursuant to this paragraph shall be completed, in a case brought upon a complaint, within 1 year following the filing of the complaint, or, in a case brought upon the Commission's initiative, within 2 years following the commencement of such proceeding, unless the Commission finds that such a proceeding must be extended to permit a fair and expeditious completion of the proceeding. If the Commission is unable to meet any such time requirement, it shall issue a report to the Congress setting forth the reasons for such inability.

Report to
Congress.

"(d) Whenever a proceeding for the adjustment of divisions of joint rates or fares (whether prescribed by the Commission or otherwise established) is commenced by the filing of a complaint with the Commission, the complaining carrier or carriers shall (i) attach thereto all of the evidence in support of their position, and (ii) during the course of such proceeding, file only rebuttal or reply evidence unless otherwise directed by order of the Commission. Upon receipt of a notice of intent to file a complaint pursuant to this paragraph, the Commission shall accord, to the party filing such notice, the same right to discovery that would be accorded to a party filing a complaint pursuant to this paragraph."

RAILROAD RATEMAKING

SEC. 202. (a) Section 1(5) of the Interstate Commerce Act (49 U.S.C. 1(5)) is amended by inserting "(a)" immediately after "(5)" and by adding at the end thereof the following new sentence: "The

provisions of this subdivision shall not apply to common carriers by railroad subject to this part.”

(b) Section 1(5) of the Interstate Commerce Act (49 U.S.C. 1(5)), as amended by subsection (a) of this section, is further amended by adding at the end thereof the following new subdivisions:

“(b) Each rate for any service rendered or to be rendered in the transportation of persons or property by any common carrier by railroad subject to this part shall be just and reasonable. A rate that is unjust or unreasonable is prohibited and unlawful. No rate which contributes or which would contribute to the going concern value of such a carrier shall be found to be unjust or unreasonable, or not shown to be just and reasonable, on the ground that such rate is below a just or reasonable minimum for the service rendered or to be rendered. A rate which equals or exceeds the variable costs (as determined through formulas prescribed by the Commission) of providing a service shall be presumed, unless such presumption is rebutted by clear and convincing evidence, to contribute to the going concern value of the carrier or carriers proposing such rate (hereafter in this paragraph referred to as the ‘proponent carrier’). In determining variable costs, the Commission shall, at the request of the carrier proposing the rate, determine only those costs of the carrier proposing the rate and only those costs of the specific service in question, except where such specific data and cost information is not available. The Commission shall not include in variable cost any expenses which do not vary directly with the level of service provided under the rate in question. Notwithstanding any other provision of this part, no rate shall be found to be unjust or unreasonable, or not shown to be just and reasonable, on the ground that such rate exceeds a just or reasonable maximum for the service rendered or to be rendered, unless the Commission has first found that the proponent carrier has market dominance over such service. A finding that a carrier has market dominance over a service shall not create a presumption that the rate or rates for such service exceed a just and reasonable maximum. Nothing in this paragraph shall prohibit a rate increase from a level which reduces the going concern value of the proponent carrier to a level which contributes to such going concern value and is otherwise just and reasonable. For the purposes of the preceding sentence, a rate increase which does not raise a rate above the incremental costs (as determined through formulas prescribed by the Commission) of rendering the service to which such rate applies shall be presumed to be just and reasonable.

“(c) As used in this part, the terms—

“(i) ‘market dominance’ refers to an absence of effective competition from other carriers or modes of transportation, for the traffic or movement to which a rate applies; and

“(ii) ‘rate’ means any rate or charge for the transportation of persons or property.

“(d) Within 240 days after the date of enactment of this subdivision, the Commission shall establish, by rule, standards and procedures for determining, in accordance with section 15(9) of this part, whether and when a carrier possesses market dominance over a service rendered or to be rendered at a particular rate or rates. Such rules shall be designed to provide for a practical determination without administrative delay. The Commission shall solicit and consider the recommendations of the Attorney General and of the Federal Trade Commission in the course of establishing such rules.”

(c) Section 15 of the Interstate Commerce Act (49 U.S.C. 15) is amended by redesignating paragraphs (8) through (14) thereof as

“Market dominance.”

paragraphs (10) through (16) thereof, respectively, and by inserting therein a new paragraph (9) as follows:

“(9) Following promulgation of standards under section 1(5)(d) of this part, whenever a rate of a common carrier by railroad subject to this part is challenged as being unreasonably high, the Commission shall, upon complaint or upon its own initiative and within 90 days after the commencement of a proceeding to investigate the lawfulness of such rate, determine whether the carrier proposing such rate has market dominance, within the meaning of section 1(5)(c)(i) of this part, over the service to which such rate applies. If the Commission finds that such a carrier does not have such market dominance, such finding shall be determinative in all additional or other proceedings under this Act concerning such rate or service, unless (a) such finding is modified or set aside by the Commission, or (b) such finding is set aside by a court of competent jurisdiction. Nothing in this paragraph shall limit the Commission’s power to suspend a rate pursuant to this section, except that if the Commission has found that a carrier does not have such market dominance over the service to which a rate applies, the Commission may not suspend any increase in such rate on the ground that such rate as increased exceeds a just or reasonable maximum for such service, unless the Commission specifically modifies or sets aside its prior determination concerning market dominance over the service to which such rate applies.”

(d) Section 15 of the Interstate Commerce Act (49 U.S.C. 15) is amended by adding at the end thereof the following two new paragraphs:

“(17) Within 1 year after the date of enactment of this paragraph, the Commission shall establish, by rule, standards and expeditious procedures for the establishment of railroad rates based on seasonal, regional, or peak-period demand for rail services. Such standards and procedures shall be designed to (a) provide sufficient incentive to shippers to reduce peak-period shipments, through rescheduling and advance planning; (b) generate additional revenues for the railroads; and (c) improve (i) the utilization of the national supply of freight cars, (ii) the movement of goods by rail, (iii) levels of employment by railroads, and (iv) the financial stability of markets served by railroads. Following the establishment of such standards and procedures, the Commission shall prepare and submit to the Congress annual reports on the implementation of such rates, including recommendations with respect to the need, if any, for additional legislation to facilitate the establishment of such demand-sensitive rates.

“(18) In order to encourage competition, to promote increased reinvestment by railroads, and to encourage and facilitate increased non-railroad investment in the production of rail services, a carrier by railroad subject to this part may, upon its own initiative or upon the request of any shipper or receiver of freight, file separate rates for distinct rail services. Within 1 year after the date of enactment of this paragraph, the Commission shall establish, by rule, expeditious procedures for permitting publication of separate rates for distinct rail services in order to (a) encourage the pricing of such services in accordance with the carrier’s cash-outlays for such services and the demand therefor, and (b) enable shippers and receivers to evaluate all transportation and related charges and alternatives.”

(e) Section 15 of the Interstate Commerce Act (49 U.S.C. 15), as amended by this Act, is further amended—

(1) by adding at the end of paragraph (7) thereof the following new sentence: “This paragraph shall not apply to common carriers by railroad subject to this part.”; and

Annual report to
Congress.

(2) by inserting a new paragraph (8) as follows:

“(8) (a) Whenever a schedule is filed with the Commission by a common carrier by railroad stating a new individual or joint rate, fare, or charge, or a new individual or joint classification, regulation, or practice affecting a rate, fare, or charge, the Commission may, upon the complaint of an interested party or upon its own initiative, order a hearing concerning the lawfulness of such rate, fare, charge, classification, regulation, or practice. The hearing may be conducted without answer or other formal pleading, but reasonable notice shall be provided to interested parties. Such hearing shall be completed and a final decision rendered by the Commission not later than 7 months after such rate, fare, charge, classification, regulation, or practice was scheduled to become effective, unless, prior to the expiration of such 7-month period, the Commission reports in writing to the Congress that it is unable to render a decision within such period, together with a full explanation of the reason for the delay. If such a report is made to the Congress, the final decision shall be made not later than 10 months after the date of the filing of such schedule. If the final decision of the Commission is not made within the applicable time period, the rate, fare, charge, classification, regulation, or practice shall go into effect immediately at the expiration of such time period, or shall remain in effect if it has already become effective. Such rate, fare, charge, classification, regulation, or practice may be set aside thereafter by the Commission if, upon complaint of an interested party, the Commission finds it to be unlawful.

Hearing and
notice.

“(b) Pending a hearing pursuant to subdivision (a), the schedule may be suspended, pursuant to subdivision (d), for 7 months beyond the time when it would otherwise go into effect, or for 10 months if the Commission makes a report to the Congress pursuant to subdivision (a), except under the following conditions:

Schedule
suspension.

“(i) in the case of a rate increase, a rate may not be suspended on the ground that it exceeds a just and reasonable level if the rate is within a limit specified in subdivision (c), except that such a rate change may be suspended under any provision of section 2, 3, or 4 of this part or, following promulgation of standards and procedures under section 1(5)(d) of this part, if the carrier is found to have market dominance, within the meaning of section 1(5)(c)(i) of this part, over the service to which such rate increase applies; or

“(ii) in the case of a rate decrease, a rate may not be suspended on the ground that it is below a just and reasonable level if the rate is within a limit specified in subdivision (c), except that such a rate change may be suspended under any provision of section 2, 3, or 4 of this part, or for the purposes of investigating such rate change upon a complaint that such rate change constitutes a competitive practice which is unfair, destructive, predatory or otherwise undermines competition which is necessary in the public interest.

“(c) The limitations upon the Commission's power to suspend rate changes set forth in subdivisions (b) (i) and (ii) apply only to rate changes which are not of general applicability to all or substantially all classes of traffic and only if—

“(i) the rate increase or decrease is filed within 2 years after the date of the enactment of this subdivision;

“(ii) the common carrier by railroad notifies the Commission that it wishes to have the rate considered pursuant to this subdivision;

“(iii) the aggregate of increases or decreases in any rate filed pursuant to clauses (i) and (ii) of this subdivision within the first 365 days following such date of enactment is not more than 7 per centum of the rate in effect on January 1, 1976; and

“(iv) the aggregate of the increases or decreases for any rate filed pursuant to clauses (i) and (ii) of this subdivision within the second 365 day-period following such date of enactment is not more than 7 per centum of the rate in effect on January 1, 1977.

“(d) The Commission may not suspend a rate under this paragraph unless it appears from specific facts shown by the verified complaint of any person that—

“(i) without suspension the proposed rate change will cause substantial injury to the complainant or the party represented by such complainant; and

“(ii) it is likely that such complainant will prevail on the merits.

The burden of proof shall be upon the complainant to establish the matters set forth in clauses (i) and (ii) of this subdivision. Nothing in this paragraph shall be construed as establishing a presumption that any rate increase or decrease in excess of the limits set forth in clauses (iii) or (iv) of subdivision (c) is unlawful or should be suspended.

“(e) If a hearing is initiated under this paragraph with respect to a proposed increased rate, fare, or charge, and if the schedule is not suspended pending such hearing and the decision thereon, the Commission shall require the railroads involved to keep an account of all amounts received because of such increase from the date such rate, fare, or charge became effective until the Commission issues an order or until 7 months after such date, whichever first occurs, or, if the hearings are extended pursuant to subdivision (a), until an order issues or until 10 months elapse, whichever first occurs. The account shall specify by whom and on whose behalf the amounts are paid. In its final order, the Commission shall require the common carrier by railroad to refund to the person on whose behalf the amounts were paid that portion of such increased rate, fare, or charge found to be not justified, plus interest at a rate which is equal to the average yield (on the date such schedule is filed) of marketable securities of the United States which have a duration of 90 days. With respect to any proposed decreased rate, fare, or charge which is suspended, if the decrease or any part thereof is ultimately found to be lawful, the common carrier by railroad may refund any part of the portion of such decreased rate, fare, or charge found justified if such carrier makes such a refund available on an equal basis to all shippers who participated in such rate, fare, or charge according to the relative amounts of traffic shipped at such rate, fare, or charge.

“(f) In any hearing under this section, the burden of proof is on the common carrier by railroad to show that the proposed changed rate, fare, charge, classification, rule, regulation, or practice is just and reasonable. The Commission shall specifically consider, in any such hearing, proof that such proposed changed rate, fare, charge, classification, rule, regulation, or practice will have a significantly adverse effect (in violation of section 2 or 3 of this part) on the competitive posture of shippers or consignees affected thereby. The Commission shall give such hearing and decision preference over all other matters relating to railroads pending before the Commission and shall make its decision at the earliest practicable time.”

(f) Nothing in the amendments made by this section shall be construed— 49 USC 1 note.

(1) to modify the application of section 2, 3, or 4 of the Interstate Commerce Act (49 U.S.C. 2, 3, or 4) in determining the lawfulness of any rate or practice;

(2) to make lawful any competitive practice which is unfair, destructive, predatory, or otherwise undermines competition which is necessary in the public interest;

(3) to affect the existing law or the authority of the Commission with respect to rate relationships between ports; or

(4) to affect the authority and responsibility of the Commission to guarantee the equalization of rates within the same port.

(g) The Secretary and the Commission shall separately study the effect of the amendments made by this section on the development of an efficient and financially stable railway system in the United States. Such studies shall include (1) an analysis of the effect of such provisions upon shippers and upon carriers in all modes of transportation, and (2) proposals for further regulatory and legislative changes, if necessary. The Commission shall gather all data relating to such studies as requested by the Secretary, and shall make such data available to the Secretary. The Secretary and the Commission shall transmit the results of their respective studies to each House of Congress within 20 months after the date of the enactment of this Act. Study. 49 USC 1 note.

TARIFF MODIFICATIONS

SEC. 203. (a) Section 15(3) of the Interstate Commerce Act (49 U.S.C. 15(3)) is amended by adding at the end thereof the following new sentence: "With respect to carriers by railroad, in determining whether any such cancellation or proposed cancellation involving any common carrier by railroad is consistent with the public interest, the Commission shall, to the extent applicable, (a) compare the distance traversed and the average transportation time and expense required using the through route, and the distance traversed and the average transportation time and expense required using alternative routes, between the points served by such through route, (b) consider any reduction in energy consumption which may result from such cancellation, and (c) take into account the overall impact of such cancellation on the shippers and carriers who are affected thereby."

(b) Section 15a of the Interstate Commerce Act (49 U.S.C. 15a) is amended by adding at the end thereof the following new paragraph:

"(5) The Commission shall, in any proceeding which involves a proposed increase or decrease in railroad rates, specifically consider allegations that such increase or decrease would change the rate relationships between commodities, ports, points, regions, territories, or other particular descriptions of traffic (whether or not such relationships were previously considered or approved by the Commission) and allegations that such increase or decrease would have a significantly adverse effect on the competitive position of shippers or consignees served by the railroad proposing such increase or decrease. If the Commission finds that such allegations as to change or effect are substantially supported on the record, it shall take such steps as are necessary, either before or after such proposed increase or decrease becomes effective and either within or outside such proceeding, to investigate the lawfulness of such change or effect."

INVESTIGATION OF DISCRIMINATORY FREIGHT RATES FOR THE TRANSPORTATION OF RECYCLABLE OR RECYCLED MATERIALS

45 USC 793 note. SEC. 204. (a) INVESTIGATION.—The Commission, within 12 months after the date of enactment of this Act, and thereafter as appropriate, shall—

49 USC 1. (1) conduct an investigation of (A) the rate structure for the transportation, by common carriers by railroad subject to part I of the Interstate Commerce Act, of recyclable or recycled materials and competing virgin natural resource materials, and (B) the manner in which such rate structure has been affected by successive general rate increases approved by the Commission for such common carriers by railroad;

Public hearing. (2) determine, after a public hearing during which the burden of proof shall be upon such common carriers by railroad to show that such rate structure, as affected by rate increases applicable to the transportation of such competing materials, is just, reasonable, and nondiscriminatory, whether such rate structure is, in whole or in part, unjustly discriminatory or unreasonable;

(3) issue, in all cases in which such transportation rate structure is determined to be, in whole or in part, unjustly discriminatory or unreasonable, orders requiring the removal from such rate structure of such unreasonableness or unjust discrimination; and

Report to President and Congress. (4) report to the President and the Congress, in the annual report of the Commission for each of the 3 years following the date of enactment of this Act, and in such other reports as may be appropriate, all actions commenced or completed under this section to eliminate unreasonable and unjustly discriminatory rates for the transportation of recyclable or recycled materials.

(b) PARTICIPATION.—The Administrator of the Environmental Protection Agency shall take such steps as are necessary to assure that the Commission carries out the requirements set forth in subsection (a) of this section as expeditiously as possible. Such Administrator is authorized to participate as a party in the investigation to be commenced by the Commission under such subsection (a).

(c) RESEARCH, DEVELOPMENT, AND DEMONSTRATION.—The Secretary, in cooperation with the Commission, shall establish a research, development, and demonstration program to develop and improve transport terminal operations, transport service characteristics, transport equipment, and collection and processing methods for the purpose of facilitating the competitive and efficient transportation of recyclable or recycled materials by common carriers by railroad subject to part I of the Interstate Commerce Act.

(d) REVIEW.—Orders issued by the Commission pursuant to this section shall be subject to judicial review or enforcement in the same manner as other orders issued by the Commission under the Interstate Commerce Act. In all proceedings under this section, the Commission shall comply fully with the requirements of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.).

(e) DEFINITIONS.—As used in this section, the term—

(1) “recyclable material” means any material which has been collected or recovered from waste for a commercial or industrial use, whether or not such collection or recovery follows end usage as a product; and

(2) “virgin natural resource material” and “virgin material” mean any raw material, including previously unused metal or metal ore, woodpulp or pulpwood, textile fiber or material, or

other resource which is, or which will become (through the application of technology), a source of raw material for commercial or industrial use.

ADEQUATE REVENUE LEVELS

SEC. 205. Section 15a of the Interstate Commerce Act (49 U.S.C. 15a) is amended—

(1) by adding at the end of paragraph (2) and at the end of paragraph (3) the following new sentence: "This paragraph shall not apply to common carriers by railroad subject to this part."; and

(2) by redesignating paragraph (4) as paragraph (6), and by inserting immediately after paragraph (3) the following new paragraph:

"(4) With respect to common carriers by railroad, the Commission shall, within 24 months after the date of enactment of this paragraph, after notice and an opportunity for a hearing, develop and promulgate (and thereafter revise and maintain) reasonable standards and procedures for the establishment of revenue levels adequate under honest, economical, and efficient management to cover total operating expenses, including depreciation and obsolescence, plus a fair, reasonable, and economic profit or return (or both) on capital employed in the business. Such revenue levels should (a) provide a flow of net income plus depreciation adequate to support prudent capital outlays, assure the repayment of a reasonable level of debt, permit the raising of needed equity capital, and cover the effects of inflation and (b) insure retention and attraction of capital in amounts adequate to provide a sound transportation system in the United States. The Commission shall make an adequate and continuing effort to assist such carriers in attaining such revenue levels. No rate of a common carrier by railroad shall be held up to a particular level to protect the traffic of any other carrier or mode of transportation, unless the Commission finds that such rate reduces or would reduce the going concern value of the carrier charging the rate."

RATE INCENTIVES FOR CAPITAL INVESTMENT

SEC. 206. Section 15 of the Interstate Commerce Act (49 U.S.C. 15), as amended by section 202 of this Act, is amended by adding at the end thereof the following new paragraph:

"(19) Notwithstanding any other provision of law, a common carrier by railroad subject to this part may file with the Commission a notice of intention to file a schedule stating a new rate, fare, charge, classification, regulation, or practice whenever the implementation of the proposed schedule would require a total capital investment of \$1,000,000 or more, individually or collectively, by such carrier, or by a shipper, receiver, or agent thereof, or an interested third party. The filing shall be accompanied by a sworn affidavit setting forth in detail the anticipated capital investment upon which such filing is based. Any interested person may request the Commission to investigate the schedule proposed to be filed, and upon such request the Commission shall hold a hearing with respect to such schedule. Such hearing may be conducted without answer or other formal pleading, but reasonable notice shall be provided to interested parties. Unless, prior to the 180-day period following the filing of such notice of intention, the Commission determines, after a hearing, that the proposed schedule, or any part thereof, would be unlawful, such carrier may file the schedule at any time within 180 days thereafter to become effective after 30

days' notice. Such a schedule may not, for a period of 5 years after its effective date, be suspended or set aside as unlawful under section 2, 3, or 4 of this part, except that the Commission may at any time order such schedule to be revised to a level equaling the variable costs of providing the service, if the rate stated therein is found to reduce the going concern value of the carrier."

EXEMPTIONS FROM INTERSTATE COMMERCE ACT

SEC. 207. Paragraph (1) of section 12 of the Interstate Commerce Act (49 U.S.C. 12(i)) is amended by inserting "(a)" immediately before "The Commission" and by adding at the end thereof the following new subdivision:

Notice and
hearing.

"(b) Whenever the Commission determines, upon petition by the Secretary or an interested party or upon its own initiative, in matters relating to a common carrier by railroad subject to this part, after notice and reasonable opportunity for a hearing, that the application of the provisions of this part (i) to any person or class of persons, or (ii) to any services or transactions by reason of the limited scope of such services or transactions, is not necessary to effectuate the national transportation policy declared in this Act, would be an undue burden on such person or class of persons or on interstate and foreign commerce, and would serve little or no useful public purpose, it shall, by order, exempt such persons, class of persons, services, or transactions from such provisions to the extent and for such period of time as may be specified in such order. The Commission may, by order, revoke any such exemption whenever it finds, after notice and reasonable opportunity for a hearing, that the application of the provisions of this part to the exempted person, class of persons, services, or transactions, to the extent specified in such order, is necessary to effectuate the national transportation policy declared in this Act and to achieve effective regulation by the Commission, and would serve a useful public purpose."

(b) Part I of the Interstate Commerce Act is amended by inserting after section 5a thereof a new section 5b as follows:

49 USC 5c.

"SEC. 5b. (1) As used in this section, the term—

"(a) 'affiliate' means any person directly or indirectly controlling, controlled by, or under common control or ownership with, any other person, and as used in this subdivision, the term (i) 'control' has the same meaning as in section 1(3)(b) of this part; and (ii) 'ownership' refers to equity holdings of 5 per centum or more in any business entity;

"(b) 'antitrust laws' means the Act of July 2, 1890, as amended (15 U.S.C. 1, et seq.), the Act of October 15, 1914, as amended (15 U.S.C. 12, et seq.), the Federal Trade Commission Act (15 U.S.C. 41, et seq.), sections 73 and 74 of the Act of August 27, 1894, as amended (15 U.S.C. 8 and 9), and chapter 592 of the Act of June 19, 1936, as amended (15 U.S.C. 13, 13a, 13b, 21a); and

"(c) 'carrier' means any common carrier by railroad subject to part I of this Act.

“(2) Any carrier which is a party to an agreement, between or among two or more carriers, relating to rates, fares, classification, divisions, allowances, or charges (including charges between carriers and compensation paid or received for the use of facilities and equipment), or rules and regulations pertaining thereto, or procedures for the joint consideration, initiation, or establishment thereof, shall, under such rules and regulations as the Commission shall prescribe, apply to the Commission for approval of such agreement. The Commission shall, by order, approve any such agreement if approval thereof is not prohibited by paragraph (4) or (5) and if it finds that, by reason of furtherance of the national transportation policy declared in this Act, the relief provided in paragraph (8) should apply with respect to the making and carrying out of such agreement; otherwise the application shall be denied. No such approval shall be granted or continued (a) if any of the terms and conditions which are prescribed under the last sentence of this paragraph are violated or not complied with, or (b) unless the Commission receives a verified written statement (and any written supplement or addendum thereto requested by the Commission) setting forth, with respect to each carrier which is a party to such agreement (i) its name, (ii) the mailing address and telephone number of its headquarter's office, (iii) the names of each of its affiliates, (iv) the names, addresses, and affiliations of each of its officers and directors and of each person who, together with any affiliate, owns or controls any debt, equity, or security interest in it having a value of \$1,000,000 or more, and (v) such other information as the Commission directs to be included. The approval of the Commission shall be granted only upon such terms and conditions as the Commission determines are necessary to enable its approval to be granted in accordance with the standard set forth in this paragraph.

“(3) Each conference, bureau, committee, or other organization established or continued pursuant to any agreement approved by the Commission under the provisions of this section shall maintain such accounts, records, files, and memoranda and shall submit to the Commission such reports, as may be prescribed by the Commission. All such accounts, records, files, and memoranda shall be subject to inspection by the Commission or its duly authorized representatives. The Commission may conduct investigations, make reports, issue subpoenas, conduct hearings, require the production of relevant documents, records, and property, copy and verify the correctness of information subject to inspection, and take depositions (a) to determine whether any such conference, bureau, committee, or other organization, or any carrier which is a party to any such agreement, has acted or is acting in compliance with the provisions of this section, regulations issued under this section, and the public interest, (b) to determine whether any such organization or carrier is inhibiting an efficient utilization of transportation resources or has established practices which are inconsistent with efficient, flexible, and economic operation, and (c) for such other purposes as the Commission considers appropriate.

“(4) The Commission shall not approve under this section any agreement which it finds is an agreement with respect to a pooling, division, or other matter or transaction to which section 5 of this part is applicable.

“(5) (a) The Commission shall not approve under this section any agreement which establishes a procedure for the determination of any matter through joint consideration, unless it finds that under the agreement there is accorded to each party the free and unrestrained right to take independent action, without fear of any sanction or retal-

iatory action, at any time before or after any determination arrived at through such procedure. In no event shall any conference, bureau, committee, or other organization established or continued pursuant to any agreement approved by the Commission under the provisions of this section—

“(i) permit participation in agreements with respect to, or any voting on, single-line rates, allowances, or charges established by any carrier;

“(ii) permit any carrier to participate in agreements with respect to, or to vote on, rates, allowances, or charges relating to any particular interline movement, unless such carrier can practically participate in such movement; or

“(iii) permit, provide for, or establish any procedure for joint consideration or any joint action to protest or otherwise seek the suspension of any rate or classification filed by a carrier of the same mode pursuant to section 15(7) of this part where such rate or classification is established by independent action.

49 USC 15.

As used in clause (i) of this subdivision, a single-line rate, allowance, or charge is one that is proposed by a single carrier applicable only over its own line and as to which the service (exclusive of terminal services provided by switching, drayage, or other terminal carriers or agencies) can be performed by such carrier.

“(b) The limitations set forth in subdivision (a) shall not be applicable to—

“(i) general rate increases or decreases, if the agreements accord the shipping public, under specified procedures, adequate notice of at least 15 days of such proposals and an opportunity to present comments thereon, in writing or otherwise, prior to the filing with the Commission of the tariffs containing such increases or decreases, or

“(ii) broad tariff changes if such changes are of general application or substantially general application throughout a territory or territories within which such changes are to be applicable.

In any proceeding in which it is alleged that a carrier voted or agreed upon a rate, allowance, or charge, in violation of the provisions of this section, the party alleging such violation shall have the burden of showing that such vote or agreement occurred. A showing of parallel behavior is not, by itself, sufficient to satisfy such burden.

Investigation.

“(6) (a) The Commission is authorized, upon complaint or upon its own initiative without complaint, to investigate and determine whether any agreement previously approved by it under this section, or terms and conditions upon which such approval was granted, is not or are not in conformity with the standards set forth in paragraph (2) and with the public interest, and whether any such terms and conditions are necessary for purposes of conformity with such standard. After any such investigation the Commission shall, by order, terminate or modify its approval of such an agreement if it finds such action necessary to insure conformity with such standard, and shall modify the terms and conditions upon which such approval was granted to the extent it finds necessary to insure conformity with such standard or to the extent to which it finds such terms and conditions not necessary to insure such conformity. The effective date of any order terminating or modifying approval, or modifying terms and conditions, shall be postponed for such period as the Commission determines to be reasonably necessary to avoid undue hardship.

“(b) The Commission shall periodically, but not less than once every 3 years, review each agreement which the Commission has by order approved under this section to determine whether such agreement, or any conference, bureau, committee, or other organization established or continued pursuant to such agreement, still conforms with the standard set forth in paragraph (2) and the public interest, and to evaluate the success and effect upon the consuming public and the national rail freight transportation system of such agreement and organization. The Commission shall report to the President and to the Congress on the results of such reviews, as part of its annual report pursuant to section 21. If the Commission makes a determination that any such agreement or organization is no longer in conformity with such standard, the Commission shall by order terminate or suspend its approval thereof.

“(9) Any action of the Commission under this section (a) in approving an agreement, (b) in denying an application for such approval, (c) in terminating or modifying such approval, (d) in prescribing the terms and conditions upon which such approval is to be granted, or (e) in modifying such terms and conditions, shall be construed as having effect solely with reference to the applicability of the relief provisions of paragraph (8).

“(10) The Federal Trade Commission, in consultation with the Antitrust Division of the Department of Justice, shall periodically prepare an assessment of, and shall report to the Commission on (a) any possible anticompetitive features of (i) any agreements approved or submitted for approval under this section, and (ii) any conferences, bureaus, committees, or other organizations operating under such agreements, and (b) possible ways to eliminate or alleviate any such anticompetitive features, effects, or aspects in a manner that will further the goals of the national transportation policy and this Act. SEC. 210. Section 13 of the Interstate Commerce Act (49 U.S.C. 13) is amended by striking out “: *Provided, That*” and all that follows through “hearing and decision therein” in paragraph (4) thereof, and by adding at the end thereof the following new paragraph:

“(5) The Commission shall have exclusive authority, upon application to it, to determine and prescribe intrastate rates if—

“(a) a carrier by railroad has filed with an appropriate administrative or regulatory body of a State, a change in an intrastate rate, fare, or charge, or a change in a classification, regulation, or practice that has the effect of changing such a rate, fare, or charge, for the purpose of adjusting such rate, fare, or charge to the rate charged on similar traffic moving in interstate or foreign commerce; and

Upon the filing of such an application, the Commission shall determine and prescribe, according to the standards set forth in paragraph (4) of this section, the rate thereafter to be charged. SEC. 211. Section 1(6) of the Interstate Commerce Act (49 U.S.C. 1(6)) is amended by inserting at the end thereof the following new sentence: “Demurrage charges shall be computed, and rules and regulations relating to such charges shall be established, in such a manner as to fulfill the national needs with respect to (a) freight car utilization and distribution, and (b) maintenance of an adequate freight car supply available for transportation of property.”.

CAR SERVICE COMPENSATION AND PRACTICES

Notice and hearing. Rules and regulations.

SEC. 212. (a) Section 1(14)(a) of the Interstate Commerce Act (49 U.S.C. 1(14)(a)) is amended to read as follows:

“(14)(a) It is the intent of the Congress to encourage the purchase, acquisition, and efficient utilization of freight cars. In order to carry out such intent, the Commission may, upon complaint of an interested party or upon its own initiative without complaint, and after notice and an opportunity for a hearing, establish reasonable rules, regulations, and practices with respect to car service by common carriers by railroad subject to this part, including (i) the compensation to be paid for the use of any locomotive, freight car, or other vehicle, (ii) the other terms of any contract, agreement, or arrangement for the use of any locomotive or other vehicle not owned by the carrier by which it is used (and whether or not owned by another carrier, shipper, or third party), and (iii) the penalties or other sanctions for nonobservance of

such rules, regulations, or practices. In determining the rates of compensation to be paid for each type of freight car, the Commission shall give consideration to the transportation use of each type of freight car, to the national level of ownership of each such type of freight car, and to other factors affecting the adequacy of the national freight car supply. Such compensation shall be fixed on the basis of the elements of ownership expense involved in owning and maintaining each such type of freight car, including a fair return on the cost of such type of freight car (giving due consideration to current costs of capital, repairs, materials, parts, and labor). Such compensation may be increased by any incentive element which will, in the judgment of the Commission, provide just and reasonable compensation to freight car owners, contribute to sound car service practices (including efficient utilization and distribution of cars), and encourage the acquisition and maintenance of a car supply adequate to meet the needs of commerce and the national defense. The Commission shall not make any incentive element applicable to any type of freight car if the Commission finds that the supply of such type of freight car is adequate. The Commission may exempt such incentive element from the compensation to be paid by any carrier or group of carriers if the Commission finds that such an exemption is in the national interest."

(b) The Commission shall, within 18 months after the date of enactment of this Act, revise its rules, regulations, and practices with respect to car service, in accordance with the amendment made by subsection (a) of this section.

"(15) Whenever the Committee on Interstate and Foreign Commerce of the House of Representatives or the Committee on Commerce of the Senate makes a written request for documents which are in the possession or under the control of the Commission and which relate to any matter involving a common carrier by railroad subject to this part, the Commission shall, within 10 days after the date of receipt of such request, submit such documents (or copies thereof) to such committee, or submit a report in writing to such committee stating the reason why such documents have not been so submitted, and the anticipated date on which they will be submitted. If the Commission transfers any document in its possession or under its control to any other agency or to any person, it shall condition such transfer on the guaranteed return by the transferee of such document to the Commission for purposes of complying with the preceding sentence. This paragraph shall not apply to documents which have been obtained by the Commission from persons subject to regulation by the Commission, and which contain trade secrets or commercial or financial information of a privileged or confidential nature. This paragraph shall not be deemed to restrict any other authority of either House of Congress, or any committee or subcommittee thereof, to obtain documents. For purposes of this paragraph, the term 'document' means any book, paper, correspondence, memorandum, or other record, or any copy thereof."

"Document."

EFFECTIVE DATE OF ORDERS OF THE COMMISSION

SEC. 302. Section 15(2) of the Interstate Commerce Act (49 U.S.C. 15(2)), is amended by striking out “, not less than thirty days, and shall”, and inserting in lieu thereof “as the Commission may prescribe. Such orders shall”.

COMMISSION HEARING AND APPELLATE PROCEDURE

SEC. 303. (a) Section 17 of the Interstate Commerce Act (49 U.S.C. 17) is amended by redesignating paragraphs (9) through (12) thereof as paragraphs (10) through (13) thereof, respectively, and by inserting therein the following new paragraph (9):

“Hearing.”

“(9) (a) Whenever the term ‘hearing’ is used in this part, such term shall be construed to include an opportunity for the submission of all evidence in written form, followed by an opportunity for briefs, written statements, or conferences of the parties, such conferences to be chaired by a division, an individual Commissioner, an administrative law judge, an employee board, or any other designated employee of the Commission.

“(b) With respect to any matter involving a common carrier by railroad subject to this part, whenever the Commission assigns the initial disposition to any of such matter before the Commission to an administrative law judge, individual Commissioner, employee board, or division or panel of the Commission, such judge, Commissioner, board, division, or panel shall—

“(i) complete all evidentiary proceedings with respect to such matter within 180 days after its assignment; and

“(ii) with respect to any matter so assigned which involves written submissions or the taking of testimony at a public hearing, submit in writing to the Commission, within 120 days after the completion of all evidentiary proceedings, an initial decision, report, or order containing—

“(A) specific findings of fact;

“(B) specific and separate conclusions of law;

“(C) a recommended order; and

“(D) any justification in support of such findings of fact, conclusions of law, and order.

The Commission, or a duly designated division thereof, may, in its discretion, void any requirement for an initial decision, report, or order, and, in appropriate cases, may direct that any matter shall be considered forthwith by the Commission or such division, if it concludes that the matter involves a question of agency policy, a new or novel issue of law, or an issue of general transportation importance, or if the due and timely execution of its functions so requires. Whenever an initial decision, report, or order is submitted, copies thereof shall be served upon interested parties. Any such party may file an appeal with the Commission, with respect to such initial decision or report. If no such appeal is filed within 20 days after such service, or within such further period (not to exceed 20 days) as the Commission, or a duly designated division thereof, may authorize, the order set forth in such initial decision or report shall become the order of the Commission and shall become effective unless, within such period, the order shall have been stayed or postponed by the Commission pursuant to subdivision (d) or (e).

Review.

“(c) The Commission, or a duly designated division thereof, may, upon its own initiative, and shall, in any case in which an appeal is filed under subdivision (b), review the matter upon the same record or

upon the basis of a further hearing. Any such appeal shall be considered and acted upon by the Commission, or a duly designated division thereof, within 180 days after the date on which such appeal is filed. Any such decision, report, or order shall be stayed pending the determination of such appeal. Such a review shall be conducted in accordance with section 557 of title 5, United States Code, and such rules (limiting and defining the issues and pleadings upon review) as the Commission may adopt in conformance with section 557(b) of such title 5. The Commission may, in its discretion and on such terms and conditions as it may prescribe, authorize duly designated employee boards to perform functions under this paragraph of the same character as those which may be performed by a duly designated division of the Commission (other than the decision of any appeal under this paragraph which may be further appealed to the Commission).

“(d) Any decision, order, or requirement of the Commission, or of a duly designated division thereof, shall become effective 30 days after it is served on the parties thereto, unless the Commission provides for such decision, order, or requirement, or any applicable rule, to become effective at an earlier date. Any interested party to a decision, order or requirement of a duly designated division of the Commission may petition the Commission for rehearing, reargument, or other reconsideration, subject to such rules and limitations as the Commission may establish. If the Commission finds that a decision, order, or requirement presents a matter of general transportation importance, or if it finds that clear and convincing new evidence has been presented or that changed circumstances exist which would materially affect such decision, order, or requirement, the Commission may reconsider such decision, order, or requirement, and it may, in its discretion, stay the effective date of such decision, order, or requirement. If the Commission reconsiders a decision, order, or requirement, it must complete the process and issue its final order not more than 120 days after the date on which it grants the application for reconsideration.

“(e) The Commission may, in its discretion, extend any time period set forth in this section for a period of not more than 90 days, if a majority of the Commissioners, by public vote, agree to such extension. The Commission shall submit an annual report in writing to each House of Congress setting forth each extension granted pursuant to this subdivision (classified by the type of proceeding involved), and stating the reasons for each such extension and the duration thereof.

Report to
Congress.

“(f) In extraordinary situations in which an extension granted pursuant to subdivision (e) is not sufficient to allow for completion of necessary proceedings, the Commission may, in its discretion, grant a further extension if—

“(i) not less than 7 of the Commissioners, by public vote, agree to such further extension; and

“(ii) not less than 15 days prior to expiration of the extension granted pursuant to subdivision (e), the Commission reports in writing to the Congress that such further extension has been granted, together with—

“(A) a full explanation of the reasons for such further extension;

“(B) the anticipated duration of such further extension;

“(C) the issues involved in the matter before the Commission; and

“(D) the names of personnel of the Commission working on such matter.

“(g) The Commission may, at any time upon its own initiative, on grounds of material error, new evidence, or substantially changed circumstances—

“(i) reopen any proceeding;

“(ii) grant rehearing, reargument, or reconsideration with respect to any decision, order, or requirement; and

“(iii) reverse, modify, or change any decision, order, or requirement.

Rules.

The Commission may establish rules allowing interested parties to petition for leave to request reopening and reconsideration based upon material error, new evidence, or substantially changed circumstances.

“(h) Notwithstanding any other provision of this Act, any decision, order, or requirement of the Commission, or of a duly designated division thereof, shall be final on the date on which it is served. A civil action to enforce, enjoin, suspend, or set aside such a decision, order, or requirement, in whole or in part, may be brought after such date in a court of the United States pursuant to the provisions of law which are applicable to suits to enforce, enjoin, suspend, or set aside orders of the Commission.

“(i) Notwithstanding the provisions of paragraphs (5), (6), (7), and (8), the provisions of this paragraph shall govern the disposition of, and shall apply only to, any matter before the Commission which involves a common carrier by railroad subject to this part, except that the provisions of other sections of this part pertaining to deadlines in Commission proceedings shall govern to the extent that they are inconsistent with the provisions pertaining to deadlines contained in this paragraph.

“(j) Reports in writing and other written statement (including, but not limited to, any report, order, decision and order, vote, notice, letter, policy statement, rule, or regulation) of any official action of the Commission (whether such action is taken by the Commission, a division thereof, any other group of Commissioners, a single Commissioner, an employee board, an administrative law judge, or any other individual or group of individuals who are authorized to take any official action on behalf of the Commission) shall indicate (i) the official designation of the individual or group taking such action (ii) the name of each individual taking, or participating in taking, such action, and (iii) the vote or position of each such participating individual. If any individual who is officially designated as a member of a group which takes any such action does not participate in such action, the written statement of such action shall indicate that such individual did not participate. Each individual who participates in taking any such action shall have the right to express his individual views as part of the written statement of such action. The written statement of any such action shall be made available to the public in accordance with Federal law.”

(b) Section 17 of the Interstate Commerce Act is amended by inserting therein a new paragraph (14) as follows:

“(14) (a) Any formal investigative proceeding with respect to a common carrier by railroad which is instituted by the Commission after the date of enactment of this subdivision shall be concluded by the Commission with administrative finality within 3 years after the date on which such proceeding is instituted. Any such proceeding which is not so concluded by such date shall automatically be dismissed.

“(b) Within 1 year after the date of enactment of this subdivision, the Commission shall conclude or terminate, with administrative finality, any formal investigative proceeding with respect to a common carrier by railroad which was instituted by the Commission on its own

initiative and which has been pending before the Commission for a period of 3 or more years following the date of the order which instituted such proceeding.”.

49 USC 26c.

"SEC. 28. SEC. 503. (a) **TRAFFIC DENSITY ANALYSIS.**—Within 90 days after the date of enactment of this Act, each railroad designated by the Commission as a class I railroad shall prepare and submit to the Secretary a full and complete analysis of the rail system operated by it. Such analysis shall indicate the traffic density for the preceding 5 calendar years on each of the main and branch rail lines of the railroad submitting such analysis. The requirements of the two preceding sentences shall not apply to any railroad subject to reorganization pursuant to the Regional Rail Reorganization Act of 1973.

(b) **PRELIMINARY STANDARDS AND DESIGNATIONS.**—Within 180 days after the date of enactment of this Act, the Secretary shall develop and publish—

45 USC 701 note.

(1) the preliminary standards for classification, in at least 3 categories, of main and branch rail lines according to the degree to which they are essential to the rail transportation system; and

(2) the preliminary designations with respect to each main and branch rail line, in accordance with such standards for classification.

The classification of rail lines for purposes of this subsection shall be based on the level of usage measured in gross-ton-miles, the contribution to the economic viability of the railroad which controls such lines, and the contribution of such lines to the probable economic viability of any other railroads which participate in the traffic originating on such lines. In determining “level of usage” and “probable economic viability”, for purposes of such classification, the Secretary shall take into account operational service and other appropriate factors, and he may make reasonable allowance for differences in operation among individual railroads or groups of railroads.

(c) **PUBLIC HEARINGS.**—Commencing 30 days after the date of publication of the standards and designations required under subsection (b) of this section, the Office shall conduct public hearings, at representative locations, to solicit comments and receive views on the preliminary standards for classification and on the preliminary designations. The Office shall give notice of the date, time, and place of each such hearing, and such notices shall be designed and placed in such manner that all interested parties will have a full and fair opportunity to be heard.

Notice.

(d) **REPORT BY OFFICE.**—Within 120 days after the date of publication of the standards and designations required under subsection (b) of this section, the Office shall submit a report to the Secretary containing its conclusions and recommendations with respect to such preliminary standards for classification and such preliminary designations. This report shall be based on the record which was developed by the Office during the hearings under subsection (c) of this section, as supplemented by such studies as may be undertaken by the Office.

(e) **FINAL STANDARDS AND DESIGNATIONS.**—Within 60 days after the date of receipt of the report required under subsection (d) of this section, the Secretary, with the cooperation and assistance of the Office, shall, after giving due consideration to such report, prepare and publish—

(1) the final standards for classification of main and branch rail lines; and

(2) the final designations with respect to each main and branch rail line, in accordance with such standards for classification, including findings to support any material change which is made in a final designation from the corresponding preliminary designation.

45 USC 824.

SEC. 504. (a) DEFERRED MAINTENANCE STATEMENT.—Within 180 days after the date of enactment of this Act, each railroad designated by the Commission as a class I railroad (other than a railroad subject to reorganization pursuant to the Regional Rail Reorganization Act of 1973) shall prepare and submit to the Secretary a full and complete statement (1) of such railroad's deferred maintenance and delayed capital expenditures, as of December 31, 1975, and (2) of the projected amounts of appropriate maintenance to be performed and capital expenditures to be made for such railroad's facilities, during each of the years from 1976 through 1985. Each railroad shall submit such additional information as may be required from it by the Secretary, in connection with his duties under section 503 of this title or under this section, prior to July 1, 1977, including the projected sources of and uses for the funds required by such railroad for such projected program.

45 USC 701 note.

(b) **PRELIMINARY FINANCING RECOMMENDATIONS.**—Within 360 days after the date of enactment of this Act, the Secretary, after giving due consideration to (1) the final designations under section 503(e) of this title, (2) the information furnished under subsection (a) of this section, and (3) any other relevant information, shall develop, publish, and transmit—

(A) to the Congress, preliminary recommendations as to the amount and type of carrier equity and other financing to be effected through the Fund, or through any other funding mechanism, recommended by the Secretary, based upon his view of the rail industry's facilities rehabilitation and improvement needs, as projected through December 31, 1985; and

(B) to the Congress and to the Secretary of the Treasury, preliminary recommendations as to the means by which the Federal share, if any, of such equity and other financing should be provided.

In preparing such recommendations, the Secretary shall specifically consider and evaluate the public benefits and costs which would result from public ownership of railroad rights-of-way.

(c) **EVALUATION.**—Within 90 days after the date of publication of the Secretary's preliminary recommendations under subsection (b) of this section, the Secretary of the Treasury shall publish and transmit to the Secretary and to the Congress his evaluation thereof and any recommendations with respect to the matters referred to in subsection (b) (3) (B) of this section.

REHABILITATION AND IMPROVEMENT FINANCING

SEC. 505. (a) **TIMING.**—Any railroad may apply to the Secretary following the date of enactment of this Act, in accordance with regulations promulgated by the Secretary— 45 USC 825.

(1) for such financial assistance as may be approved by the Secretary; and

(2) for financial assistance for facilities rehabilitation and improvement financing, except that the Secretary shall not act finally on any such application until the date of publication of the final standards and designations under section 503(e) of this title.

(b) **APPLICATION AND DETERMINATION.**—(1) Each application for facilities rehabilitation and improvement financing shall set forth—

(A) a description of the proposed facilities rehabilitation and improvement project for which such railroad is seeking financial assistance, and of the current physical condition of such facilities;

(B) the classification of each main and branch rail line included in such project, as determined in accordance with the final standards and designations under section 503(e) of this title;

(C) the track standard under which each such line has been and is being operated and the reasons therefor, and the safety standards and signal requirements necessary under such standard to prevent loss of life and serious accident or injury at grade crossings;

(D) the track standard necessary, in the judgment of such railroad, to provide reliable and competitive freight service (and passenger service, where applicable) over each such line, together with such railroad's recommendations as to (i) the most economical method of improving the physical condition of each such line to meet such track standard, (ii) the cost of providing adequate safety standards and signals, and (iii) an economic analysis of the cost of such improvements in condition and in safety standards and signals;

(E) such railroad's estimate as to the cost of labor and materials, and the date of completion, and its opinion as to the priority to be accorded such portions of the proposed project as are reasonably divisible;

(F) the amount and kind of Federal financial assistance required by such railroad in order to complete the proposed project; and

(G) such other information as the Secretary shall by regulation require to assist him in evaluating such application in accordance with this section or for carrying out the purposes of this title.

(2) The Secretary shall act upon each such application within 6 months after the date on which all required information is received, except as otherwise provided in subsection (a)(2) of this section. The Secretary may approve any such application if he determines that providing the requested financial assistance is in the public interest. When making such a determination, the Secretary shall consider (A) the availability of funds from other sources at a cost which is reasonable under principles of prudent railroad financial management in light of the railroad's projected rate of return for the project to be financed, (B) the interest of the public in supplementing such other

funds as may be available in order to increase the total amount of funds available for railroad financing, and (C) the public benefits to be realized from the project to be financed in relation to the public costs of such financing and whether the proposed project will return public benefits sufficient to justify such public costs. The Secretary, in granting financial assistance to any applicant, shall assign the highest priority, among applications for assistance which would return equal public benefits, to applications for assistance for providing safety improvements and signals, including underpasses or overpasses at railroad crossings at which injury or loss of life has frequently occurred or is likely to occur.

(c) **FINANCING AGREEMENT.**—Upon the approval of an application for financial assistance under this section, the Secretary shall promptly enter into an agreement with such railroad to provide financing in such amounts and at such times as is sufficient, in the judgment of the Secretary, to meet the reasonable cost, in whole or in part, of the facilities rehabilitation and improvement project which has been approved, in whole or in part. Each such agreement shall include such terms and conditions as are necessary or appropriate, in the judgment of the Secretary, to assure that the financing will be used only in the manner, and for the purposes, approved by the Secretary.

11 USC 205.

(d) **AUTHORIZATION.**—(1) In the case of a railroad other than a railroad in reorganization under section 77 of the Bankruptcy Act, financing pursuant to this section shall be in the form of purchase by the Secretary of redeemable preference shares at par. Such shares shall be specifically issued for such purpose in accordance with the terms and conditions set forth in section 506 of this title.

(2) (A) In the case of a railroad in reorganization under section 77 of the Bankruptcy Act, the Secretary, in order to provide financing pursuant to this section, may agree to purchase redeemable preference shares of such railroad at par as part of a plan of reorganization of such railroad approved by the court having jurisdiction over the reorganization of such railroad. Such shares shall be specifically issued in accordance with the terms and conditions set forth in section 506 of this title.

(B) The Secretary, in order to provide financing pursuant to this section, may also purchase certificates issued under section 77(c)(3) of the Bankruptcy Act by a trustee of a railroad in reorganization and approved by the reorganization court, under such terms and conditions as may be approved by the Secretary and the reorganization court. In purchasing such trustee certificates or at any time thereafter, the Secretary may agree with the trustee of such railroad in reorganization, subject to the approval of the reorganization court, to exchange such certificates for redeemable preference shares issued, in accordance with the terms and conditions set forth in section 506 of this title, in connection with a plan of reorganization approved by the reorganization court. No certificate shall be purchased under this section unless and until the Secretary makes a finding in writing that—

(i) such certificates cannot otherwise be sold at a reasonable rate of interest;

(ii) the project to be financed can reasonably be expected to be maintained as part of a financially self-sustaining railroad system; and

(iii) the probable value of the assets of the railroad in the event of liquidation provides reasonable protection to the United States.

(3) The total par value of the redeemable preference shares and the amount of trustee certificates which the Secretary may purchase from the proceeds received from the issuance and sale of Fund anticipation

notes shall not exceed \$600,000,000. Not more than \$100,000,000 of such proceeds may be used to purchase trustee certificates.

(e) **FUTURE PURCHASES OF REDEEMABLE PREFERENCE SHARES.**—The total par value of the redeemable preference shares which the Secretary may purchase under this title after September 30, 1978, shall be determined by the Congress following the receipt by the Congress of the Secretary's recommendations as to the scope and sources of funding of the Fund or any recommended alternative financing mechanism, as submitted pursuant to section 504 of this title, except that—

(1) the amount of the Secretary's investment in redeemable preference shares in any fiscal year (out of proceeds other than those derived through the issuance and sale of Fund anticipation notes) shall not, when added to the amount of his prior investment in such shares, exceed 200 percent of the aggregate principal amount of the Fund bonds which (A) have been issued by the Secretary prior to such fiscal year, and (B) are projected to be issued by the Secretary through the end of such fiscal year; and

(2) neither redemptions of Fund bonds nor their payment at scheduled maturity shall have any bearing on the limitation in paragraph (1) of this subsection.

REDEEMABLE PREFERENCE SHARES

SEC. 506. (a) CHARACTERISTICS.—The redeemable preference shares acquired by the Secretary pursuant to section 505(d) of this title are securities which are issued by a railroad for the purpose of obtaining financing under this title. Each such redeemable preference share—

45 USC 826.

(1) shall be nonvoting and shall have a par value of \$10.000;

(2) shall be senior in right (i) to all common stock of the issuing railroad, whenever issued, (ii) to any previously issued preferred stock where such seniority does not mitigate any rights of the holders of such stock accorded by the terms and conditions of such stock, and (iii) to any subsequently issued preferred stock, with respect to dividend and redemption payments and in case of liquidation or dissolution of such railroad, but shall be otherwise subordinate in such matters to any of such railroad's previously issued and outstanding securities which rank ahead of its common stock and shall be subordinate to all securities other than common stock received in exchange as a part of a court approved reorganization plan under section 77 of the Bankruptcy Act (11 U.S.C. 205) approved after the date of enactment of this sentence for previously incurred senior debt or previously issued and outstanding securities which ranked ahead of its common stock;

(3) shall accrue dividends, commencing on the 10th anniversary date of the date of its original issuance, at such rate as shall be fixed by the Secretary for each issuance prior to the issuance thereof and which, when added to the amount of the mandatory redemption payments under subparagraph (4) of this paragraph, shall return to the Fund not less than 150 percent of the aggregate par value thereof, over the scheduled life of the issue and in annual payments which shall be as nearly equal as practicable; and

(4) shall be subject to mandatory redemption, at par, commencing not earlier than the 6th and not later than the 11th (as determined by the Secretary for each issuance) anniversary date of the date of its original issuance, in annual amounts which shall, over the period ending (as determined by the Secretary for

each issuance) not later than the 30th anniversary date of the date of its original issuance, aggregate the total par value of such share.

(b) **DEPOSIT.**—All redeemable preference shares which are acquired by the Secretary pursuant to section 505(d) of this title shall, upon such acquisition, be deposited in the Fund.

(c) **OVERDUE PAYMENTS.**—Whenever any dividend or redemption payment which is due on redeemable preference shares issued by any railroad remains unpaid for a period of 4 months, the Secretary shall be entitled to appoint two members to the Board of Directors of such railroad. The term of office of such members shall not extend beyond the period during which such dividend or redemption payments remains unpaid.

FUND ANTICIPATION NOTES

45 USC 827.

SEC. 507. (a) GENERAL.—The Secretary shall, until September 30, 1978, issue and sell, and the Secretary of the Treasury until such date shall, to the extent of appropriated funds, purchase Fund anticipation notes in an aggregate principal amount of not more than \$600,000,000, in order to provide financial assistance to railroads for such financing needs as the Secretary approves.

(b) **TERMS OF ISSUE.**—Fund anticipation notes shall be issued in denominations of \$100,000 (or any integral multiple thereof), upon such terms and conditions, with such maturities, such rates of interest, if any, and such redemption premiums, if any, as the Secretary in his sole discretion may determine. The date of maturity of each Fund anticipation note may not exceed 7 years from the date of its issuance.

(c) **REDEMPTION.**—If the Congress, following its receipt of the recommendations of the Secretary pursuant to section 504(d) of this title (with respect to the amount of facilities rehabilitation and improvement financing which should be effected through the Fund and the method of long-term public sector funding therefor) authorizes the issuance of Fund bonds, the Secretary shall redeem the Fund anticipation notes then outstanding, in such manner, and over such period of time, as the Secretary shall determine, from the proceeds of the sale of such Fund bonds and from such other public sector moneys as have been appropriated to the Fund.

(d) **REMITTANCE AND TERMINATION.**—If the Congress does not, on or before September 30, 1978, enact legislation of the type referred to in subsection (c) of this section, the Secretary shall hold in trust all redeemable preference shares issued by railroads which are held in the Fund, and the Fund shall thereupon terminate.

FUND BONDS

45 USC 828.

SEC. 508. (a) ISSUANCE.—The Secretary may, following enactment of the legislation referred to in section 507(c) of this title, issue Fund bonds in denominations of \$100,000 (or any integral multiple thereof), in such total amounts as may be authorized by the Congress. No Fund bonds—

(1) shall be issued which mature in less than 8, or more than 15, years from the date of original issuance thereof;

(2) shall be issued later than the 10th anniversary of the date of publication of the final standards and designations under section 503(e) of this title; and

(3) shall, except as otherwise provided pursuant to subsections (d), (6) and (g) of this section, be subject to redemption (at the option of the Secretary) (A) at any time prior to the 10th anni-

versary of the date of original issuance thereof, and (B) at any time thereafter.

(b) **PLEDGE AND LIEN.**—The Secretary, subject to sections 502(g) and 508(g) of this title, shall impose a first pledge of, and a first lien on, all revenues payable to, and assets held in, the Fund, and appropriated for the use of the Secretary pursuant to this title. The Secretary may impose such a pledge of and lien on all other revenues or property of the Fund. The purpose of any such pledge and lien shall be to secure the payment, when due, of the principal of, any redemption premiums on, and any interest on, all Fund anticipation notes and Fund bonds, and for other purposes incidental thereto. Such incidental purposes may include the creation of reserve and other funds which may be similarly pledged and used, to such extent and in such manner as the Secretary deems necessary or desirable. Any pledge made by the Secretary shall be valid and binding from the time it is made. The revenues and assets held in the Fund, and the revenues or property of the Fund which are so pledged and which are subsequently received by the Fund, shall immediately be subject to the lien of such pledge without any physical delivery thereof or any further act. The lien of any such pledge shall be valid and binding as against all parties having claims of any kind, in tort, contract, or otherwise, against the Secretary or the Fund, without regard to whether such parties have notice thereof. No instrument by which a pledge is created need be recorded or filed to protect such pledge.

(c) **ENHANCEMENT OF MARKETABILITY.**—The Secretary may enter into binding covenants with the holders of Fund bonds, and with the trustee, if any, under any agreement entered into in connection with the issuance of such bonds with respect to (1) the establishment of reserves, and other funds; (2) stipulations concerning the subsequent issuance of obligations; and (3) such other matters as the Secretary deems necessary or desirable to enhance the marketability of Fund bonds.

(d) **SPECIFIC DETERMINATIONS.**—Subject to subsection (a) of this section, the Secretary may determine, with respect to Fund bonds—

- (1) the form and denominations in which they shall be issued;
- (2) the time when they shall be sold, and in what amounts;
- (3) the time when they shall mature;
- (4) the price thereof at sale;
- (5) the rate of interest thereon;
- (6) whether, and in what manner, they may be redeemed prior to the date when they mature; and
- (7) whether they shall be negotiable or nonnegotiable and whether they shall be bearer or registered instruments, and any indentures or covenants relating thereto.

(e) **CHARACTERISTICS.**—Fund bonds issued by the Secretary under this section shall—

- (1) contain a recital that they are issued under this section, which shall be conclusive evidence as to the validity and regularity of issuance and sale of such Fund bonds;
 - (2) be subject to such other terms and conditions as the Secretary may, by the resolution authorizing their issuance, determine;
 - (3) be lawful investments and may be accepted as security for all fiduciary, trust, and public funds, the investment or deposit of which shall be under the authority or control of any officer or agency of the United States;
 - (4) not be exempted from Federal, State, and local taxation;
- and

(5) not be debts or enforceable general obligations of, nor shall payment of the principal thereof or interest thereon be guaranteed by, the United States. Neither the full faith and credit, nor the general taxing power, of the Federal Government shall be pledged to the payment of the principal of, any premium on, or interest on, such Fund bonds.

(f) **NO PERSONAL LIABILITY.**—Neither the Secretary, nor any other individual, who executes any Fund anticipation notes or Fund bonds, shall be subject to any personal liability or accountability by reason of the issuance of any such notes or bonds.

(g) **REDEMPTION AND TRANSFER.**—If, after the 10th anniversary date of the original issuance of the initial series of Fund bonds, the amount in the Fund, exclusive of the value of any redeemable preference shares held by the Fund, exceeds 250 percent of the amount required to satisfy amounts due in the succeeding fiscal year on account of Fund bonds, the Secretary may use such excess to redeem Fund bonds in accordance with their terms or may withdraw all or part of such excess from the Fund and transfer it to the general fund of the United States. When all Fund bonds have been redeemed, all amounts remaining in the Fund or thereafter accruing to it shall be transferred to the general fund of the United States, except to the extent necessary to cover such expenses of the Fund as may be required to carry on and complete any remaining responsibilities.

(h) **PURCHASE BY SECRETARY.**—The Secretary, subject to such agreements with holders of Fund bonds as may then exist, is authorized (out of any funds available) to purchase Fund anticipation notes or Fund bonds. Upon any such purchase, such bonds and notes shall be canceled.

No money in the Fund, regardless of source, shall be obligated, expended, or otherwise committed to any purpose from the Fund prior to or after September 30, 1978, without prior approval thereof in an annual appropriations Act. The Fund shall not qualify as one of the exceptions provided in section 401(d) of the Congressional Budget and Impoundment Control Act of 1974 (31 U.S.C. 1351(d)).

45 USC 831.

tion or the date of disbursement of such obligation, if the proceeds of such obligation shall be or have been used to acquire or to rehabilitate and improve facilities or equipment. Each guarantee of such an obligation shall be made in accordance with the provisions of sections 511 through 513 of this title and such rules as the Secretary may prescribe to protect reasonably the interest of the United States. Each application for the guarantee of such an obligation or for a commitment to guarantee such an obligation shall be made in writing to the Secretary in such form and with such content as the Secretary prescribes. Such application shall be granted, in whole or in part, if the Secretary determines that the proposed, negotiated, or executed obligation is eligible for such guarantee. Each such guarantee or commitment to guarantee shall be extended in such form, under such terms and conditions, and pursuant to such regulations as the Secretary deems appropriate, consistent with the purposes of this title. Such a guarantee or commitment to guarantee shall inure to the benefit of the holder of the obligation to which such guarantee or commitment to guarantee applies.

(c) **VALUATION.**—Before granting any application for a guarantee or a commitment to guarantee any obligation, the Secretary shall make a determination of the value of the facilities or equipment which are or will be financed or refinanced by such obligation. Such determination of value shall be conclusive and not subject to review in any court.

(d) **MODIFICATIONS.**—The Secretary may approve any modification of any provision of a guarantee, or of a commitment to guarantee an obligation, including the rate of interest, time of payment of interest or principal, security, or any other terms and conditions, if the Secretary makes a finding in writing that such modification is equitable and is in the overall best interests of the United States under this title, and that the holder of such obligation consents to such modification.

(e) **EXTENT OF AUTHORITY.**—(1) The aggregate unpaid principal amounts of obligations which may be guaranteed by the Secretary under this section shall not exceed \$1,000,000,000 at any one time, of which not to exceed \$150,000,000 may be guaranteed for the purposes described in paragraph (2) of this subsection.

(2) Obligations may be guaranteed for the purpose of improving rail properties designated in the final system plan pursuant to section 206(c)(1)(C) of the Regional Rail Reorganization Act of 1973 (45 U.S.C. 716(c)(1)(C)), if the proceeds of such obligations shall be or have been used to acquire or rehabilitate and improve facilities or equipment in a manner that returns the most public benefits for the costs involved.

(f) **RATE OF INTEREST.**—The rate of interest (exclusive of premium charges for a guarantee and service fees) which shall be paid on the unpaid principal balance of each obligation guaranteed by the Secretary under this section, shall not exceed an annual percentage rate which the Secretary determines to be reasonable, taking into consideration the prevailing interest rates for similar obligations in the private market.

Publication in
Federal Register.

(g) NOTICE.—Upon receipt of an application for the guarantee of an obligation under this section, the Secretary shall cause a notice of such application to be published in the Federal Register and shall invite and afford interested persons an opportunity to submit comments on such application.

(h) PREQUISITES FOR GUARANTEES.—No obligation shall be guaranteed and no commitment shall be made to guarantee any obligation under this section, unless and until the Secretary makes a finding in writing that—

(1) an obligation for equipment acquisition, rehabilitation, or improvement is secured by the particular equipment which is to be financed or refinanced by such obligation;

(2) payment of the obligation is required by its terms to be made within 25 years from the date of its execution;

(3) the financing or refinancing is justified by the present and probable future demand for rail services to be rendered by the applicant and will serve to meet demonstrable needs for rail services and to provide shippers with improved service;

(4) the applicant has given reasonable assurances that the facilities or equipment to be acquired, rehabilitated, or improved with the proceeds of the obligation will be economically and efficiently utilized;

(5) the probable value of any equipment or facilities to be improved, rehabilitated, or acquired is sufficient to provide the United States with reasonable security and protection in the event of default by the obligor, in the case of repossession by the holder of the obligation or in the case of possession or purchase by the Secretary; and

(6) the transaction will result in an improvement in the ability of any affected railroad to transport passengers or freight.

(i) GENERAL REQUIREMENT.—The recipients of any guarantees of, or of any commitments to guarantee, an obligation under this section, shall, consistent with their capital resources, maintain their facilities, on a continuing basis, in accordance with standards promulgated under this subsection. The Secretary shall assure compliance with this requirement by regular periodic inspection.

Periodic
inspection.

(j) CONDITIONS OF GUARANTEES.—No guarantee of, and no commitment to guarantee, an obligation may be granted, approved, or extended under this section, unless the obligor first agrees in writing that so long as any principal or interest is due and payable on such obligation—

(2) the obligor will not use assets or revenues (other than cash) related to or derived from railroad operations in nonrailroad enterprises, without prior approval in writing from the Secretary; and

(3) the obligor will take all reasonable and practicable steps possible, in accordance with such guidelines as may be established by the Secretary, to improve the equitable distribution and efficient and expeditious use of all equipment and facilities in order to improve rail service.

Hearing.

Approval under paragraph (1) or (2) of this subsection may only be granted if, after a public hearing with an opportunity for interested persons to submit comments, the Secretary makes a written finding

that such increase in dividends (or such use of assets or revenues) will not materially affect the ability of the obligor to comply with the requirements of this section.

(k) **BREACH OF CONDITIONS.**—The Attorney General shall commence a civil action in any appropriate district court of the United States to enjoin any activity which the Secretary finds is in violation of any requirement or condition specified in subsection (i) or (j) of this section, and to secure any other appropriate relief, including termination, suspension, and punitive damages.

(l) **INVESTIGATION CHARGE.**—The Secretary shall charge and collect from each applicant such amounts as he deems reasonable for the investigation of any application submitted under this section, for appraisal of the value of the equipment or facilities involved, and for making the necessary determinations and findings. Such charges shall not aggregate more than one-half of 1 percent of the principal amount of the obligation with respect to which the applicant seeks a guarantee or commitment to guarantee.

(m) **PREMIUM CHARGE.**—The Secretary shall assess and collect from the obligor an annual premium charge on each obligation guaranteed under this section. The amount of such premium may not exceed an annual rate of 1 percent on the unpaid principal balance of such obligation at the time payment is due. Payment is due initially when the obligation is guaranteed by the Secretary, and, thereafter, on the anniversary date of such guarantee.

(n) **ADMINISTRATIVE COSTS.**—All moneys received by the Secretary under this section shall be deposited in the obligation guarantee fund, and to the extent provided in appropriation acts, may be used by the Secretary to pay administrative costs and expenses incurred by him pursuant to this section.

ISSUANCE OF NOTES OR OBLIGATIONS

SEC. 512. (a) AUTHORIZATION.—The Secretary may issue, in such amounts as are provided in appropriation acts, notes or other obligations to the Secretary of the Treasury, in such forms and denominations, bearing such maturities, and subject to such terms and conditions as the Secretary may prescribe. Such obligations may be issued whenever the moneys in the obligation guarantee fund are not sufficient to pay any amount which the Secretary is required to pay under section 513 of this title. Such obligations shall bear interest at a rate to be determined by the Secretary of the Treasury on the basis of the current average market yield on outstanding marketable obligations of the United States on comparable maturities during the month preceding the issuance of such obligations. The Secretary of the Treasury shall purchase any such obligations, and for such purpose he may use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, as now or hereafter in force. The purposes for which securities may be issued under such Act are extended to include any purchase of notes or other obligations issued under this subsection. The Secretary of the Treasury may sell any such obligations at such times and price and upon such terms and conditions as he shall determine in his discretion. All purchases, redemptions, and sales of such obligations by such Secretary shall be treated as public debt transactions of the United States. Moneys obtained under this subsection shall be deposited in the obligation guarantee fund, and redemptions of any such obligations shall be made by the Secretary from such fund.

Interest rate.

31 USC 774.

(b) **VALIDITY.**—No guarantee or commitment to guarantee under section 511 of this title may be terminated, suspended, canceled, or otherwise revoked, except in accordance with lawful terms and conditions prescribed by the Secretary. Such a guarantee or commitment shall be conclusive evidence that the underlying obligation is in compliance with the provisions of such sections of this title, and that such obligation has been approved and is legal as to principal, interest, and other terms. Such a guarantee or commitment to guarantee shall be valid and incontestable in the hands of the holder thereof, as of the date when the Secretary granted the application therefor, except as to fraud or material misrepresentation by such holder.

(c) **DEFINITION.**—As used in this section, the term “Secretary of the Treasury” includes any designated representative of such Secretary.

DEFAULT ON GUARANTEED OBLIGATIONS

45 USC 833.

SEC. 513. (a) GENERAL.—If there is a default by the obligor in any payment of principal or interest due under an obligation guaranteed under section 511 of this title, and if such default continues for 30 days, the holder of such obligation or his agent has the right to demand payment by the Secretary of the unpaid interest on, and the unpaid principal of, such obligation consistent with the terms of the guarantee of such obligation. Such payment may be demanded after or before the expiration of such period as may be specified in the guarantee or related agreements, but not later than 90 days from the date of such default. Within such specified period, but not later than 60 days from the date of such demand, the Secretary shall pay to such holder the unpaid interest on, and the unpaid principal of, such obligation, consistent with the terms of the guarantee of such obligation, except that (1) the Secretary shall not be required to make any such payment if he finds, prior to the expiration of such period, that there was no default by the obligor in the payment of interest or principal or that such default has been remedied, and (2) no such holder shall receive payment or be entitled to retain payment in a total amount which, together with an other recovery (including any recovery based upon a security interest in equipment or facilities) exceeds the actual loss of such holder.

(b) **RIGHTS OF THE SECRETARY.**—(1) If the Secretary makes payment to a holder under subsection (a) of this section, the Secretary shall thereupon—

(A) have all of the rights granted to him by law or agreement with the obligor; and

(B) be subrogated to all of the rights which were granted such holder, by law, assignment, or security agreement between such holder and the obligor.

(2) The Secretary may, in his discretion, complete, recondition reconstruct, renovate, repair, maintain, operate, charter, rent, sell, or otherwise dispose of any property or other interests obtained by him pursuant to this section. The terms of any such sale or other disposition shall be as approved by the Secretary.

(c) **FORM OF PAYMENT.**—Any amount required to be paid by the Secretary pursuant to subsection (a) of this section shall be paid in cash.

(d) **ACTION AGAINST OBLIGOR.**—If there is a default by the obligor in any payment due under an obligation guaranteed under section 511 of this title, the Secretary shall take such action against such obligor

or any other person as is, in his discretion, necessary or appropriate to protect the interests of the United States. Such an action may be brought in the name of the United States or in the name of the holder of such obligation. Such holder shall make available to the Secretary all records and evidence necessary to prosecute any such suit. The Secretary may, in his discretion, accept a conveyance of property in full or partial satisfaction of any sums owed to him. If the Secretary receives, through the sale of property, an amount greater than his cost and the amount paid to the holder under subsection (a) of this section, he shall pay such excess to the obligor.

AUDIT OF TRANSACTIONS

SEC. 514. (a) GENERAL.—The Comptroller General of the United States is authorized to audit the operations of the Fund and of the obligation guarantee fund in accordance with such rules and regulations as he may prescribe. Any such audit shall be conducted at the place or places where accounts of the Fund or of the obligation guarantee fund are normally kept. The representatives of the Comptroller General shall have access to all books, accounts, records, reports, files, and other papers, things, or property belonging to, or in use by or in connection with the Fund, the obligation guarantee fund, or the Secretary which pertain to the financial transactions of the Fund or the obligation guarantee fund and which are necessary to facilitate an audit. Such representatives shall be afforded full facilities for verifying transactions with the balances or securities held by depositories, fiscal agents, and custodians. All such books, accounts, records, reports, files, papers, things, and property shall remain in the possession and custody of the Fund, the obligation guarantee fund, or the Secretary, as the case may be. 45 USC 834.

(b) ACCESS TO INFORMATION.—The representatives of the Comptroller General shall have access to all books, accounts, records, reports, files, and other papers, things, or property belonging to or in use by any person or entity which has entered into a financial transaction with or involving the Fund, the obligation guarantee fund, or the Secretary, under this title, to the extent deemed necessary by the Comptroller General to facilitate any audit of financial transactions pursuant to subsection (a) of this section. Such representatives shall be afforded full facilities for verifying transactions with the balances or securities held by depositories, fiscal agents, and custodians. All such property of such person or entity shall, to the extent practicable, remain in the possession and custody of such person or entity.

(c) REPORT.—The Comptroller General shall make a report of each such audit to the Congress. Such report shall contain all comments and information which the Comptroller General deems necessary to inform Congress of the financial operations and condition of the Fund and of the obligation guarantee fund and any recommendations which he deems advisable. Such report shall indicate specifically and describe in detail any program, expenditure, or other financial transaction or undertaking observed in the course of such audit which the Comptroller General deems to have been carried on or made without lawful authority or which is inconsistent with the purposes and provisions of this title. A copy of such report shall be furnished to the President, the Secretary, and the Commission, at the time it is submitted to the Congress.

ANNUAL REPORT

45 USC 835.

SEC. 515. The Secretary shall report to the Congress within 90 days following the end of each fiscal year on the financial condition and operations of the Fund and of the obligation guarantee fund during such fiscal year, and on the anticipated condition and operations of the Fund and of the obligation guarantee fund during the current fiscal year.

EMPLOYEE PROTECTION

45 USC 836.

SEC. 516. (a) GENERAL.—Fair and equitable arrangements shall be provided, in accordance with this section, to protect the interests of any employees not otherwise protected under title V of the Regional Rail Reorganization Act of 1973 (45 U.S.C. 771 et seq.), who may be affected by actions taken pursuant to authorizations or approval obtained under this title. Such arrangements shall be determined by the execution of an agreement between the representatives of the railroads and the representatives of their employees, within 120 days after the date of enactment of this title. In the absence of such an executed agreement, the Secretary of Labor shall prescribe the applicable protective arrangements, within 150 days after the date of enactment of this title.

(b) TERMS.—The arrangements required by subsection (a) of this section shall apply to each employee who has an employment relationship with a railroad on the date on which such railroad first applies for applicable financial assistance under this title. Such arrangements shall include such provisions as may be necessary for the negotiation and execution of agreements as to the manner in which the protective arrangements shall be applied, including notice requirements. Such agreements shall be executed prior to implementation of work funded from financial assistance under this title. If such an agreement is not reached within 30 days after the date on which an application for such assistance is approved, either party to the dispute may submit the issue for final and binding arbitration. The decision on any such arbitration shall be rendered within 30 days after such submission. Such arbitration decision shall in no way modify the protection afforded in the protective arrangements established pursuant to this section, shall be final and binding on the parties thereto, and shall become a part of the agreement. Such arrangements shall also include such provisions as may be necessary—

(1) for the preservation of compensation (including subsequent general wage increases, vacation allowances, and monthly compensation guarantees), rights, privileges, and benefits (including fringe benefits such as pensions, hospitalization, and vacations, under the same conditions and so long as such benefits continue to be accorded to other employees of the employing railroad in active service or on furlough, as the case may be) to such employees under existing collective-bargaining agreements or otherwise;

(2) to provide for final and binding arbitration of any dispute which cannot be settled by the parties, with respect to the interpretation, application, or enforcement of the provisions of the protective arrangements;

(3) to provide that an employee who is unable to secure employment by the exercise of his or her seniority rights, as a result of actions taken with financial assistance obtained under

this title, shall be offered reassignment and, where necessary, retraining to fill a position comparable to the position held at the time of such adverse effect and for which he is, or by training and retraining can become, physically and mentally qualified, so long as such offer is not in contravention of collective bargaining agreements relating thereto; and

(4) to provide that the protection afforded pursuant to this section shall not be applicable to employees benefited solely as a result of the work which is financed by funds provided pursuant to this title.

(c) SUBCONTRACTING.—The arrangements which are required to be negotiated by the parties or prescribed by the Secretary of Labor, pursuant to subsections (a) and (b) of this section, shall include provisions regulating subcontracting by the railroads of work which is financed by funds provided pursuant to this title.

(d) Section 303 of such Act (45 U.S.C. 743) is amended by adding at the end thereof the following new subsection:

Post, p. 100.

"(e) TRANSFER AND OTHER TAXES AND RECORDING FEES.—All transfers or conveyances of rail properties (whether real, personal, or mixed) which are made under this Act (including transfers and conveyances which are made in accordance with a supplemental transaction pursuant to section 305 of this title) shall be exempt from any taxes, imposts, or levies now or hereafter imposed, by the United States or by any State or any political subdivision of a State, on or in connection with such transfers or conveyances or on the recording of deeds, bills of sale, liens, encumbrances, or other instruments evidencing, effectuating, or incident to any such transfers or conveyances, whether imposed on the transferor or on the transferee. (e) Section 208 of such Act (45 U.S.C. 718) is amended by adding at the end thereof the following new subsection:

“(d) ADDITIONS.—(1) The supplemental report, dated September 18, 1975, to the final system plan, and the provisions of the Association’s official errata supplement to the final system plan, dated December 1, 1975, including all designations made therein, shall be treated for all purposes as if they had been part of and included in the final system plan adopted by the Association and reviewed by the Congress. The final system plan shall, for all purposes, be deemed to be approved as modified and amended by such supplemental report and such supplement.

“(2) The Association may, upon petition of any State, modify the final system plan to make further designations with respect to rail properties of railroads in reorganization in the region designated for transfer to the Corporation under such plan, if such designations (A) are likely to result in improved rail service on such rail properties and connecting rail properties, and (B) would not materially impair the profitability of the Corporation. Such designations, including designations of such rail properties to a State, a profitable railroad, or a responsible person, may be made at any time prior to delivery of the final system plan to the special court under section 209(c) of this title. Such further designations shall be treated for all purposes as if they had been included in the final system plan adopted by the Association and reviewed by the Congress, and the final system plan shall for all purposes be deemed to be approved as modified by such designations. Any action of the Association with respect to any such petition shall not be subject to review by any court.

“(3) (A) Within 20 days after the date of enactment of the Railroad Revitalization and Regulatory Reform Act of 1976, the Association may, by notice to the Congress and by publication in the Federal Register, modify, supplement, or add to the designations of rail properties in the final system plan if the Association finds such actions are necessary to—

Notice to Congress; publication in Federal Register. *Ante*, p. 31.

“(i) achieve the efficient implementation of the final system plan, or

“(ii) provide for the offer to profitable railroads of rail properties designated in the final system plan to the Corporation, if such properties are not essential in the operation of other rail properties of the Corporation but are or would be integrally related to the operation of rail properties of (or which are offered pursuant to the final system plan to) such profitable railroad, or

“(iii) provide for the designation of additional rail properties to the Corporation or to a subsidiary thereof to enable the Corporation to serve efficiently a line of railroad designated to the Corporation in the final system plan if such line does not connect with any other line of railroad so designated to the Corporation or if such line would be served more efficiently as a consequence of such designation.

Any designation to a profitable railroad pursuant to this paragraph shall comply with the second sentence of section 206(d)(4) of this title, and shall only be made upon a finding by the Association that such designation is integrally related to an offer of rail properties to a profitable railroad in the final system plan, that the goals of the final system plan require that the rail properties be operated as a part of the rail properties included in such offer, and that the implementation of such designation will not materially and adversely affect the impact of such offer on the profitability of the Corporation or any profitable railroad operating in the region. Any designation to a profitable railroad pursuant to this subsection, which amends any prior offer, shall terminate 30 days after the date of enactment of this paragraph

Post, p. 97.

unless, prior to such date, such profitable railroad has notified the Association in writing of its acceptance of such amendment to the prior offer.

“(B) If a line of railroad or any segment thereof is designated for rail service in the final system plan, no designation may be made by the Association pursuant to this paragraph which would result in such line or segment not being so designated. Any designations made pursuant to this paragraph shall be treated for all purposes as if they had been included in the final system plan adopted by the Association and reviewed by the Congress. The final system plan shall for all purposes be deemed to be approved as amended by such designations.

“(C) Any designations made pursuant to this paragraph shall not be subject to review by any court.

Post, p. 100.

(b) Section 209 of such Act (45 U.S.C. 719) is amended by adding at the end thereof the following three new subsections:

“(e) ORIGINAL AND EXCLUSIVE JURISDICTION.—(1) Notwithstanding any other provision of law, any civil action—

“(A) for injunctive or other relief against the Association from the enforcement, operation, or execution of this Act or any provision thereof, or from any action taken by the Association pursuant to authority conferred or purportedly conferred under this Act;

“(B) challenging the constitutionality of this Act or any provision thereof;

“(C) challenging the legality of any action of the Association, or any failure of the Association to take any action, pursuant to authority conferred or purportedly conferred under this Act;

“(D) to obtain, inspect, copy, or review any document in the possession or control of the Association that would be discoverable in litigation pursuant to section 303(c) of this Act;

45 USC 743.

“(E) brought after a conveyance, pursuant to section 303(b) of this Act, to set aside or annul such conveyance or to secure in any way the reconveyance of any rail properties so conveyed; or

45 USC 743.

“(F) with respect to continuing reorganization and supplemental transactions, in accordance with section 305 of this Act; shall be within the original and exclusive jurisdiction of the special court. The special court shall not hear or determine any such action prior to the date of conveyance, pursuant to section 303(b) (1) of this Act, except as the Constitution may require. Relief shall not be granted in any action referred to in subparagraph (A), (C), or (E) unless the person seeking such relief establishes that the Association acted in reckless or deliberate disregard of applicable law.

USC prec. title 1.

“(2) The original and exclusive jurisdiction of the special court shall include any action, whether filed by any interested person or initiated by the special court itself, to interpret, alter, amend, modify, or implement any of the orders entered by such court pursuant to section 303(b) of this Act in order to effect the purposes of this Act or the goals of the final system plan. During the pendency of any proceeding described in this paragraph, the special court may enter such orders as it determines to be appropriate, including orders enjoining, restraining, conditioning, or limiting any conveyance, transfer, or use of any asset or right which is subject to such an order or which is at issue in such a proceeding, or which involves the enforcement of any liens or encumbrances upon such assets or rights. Any orders pursuant to this paragraph which interpret, alter, amend, modify, or implement orders entered by the special court shall be final and shall not be restrained or enjoined by any court.

“(3) A final order or judgment of the special court in any action referred to in this section shall be reviewable only upon petition for a writ of certiorari to the Supreme Court of the United States, except that any order or judgment enjoining the enforcement, or declaring or determining the unconstitutionality or invalidity, of this Act, in whole or in part, or of any action taken under this Act, shall be reviewable by direct appeal to the Supreme Court of the United States in the same manner that an injunctive order may be appealed under section 1253 of title 28, United States Code. Such review is exclusive and any petition or appeal shall be filed not more than 20 days after entry of such order or judgment.

“(f) DISPOSITION OF CASH DEPOSITS.—Whenever the compensation which is deposited with the special court under section 303(a) of this Act is in the form of cash, such cash shall be invested and reinvested upon such terms and conditions as the special court shall determine, pending the making of the findings referred to in paragraphs (1), (2), and (3) of section 303(c) of this Act. Notwithstanding section 303(c) (4) of this Act, the special court may order (1) the income from such investments, (2) the dividends or interest, if any, received on any securities or obligations deposited with the special court under such section 303(a), and (3) the income, if any, received with respect to any other form of compensation so deposited, to be distributed to the trustee of each railroad in reorganization and to any person leased, operated or controlled by such a railroad which conveyed the right, title, and interest in the rail properties with respect to which such cash, securities, obligations, or other compensation have been so deposited with the special court. Notwithstanding section 303(c) (4) of this Act, the special court may, within 90 days after the date of conveyance of rail properties pursuant to section 303(b) of this Act, order up to 25 percent of any cash (including investments made with cash) and other compensation deposited with the special court to be distributed

45 USC 743.

to such trustee or person. On petition of the applicable trustee or person, the special court may order such additional distributions as it finds reasonable and appropriate, prior to the making of the findings referred to in paragraphs (1), (2), and (3) of such section 303(c).

“(g) STAY OF COURT PROCEEDINGS.—The special court may stay or enjoin any action or proceeding in any State court or in any court of the United States other than the Supreme Court if such action or proceeding is contrary to any provision of this Act, impairs the effective implementation of this Act, or interferes with the execution of any order of the special court pursuant to this Act.”

FINANCE COMMITTEE

SEC. 603. (a) Section 201 of such Act (45 U.S.C. 711) is amended by redesignating subsections (i) and (j) thereof as subsections (j) and (k) thereof, respectively, and by inserting therein a new subsection “(i)” as follows:

“(i) FINANCE COMMITTEE.—The Board of Directors of the Association shall have a Finance Committee which shall consist of the Chairman of such Board, the Secretary, and the Secretary of the Treasury (acting directly or, at any time, through their respective duly authorized representatives). The Finance Committee is authorized to exercise only such powers as are vested in it pursuant to any provision of this Act. The vesting of such powers in the Finance Committee shall not be deemed to relieve the Board of Directors of its authority to exercise any other powers of the Association, none of which may be delegated to the Finance Committee, or of its general authority to study, analyze, and make advisory findings with respect to any matter relevant to the role of the Association as an investor in securities of the Corporation. Notwithstanding any provision of State law, (1) the Finance Committee, without any requirement of review or approval by the Board of Directors of the Association, is authorized to establish, revise, and maintain its own rules and procedures, by majority vote of the members thereof, and (2) the Board of Directors of the Association shall not have power to take, and shall not take, any action affecting the membership of the Finance Committee or limiting the exercise by the Finance Committee of the powers vested in it pursuant to any provision of this Act.”

“(C) for the refinancing of indebtedness which was incurred by the Corporation under section 211 of this title or which was incurred under section 215 of this title and assumed by the Corporation; or

45 USC 725.

“(D) working capital as contemplated by the final system plan.

“(2) Purchases of up to \$1,000,000,000 of debentures and, thereafter, of up to \$1,100,000,000 of series A preferred stock shall be made by the Association as required and requested by the Corporation, unless the Finance Committee makes an affirmative finding that—

“(A) the Corporation has failed in any material respect to comply with any covenants or undertakings made to the Association and such failure remains uncorrected;

“(B) the Corporation has failed substantially (as determined by performance within the margins prescribed by the Board of Directors) to attain the overall operating (including rehabilitation) and financial results projected for the Corporation in the final system plan (including any modifications of such projected results and of the performance margins applicable to such projected results which are jointly approved by the Finance Committee and the Board of Directors and which would improve the possibility that the Corporation will attain such projected results and perform within such margins, as modified); or

“(C) it is not reasonably likely, taking into consideration all relevant factors including the overall operating (including rehabilitation) and financial results achieved by the Corporation, that the Corporation will be able to become financially self-sustaining without requiring Federal financial assistance substantially in excess of the amounts authorized in this section.

“(c) FINDING, DIRECTION, AND REVIEW BY CONGRESS.—(1) If the Finance Committee makes an affirmative finding pursuant to subsection (b) (2) of this section, it may direct the Association—

“(A) not to purchase any debentures or series A preferred stock of the Corporation after the date of such affirmative finding; or

“(B) to purchase debentures or series A preferred stock of the Corporation, after the date of such affirmative finding, only in such amounts, at such times, and on such terms and conditions (notwithstanding subsection (e) (1) of this section) as the Finance Committee determines to be appropriate to the role of the Association as an investor in such debentures and series A preferred stock.

“(2) A copy of each affirmative finding, the reasons therefor, and each direction made by the Finance Committee under paragraph (1) of this subsection, together with the comments and recommendations thereon of the Board of Directors of the Association, shall be transmitted to the Congress by the Association within 10 days after the date on which the Finance Committee makes such finding and direction, or if not so transmitted, shall be transmitted by the Finance Committee. Each such direction so transmitted shall become finally effective and is required to be implemented by the Association, unless within the first period of 30 calendar days of continuous session of Congress after the date of its transmittal to Congress either House of Congress disapproves such direction (except that such direction shall become finally effective immediately upon approval of such direction by both Houses of Congress) in accordance with the procedures specified in section 1017 of the Congressional Budget and Impoundment Control Act of 1974 (31 U.S.C. 1407). For purposes of this paragraph, continuity of session of Congress is broken only in the circumstances described in section 1011 (5) of that Act (31 U.S.C. 1401 (5)). During review by the Association and Congress, the Association shall take no action inconsistent with the direction of the Finance Committee pursuant to paragraph (c) (1) of this section, except to the extent the Association finds necessary, in its discretion, to assure continuous orderly operation of the Corporation.

“(3) If the Congress, pursuant to paragraph (2) of this subsection, disapproves a direction submitted to the Association pursuant to paragraph (1) of this subsection, the Association shall continue to purchase the debentures or series A preferred stock of the Corporation as otherwise provided in this title until such time as a direction is submitted under this section which is not so disapproved (or affirmatively approved). The powers of the Association and of the Board of Directors of the Association shall remain in effect except to the extent modified by any such direction. If any such direction is disapproved by either House of Congress, the Finance Committee may, not earlier than 30 days after the date of such disapproval, make (and the Board of Directors of the Association shall transmit) any additional affirmative finding and direction with respect to the same matter, which direction shall become effective in accordance with paragraph (2) of this subsection. An affirmative finding and direction under this subsection, or action by the Association during a

review thereof by the Congress, may not be held unlawful or set aside by any reviewing court on the ground that such finding and direction or action were not adequate to meet the requirements of subparagraph (A), (E), or (F) of section 706(2) of title 5, United States Code.

“(4) Notwithstanding any other provision of this section, or any terms and conditions governing its purchase of securities of the Corporation, the Association shall, upon written application by the Corporation at least 30 days prior to such investment, make an initial investment in debentures of the Corporation within 60 days after the date of conveyance of rail properties pursuant to section 303(b)(1) of this Act. Such initial investment shall be limited to such amounts as the Association and Finance Committee, acting jointly, determine are necessary for the continued and orderly operations of the Corporation prior to any additional investment.

45 USC 743.

“(5) Not later than 60 days after the date of conveyance pursuant to section 303(b)(1) of this Act, the Association shall select 6 individuals to serve as members of the Board of Directors of the Corporation, subject to the provisions of section 301(d) of this Act.

45 USC 741.

“(d) TERMS AND CONDITIONS.—Notwithstanding any other provision of State law, the debentures and the series A preferred stock of the Corporation shall have such terms and conditions, not inconsistent with the final system plan or this title, as may be prescribed by the Association, except as follows:

“(1) The Corporation shall not be required to issue to the Association additional shares of series A preferred stock of the Corporation as a dividend on any such stock.

“(2) The dividends payable on series A preferred stock of the Corporation shall not be cumulative and shall be paid in cash when and to the extent that there is ‘cash available for restricted cash payments’, as that term is defined in the final system plan.

“(3) After the Association calls for redemption of the certificates of value, no shares of series A preferred stock of the Corporation shall be issued in lieu of interest on the debentures of the Corporation and, to the extent such interest is not payable in cash by reason of the absence of sufficient ‘cash available for restricted cash payment’, the Corporation shall deliver to the holders of the debentures contingent interest notes in a face amount equal to such unpaid interest.

“(4) If the Board of Directors of the Association and the Finance Committee, acting jointly, modify the terms or conditions governing the purchase of debentures or series A preferred stock of the Corporation pursuant to subsection (e)(1) of this section, or if the Finance Committee waives compliance with any term, condition, provision, or covenant of such securities pursuant to subsection (e)(2) of this section, the Finance Committee may require the Corporation to issue contingent interest notes in such amount as, in the determination of the Finance Committee, will provide protection for the United States, in the event of bankruptcy, reorganization, or receivership of the Corporation, equal to the protection the United States would have had in the absence of such modification or waiver.

“(5) The contingent interest notes issued pursuant to this section shall bear interest compounded annually at the rate of 8 percent per annum and such notes and the accumulated interest thereon shall be payable only in the event of bankruptcy, reorganization, or receivership of the Corporation occurring prior to the repayment and redemption of all outstanding debentures and accumulated series A preferred stock of the Corporation. The

contingent interest notes and the accumulated interest thereon shall have the same priority in bankruptcy, reorganization, or receivership as the debentures of the Corporation. The other terms and conditions of the contingent interest notes shall be as set forth in an agreement to be entered into between the Association and the Corporation prior to issuance of any debentures.

“(e) MODIFICATIONS, WAIVERS, AND CONVERSIONS.—(1) The Board of Directors of the Association and the Finance Committee, acting jointly, may agree with the Corporation to modify any of the terms and conditions governing the purchase by the Association of securities of the Corporation, upon a finding that such action is necessary or appropriate to achieve the purposes of this Act or the goals of the final system plan.

“(2) The Finance Committee may, in its discretion and upon a finding that such action is necessary or appropriate to achieve the purposes of this Act or the goals of the final system plan, waive compliance with any term, condition, provision, or covenant of the securities of the Corporation held by the Association, including any provision of such securities with respect to redemption of principal or issuance price, payment of interest or dividends, or any term or condition governing the purchase of such securities.

“(3) Notwithstanding any provision of State law, there shall be no conversion of the debentures of the Corporation into series A preferred stock of the Corporation, as provided in the terms and conditions of the debentures and pursuant to the final system plan, unless the Board of Directors of the Association and the Finance Committee jointly determine to effect such conversion.

“(f) APPROPRIATION.—There is authorized to be appropriated to the Association \$2,100,000,000 to be used for the purchase of securities of the Corporation in accordance with this section. All sums received by the Association on account of the holding or disposition of any such securities shall be deposited in the general fund of the Treasury.”.

LOANS

45 USC 721.

SEC. 606. Section 211 of such Act (45 U.S.C. 741) is amended by adding at the end thereof the following new subsections:

45 USC 743.

“(g) PRE-CONVEYANCE LOANS TO THE CORPORATION.—During the period between the effective date of the final system plan and the date of the conveyance of rail properties pursuant to section 303(b) of this Act, the Association may make such loans in such amounts to the Corporation as the Association deems essential to provide for the purchase by the Corporation of material, supplies, equipment, and services necessary to permit the orderly and efficient implementation of the final system plan. Notwithstanding any inability of the Association during such period to make the finding required by subsection (e)(3) of this section because of any existing contingencies, the Association may make any such loans to the Corporation, subject to—

“(1) the most favorable terms and conditions for assuring timely repayment and security as may then be reasonably available, and

“(2) the requirement that any loan to the Corporation under this subsection be refinanced immediately out of the proceeds of the first sale by the issuance of debentures under section 216 of this title.

Ante, p. 89.

In order to assure that necessary funds are available to the Corporation for implementation of the final system plan, the Corporation is authorized to accept such loans as may be approved by the Association

under this subsection, and any such acceptance shall be deemed for all purposes to constitute a reasonable and prudent business judgment in compliance with any fiduciary obligations imposed on the Corporation or its directors. For purposes of this subsection, the term 'Corporation' includes a subsidiary of the Corporation.

"(h) **LOANS FOR PAYMENT OF OBLIGATIONS.**—(1) The Association is authorized, subject to the limitations set forth in section 210(b) of this title, to enter into loan agreements, in amounts not to exceed \$230,000,000 in the aggregate, with the Corporation, the National Railroad Passenger Corporation, and any profitable railroad to which rail properties are transferred or conveyed pursuant to section 303(b)(1) of this Act, under which the Corporation, the National Railroad Passenger Corporation, and any profitable railroad entering into such agreement will agree to meet existing or prospective obligations of the railroads in reorganization in the region which the Association, in accordance with procedures established by the Association, determines should be paid by the Corporation, the National Railroad Passenger Corporation, or a profitable railroad, on behalf of the transferors, in order to avoid disruptions in ordinary business relationships. Such obligations shall be limited to amounts claimed by suppliers (including private car lines) of materials or services utilized in current rail operations, claims by shippers arising from current rail services, payments to railroads for settlement of current interline accounts, claims of employees arising under the collective bargaining agreements of the railroads in reorganization in the region and subject to section 3 of the Railway Labor Act, claims of all employees or their personal representatives for personal injuries or death and subject to the provisions of Employers' Liability Acts (45 U.S.C. 51-60), and amounts required for adequate funding of accrued pension benefits existing at the time of a conveyance or discontinuance of service under employee pension benefit plans described in section 505(a) of this Act. The Association shall not make such a loan unless it first finds that the loan is for the purpose of paying obligations with respect to accrued pension plans referred to in the preceding sentence or that the Corporation, the National Railroad Passenger Corporation, or a profitable railroad is entitled to a loan pursuant to subsections (e) and (g) of section 504 of this Act, or unless it first finds that—

"(A) provision for the payment of such obligations was not included in the financial projections of the final system plan;

"(B) such obligations arose from rail operations prior to the date of conveyance of rail properties pursuant to section 303(b)(1) of this Act and are, under other applicable law, the responsibility of a railroad in reorganization in the region;

"(C) the Corporation, the National Railroad Passenger Corporation, or a profitable railroad has advised the Association that the direct payment of such obligations by the Corporation, the National Railroad Passenger Corporation or profitable railroad is necessary to avoid disruptions in ordinary business relationships;

"(D) the transferor is unable to pay such obligations within a reasonable period of time; and

"(E) with respect to loans made to the Corporation, the procedures to be followed by the Corporation, in seeking reimbursement from the railroads in reorganization in the region for obligations paid on their behalf under this subsection, have been jointly agreed to by the Finance Committee and the Corporation.

"(2) The trustees of each railroad in reorganization in the region shall attempt to negotiate agency agreements with the Corporation,

the National Railroad Passenger Corporation, or a profitable railroad for the processing of all accounts receivable and accounts payable attributable to operations prior to the conveyance of property pursuant to section 303(b)(1) of this Act. If any railroad in reorganization in the region fails to conclude such an agreement within a reasonable time prior to such conveyance, the applicable reorganization courts, after giving all parties an opportunity to be heard, shall prescribe the terms of such an agency arrangement by order, giving due consideration to the need, wherever possible, to make such agreements uniform among the various estates.

“(3) The Association may, not less than 30 days prior to the date of conveyance pursuant to section 303(b)(1) of this Act, petition each district court of the United States having jurisdiction over the reorganization of a railroad in reorganization in the region for an order, which shall be entered prior to such conveyance, and which—

“(A) identifies that cash and other current assets of the estate of such railroad which shall be utilized to satisfy obligations of the estates identified in paragraph (1) of this subsection; and

“(B) provides for the application by the trustees of such railroads and their agents, consistent with the principles of reorganization under section 77 of the Bankruptcy Act (11 U.S.C. 205) and with the agency agreement specified in paragraph (2) of this subsection, of all such current assets, including cash available as of or subsequent to such date of conveyance, to the payment in the postconveyance period of the obligations of the estates identified in paragraph (1) of this subsection.

“(4) (A) Each obligation of a railroad in reorganization in the region which is paid with financial assistance under paragraph (1) of this subsection shall be processed, on behalf of such railroad, by the Corporation, the National Railroad Passenger Corporation, or a profitable railroad, whichever is appropriate. An obligation of a railroad in reorganization in the region shall be paid, on behalf of such railroad, by the Corporation, the National Railroad Passenger Corporation, or a profitable railroad, whichever is appropriate, if—

“(i) such obligation is deemed by the Corporation, the National Railroad Passenger Corporation, or a profitable railroad, whichever is appropriate, to have been, on the date of conveyance of rail properties pursuant to section 303(b)(1) of this Act, the obligation of a railroad in reorganization in the region;

“(ii) such obligation accrues after such date of conveyance but as a result of rail operations conducted prior to such date, and the trustees of such railroad in reorganization acknowledge that it is an obligation of such railroad; or

“(iii) the district court of the United States having jurisdiction over such railroad in reorganization in the region approves such obligation as a valid administrative claim against such railroad; to the extent that payment is required under a loan agreement with the Association under such paragraph (1).

“(B) The Association shall resolve any disputes among the Corporation, the National Railroad Passenger Corporation, and a profitable railroad concerning which of them shall process and pay any particular obligation on behalf of a particular railroad in reorganization.

“(C) The Corporation, the National Railroad Passenger Corporation, or a profitable railroad shall have a direct claim, as a current expense of administration, for reimbursement from the estate of a railroad in reorganization in the region for all obligations of such estate (plus interest thereon) which are paid by the Corporation, the National Railroad Passenger Corporation, or a profitable railroad, as the case

may be. The right of the Corporation or the National Railroad Passenger Corporation to receive reimbursement under this subparagraph from the estate of a railroad in reorganization in the region shall be reduced by the amount, if any, of loans, plus interest forgiven under paragraph (5) of this subsection.

“(5) (A) If, at any time, the Finance Committee of the Association determines that the failure of the Corporation to receive full reimbursement with interest from the estate of a railroad in reorganization in the region for any obligation of such estate paid pursuant to this subsection could adversely affect the fairness and equity of the transfers and conveyances pursuant to section 303(b)(1) of this Act, or that the failure of the National Railroad Passenger Corporation to receive such full reimbursement plus interest for any such obligation would be contrary to the public interest, the Association shall forgive the indebtedness, plus accrued interest, of the Corporation or of the National Railroad Passenger Corporation incurred pursuant to paragraph (1) of this subsection in the amount recommended by the Finance Committee. The Association shall have a direct claim, as a current expense of administration of the estate of such railroad in reorganization, equal to the amount by which loans of the Corporation or of the National Railroad Passenger Corporation, plus interest, have been forgiven. Such direct claim shall not be subject to any reduction by way of setoff, cross-claim, or counter-claim which the estate of such railroad in reorganization may be entitled to assert against the Corporation, the National Railroad Passenger Corporation, the Association, or the United States.

45 USC 743.

“(B) The direct claim of the Association under this paragraph, and any direct claim authorized under paragraph (4) of this subsection, shall be prior to all other administrative claims of the estate of a railroad in reorganization, except claims arising under trustee's certificates or from default on the payment of such certificates.

“(6) Notwithstanding any other provision of this subsection, the Association shall forgive any loan made to the Corporation or the National Railroad Passenger Corporation pursuant to this subsection, plus accrued interest thereon, on the 3rd anniversary date of any such loan, except that the Association shall not forgive any loan or portion thereof, in accordance with this paragraph, if—

“(A) the Finance Committee makes an affirmative finding, with respect to such loan or portion thereof, that—

“(i) the Corporation has not exercised due diligence in executing the procedures adopted pursuant to paragraph (1) (E) of this subsection, and

“(ii) the failure of the Association to forgive such loan or portion thereof will not adversely affect the ability of the Corporation to become financially self-sustaining;

“(B) the Finance Committee so directs the Association; and

“(C) neither House of the Congress disapproves such affirmative finding and direction, in accordance with the following provisions of this paragraph.

A copy of each such finding, the reasons therefor, and such direction made by the Finance Committee, together with the comments and recommendations thereon of the Board of Directors of the Association, shall be transmitted to the Congress by the Association within 10 days after the date on which the Finance Committee makes such finding and direction, or if not so transmitted, shall be transmitted by the Finance Committee. Each such finding and direction so transmitted shall become effective immediately, and shall remain in effect, unless, within

the first period of 30 calendar days of continuous session of Congress after the date of transmittal of such finding and direction to Congress, either House of Congress disapproves such finding and direction in accordance with the procedures specified in section 1017 of the Congressional Budget and Impoundment Control Act of 1974 (31 U.S.C. 1407). For purposes of this paragraph, continuity of session of Congress is broken only in the circumstances described in section 1011(5) of that Act (31 U.S.C. 1401(5)).

“Corporation.”

“(7) For purposes of this subsection, the term ‘Corporation’ includes a subsidiary of the Corporation.

Ante, pp. 76-80.

“(i) **ELECTRIFICATION.**—Upon application by the Corporation, the Secretary shall, pursuant to the provisions of and within the obligatory limitations contained in sections 511 through 513 of the Railroad Revitalization and Regulatory Reform Act of 1976, guarantee obligations of the Corporation for the purpose of electrifying high-density mainline routes if the Secretary finds that such electrification will return operating and financial benefits to the Corporation and will facilitate compatibility with existing or renewed electrification systems. The aggregate unpaid principal amount of obligations which may be guaranteed by the Secretary under this paragraph shall not exceed \$200,000,000 at any one time.”

(1) in paragraph (16) thereof, by striking out “and”;

(2) in paragraph (17) thereof, by striking out the period and inserting in lieu thereof a semicolon; and

Infra.

45 USC 743.

“(19) ‘supplemental transaction’ means any transaction set forth in a proposal under section 305 of this Act, within 6 years after the date on which the special court orders conveyances of rail properties to the Corporation under section 303(b) of this Act, under which the Corporation or a subsidiary thereof would (A) acquire rail properties not designated for transfer or conveyance to it under the final system plan, (B) convey rail properties to a profitable railroad, a subsidiary of the Corporation or, other than as designated in the final system plan, to the National Railroad Passenger Corporation or to a State or a local or regional transportation authority, or to any other responsible person for use in providing rail service, or (C) enter into contractual or other arrangements with any person for the joint use of rail properties or the coordination or separation of rail operations or services.”.

(b) Title III of such Act is amended by adding at the end thereof the following new sections:

“CONTINUING REORGANIZATION; SUPPLEMENTAL TRANSACTIONS

45 USC 745.

“SEC. 305. (a) PROPOSALS.—If the Secretary or the Association determines that, as part of continuing reorganization, further restructuring of rail properties in the region through transactions supplemental to the final system plan would promote the establishment and retention of a financially self-sustaining rail service system in the region adequate to meet the needs of the region, the Secretary or the Association, as the case may be, may develop proposals for such supplemental transactions as are necessary or appropriate to implement the needed restructuring. Transfers of rail properties included in proposals developed by the Association shall be limited to (1) rail properties which would have qualified for designation under section 206(c) (1)

45 USC 716.

(A) of this Act but which were not transferred or conveyed under the final system plan, and which the Association finds to be essential to the efficient operations of the Corporation, and (2) transfers, con-

sistent with the final system plan, of rail properties from the Corporation to a subsidiary thereof. Each proposal (other than a proposal developed by the Association) shall be submitted in writing to the Association and shall state and describe any transactions proposed, the rail properties involved, the parties to such transactions, the financial and other terms of such transactions, the purposes of the Act or the goals of the final system plan intended to be effectuated by such transactions, and such other information incidental thereto as the Association may prescribe. Within 10 days after receipt of a proposal developed by the Secretary, and upon the development of a proposal developed by the Association, the Association shall publish a summary of such proposal in the Federal Register, and shall afford interested persons (including the Corporation when property is to be transferred to or from the Corporation) an opportunity to comment thereon.

Publication in
Federal Register.

“(b) EVALUATION BY ASSOCIATION.—The Association shall analyze each proposal containing one or more supplemental transactions, taking into account the comments of interested persons and statements and exhibits submitted at any public hearings which may have been held. The Association shall, within 120 days after the publication of a summary thereof under subsection (a) of this section, publish in the Federal Register a report evaluating such proposal. Such evaluation shall state whether the supplemental transactions contained in such proposal, considered in their entirety, are (1) in the public interest and consistent with the purposes of this Act and the goals of the final system plan, and (2) fair and equitable. If the Corporation opposes, or seeks modification of, any such proposed transfer, its written comments shall be given due consideration by the Association and shall be published as part of the evaluation. Within 30 days after the Association publishes its report, each proposed transferor or transferee shall notify the Association in writing as to whether any proposed supplemental transaction requiring the transfer of any property from or to such transferor or transferee is acceptable to such proposed transferor or transferee. If any such proposed transferor (other than the Corporation) or transferee fails to notify the Association that any proposed supplemental transaction requiring the transfer of any property from such transferor or to such transferee is acceptable to it, no further administrative or judicial proceedings shall be conducted with respect to such proposed supplemental transaction.

Publication in
Federal Register.

“(c) REVIEW BY THE COMMISSION.—Within 90 days after the publication in the Federal Register of each report referred to in subsection (b) of this section, the Commission shall determine whether the supplemental transactions referred to in the report, considered in their entirety, would be in the public interest and consistent with the purposes of this Act and the goals of the final system plan. In making such determination, the Commission shall give due consideration to the views received by it, within 30 days after the publication of the applicable report, from the Corporation and the Secretary. The Commission may condition its approval of such supplemental transactions on such reasonable terms and conditions as it may deem necessary in the public interest. The approval by the Commission of such supplemental transactions shall not be a prerequisite to the consummation of such transactions, but any determination of the Commission modifying, approving, or disapproving any proposed supplemental transactions shall be given due weight and consideration by the special court in the proceedings prescribed in subsection (d) of this section. If the Commission fails to act within the time period provided in this sub-

section, the supplemental transactions involved shall be deemed to have been approved by the Commission. The Commission may prescribe such regulations as may be necessary for the administration of this section.

“(d) SPECIAL COURT PROCEEDINGS.—(1) If the Association has made the determination pursuant to subsection (b) of this section that a proposal for supplemental transactions is in the public interest and consistent with the purposes of this Act and the goals of the final system plan, and is fair and equitable, the Association shall, within 40 days after the date of the Commission's determination under subsection (c) of this section, or after the expiration of the 90-day period referred to in such subsection (c), whichever is applicable, petition the special court for an order of such court finding that such proposal for supplemental transactions is in the public interest and consistent with the purposes of this Act and the goals of the final system plan, and is fair and equitable, and directing the Corporation to carry out the supplemental transactions specified in such proposal. If the Association has determined, pursuant to subsection (b) of this section that a proposal made by the Secretary is not in the public interest or is not consistent with the purposes of this Act and the goals of the final system plan or is not fair and equitable, the Secretary may, if he determines that such proposal is in the public interest and consistent with the purposes of this Act and the goals of the final system plan and is fair and equitable, petition the special court for an order of such court finding that such proposal for supplemental transactions is in the public interest and consistent with the purposes of this Act and the goals of the final system plan and is fair and equitable, and directing the Corporation to carry out any supplemental transactions specified in such proposal. Such a petition shall be submitted to the special court within 90 days after the date of the Commission's determination under such subsection (c), or after the expiration of the 90-day period referred to in such subsection (c), whichever is applicable.

“(2) Within 180 days after the filing of a petition under paragraph (1) of this subsection, the special court shall decide, after a hearing, whether the proposed supplemental transactions contained in such petition, considered in their entirety, are in the public interest and consistent with the purposes of this Act and the goals of the final system plan and are fair and equitable. If the special court determines that such proposed supplemental transactions, considered in their entirety, are in the public interest and consistent with the purposes of this Act and the goals of the final system plan and are fair and equitable, it shall, upon making such determination, issue such orders as may be necessary to direct the Corporation to consummate the transactions. If the special court determines that such proposed supplemental transactions, considered in their entirety, are not in the public interest or not consistent with the purposes of this Act and the goals of the final system plan, or are not fair and equitable, it shall file an opinion stating its conclusion and the reasons therefor. In such event the Association (in the case of a proposal developed by the Association) or the Secretary (in the case of a proposal developed by the Secretary) may, within 120 days after the filing of such opinion, certify to the special court that the terms and conditions of the proposal have been modified consistent with the opinion of the court and are acceptable to each proposed transferor (other than the Corporation) or transferee, and may petition the special court for recon-

sideration of the proposal as so modified. Within 90 days after the filing of such petition, the special court shall decide, after a hearing, whether the proposal as modified by the certification is in the public interest and consistent with the purposes of this Act and the goals of the final system plan and is fair and equitable, and shall enter such further orders as are consistent with its determination.

“(3) The Corporation is authorized to petition the special court and to be represented regarding any proposed supplemental transaction, contained in a proposal developed by either the Association or the Secretary, which involves the properties of the Corporation.

“(4) In proceedings under this subsection, the special court is authorized to exercise the powers of a judge of a United States district court with respect to such proceedings and such powers shall include those of a reorganization court.

“(5) Any evaluation by the Association, the Secretary, or the Commission shall not be reviewable in any court except the special court in accordance with the provisions of this section. The supplemental transactions shall not be restrained or enjoined by any court nor shall they be otherwise reviewable by any court other than by the special court to the extent provided in this section.

“(6) Notwithstanding any other provision of this Act, no findings, determinations, or proceedings shall be required with respect to any proposal for supplemental transactions other than as expressly set forth in this section.

“(7) Any supplemental transaction under this section shall subject the transferor and transferee, in each such supplemental transaction, to the requirements and other provisions of title V of this Act, except that the term ‘effective date of this Act’ contained in such title V shall be applied to such supplemental transaction as if it read ‘effective date of the supplemental transaction’.

45 USC 771.

“(8) A final order or judgment of the special court entering or denying an order pursuant to this subsection shall be reviewable in the same manner as provided in section 209(e) (3) of this Act.

Ante, p. 86.

“(e) **DEFINITION.**—As used in this section, the term ‘fair and equitable’ means fair and equitable, in accordance with the standards applicable to the approval of a plan of reorganization (or a step in such plan) under section 77 of the Bankruptcy Act (11 U.S.C. 205) to—

“(1) the estates of railroads in reorganization in the region and persons leased, operated, or controlled by such railroads who have conveyed rail properties, under section 303(b) (1) of this title, in exchange for securities of the Corporation, the Association, or profitable railroads and other benefits provided as a consequence of this Act and to any subsequent holders of such securities at the time of the supplemental transaction involved; and

45 USC 743.

“(2) the holders of other securities of the Corporation.

Whenever any property or securities of the Corporation are required to be valued in order to determine whether the terms of a supplemental transaction are fair and equitable, the special court shall give proper recognition to the contributions to the Corporation by all classes of security holders, except that such court shall not assign to the series B preferred stock or the common stock of the Corporation any values added to those securities, by reason of investment by the Association in debentures and series A preferred stock of the Corporation, in excess of any value required by constitutional principles applicable to a reorganization process.

payment.

"SEC. 306. (a) GENERAL.—On the date when the Corporation is required to deposit securities with the special court pursuant to section 303(a)(1) of this title, the Association shall deposit with the special court the certificates of value of the Association required by this section. The Secretary shall guarantee the payment of all certificates of value delivered in accordance with this title. All guarantees entered by the Secretary under this section shall constitute general obligations of the United States of America for the payment or redemption of which its full faith and credit are pledged. Such guarantees shall be valid and incontestable except as to mutual mistake of fact or as to fraud or material misrepresentation by the holder of such certificates or the transferor of rail properties to which certificates of value of any series so guaranteed are issued.

"(b) NUMBER AND DISTRIBUTION.—A separate series of certificates of value shall be issued to each railroad in reorganization in the region and each person leased, operated, or controlled by such a railroad that transfers rail properties to the Corporation or a subsidiary thereof. The number of certificates of value of each series to be deposited pursuant to subsection (a) shall be equal to the number of shares of series B preferred stock of the Corporation which are required to be deposited by the Corporation with the special court, pursuant to section 303(a)(1) of this title in exchange for the rail properties transferred to the Corporation or a subsidiary thereof by such transferor. Certificates of value of the appropriate series shall be distributed by the special court, pursuant to section 303(c)(4) of this title, at the same time to the same transferors, and in the same numbers of units as shares of such series B preferred stock are distributed to such transferor.

"(c) REDEMPTION.—(1) Certificates of value, of any series, shall be redeemed by the Association on December 31, 1987, or on such earlier date as the Board of Directors of the Association and the Finance Committee jointly may determine and specify.

"(2) Each certificate of value of each series shall be redeemable for an amount, payable in cash, equal to its base value on the redemption date, minus—

"(A) the sum of the fair market value of the series B preferred stock applicable to such certificate, the fair market value of the common stock applicable to such certificate, and all cash dividends theretofore paid on any such series B preferred stock and on any such common stock; and

"(B) any sums paid to a transferor of rail properties to whom such series of certificates of value was issued resulting from sales or leases by the Corporation of properties transferred to it by such transferor divided by the number of certificates of value distributed to such transferor.

"(3) The number of shares of series B preferred stock and common stock applicable to each certificate of value of any series, pursuant to paragraph (2) of this subsection, shall be—

"(A) one share of series B preferred stock (without regard to any stock splits, stock combinations, reclassifications or similar transactions affecting the number of shares of outstanding series B preferred stock following the date of distribution pursuant to section 303(c)(4) of this title); and

"(B) the number of shares of common stock determined by dividing the total number of shares of common stock distributed pursuant to section 303(c)(4) of this Act to the transferor receiv-

ing such series of certificate of value by the total number of certificates of value in the series so distributed to such transferor.

“(4) The base value of each certificate of value of any series shall be the value obtained by (A) taking the net liquidation value, as determined by the special court, to which the transferor to whom such series of certificates of value is issued is entitled by virtue of transfers of rail properties, under section 303(b)(1) of this title to the Corporation or a subsidiary thereof; (B) subtracting the value of other benefits provided under this Act, as determined by the special court; (C) adding such amount, if any, as the special court may determine shall be required after taking into consideration compensable unconstitutional erosion, if any, in the estate of a railroad in reorganization, or of a railroad leased, operated, or controlled by such a railroad, which the special court finds to have occurred during any bankruptcy proceeding with respect to such railroad; (D) adding interest from the transfer date to the redemption date to be compounded annually at a rate of 8 percent per annum; and (E) dividing the resulting value by the number of certificates of value of such series distributed to such transferor. In determining such base value, the special court shall give due weight and consideration to the finding of the Association as to the net liquidation value to which each transferor is entitled by virtue of conveyances of rail properties under section 303(b)(1) of this title. For purposes of this paragraph, the term ‘rail properties’ includes all rights with respect to employee benefit plans transferred and assigned to the Corporation pursuant to section 303(b)(6) of this title. Net liquidation value with respect to such rights shall be determined after taking into account all obligations finally transferred or assigned to the Corporation pursuant to such section.

“(5) The fair market value of series B preferred stock and of common stock of the Corporation shall be determined in accordance with regulations prescribed by the Association, on the basis of the average price of each such security in the primary established market in which such securities are traded over a period of 120 consecutive trading days ending not less than 20 nor more than 40 trading days preceding the redemption date, or, in the case of a security for which there is not an established trading market, on the basis of the fair market value thereof as determined by the majority vote of three experts in the valuation of securities, one to be selected by the Association, one to be selected by the directors of the Corporation elected by the holders of the security to be valued, and one to be selected by the two first selected.

“(d) AUTHORIZATION FOR APPROPRIATIONS.—There are authorized to be appropriated to the Secretary such sums as are necessary to discharge the obligations of the United States arising under this section.”

Two members of the Board selected by the holders of the Corporation’s debentures and series A preferred stock shall resign when the total of the principal amount of the outstanding debentures and the amount of the liquidation amount of the outstanding series A preferred stock, once having exceeded \$1,500,000,000, has been reduced below that amount; two additional members of the Board selected by the holders of the Corporation’s debentures and series A preferred stock of the Corporation shall resign when the total of the principal amount of the outstanding debentures and the amount of the liquidation amount of the outstanding series A preferred stock, once having exceeded \$1,500,000,000, has been reduced below \$750,000,000. The two remaining members of the Board selected by the holders of the Corporation’s debentures and series A preferred stock shall resign when all the debentures and series A preferred stock have been redeemed by the Corporation. As directors resign in accordance with the foregoing provisions, the election of corporate directors to fill the vacancies created by their resignations shall be governed by applicable State law and the articles and bylaws of the Corporation.”

“(g) VOTING TRUSTEES.—For and during the period between the deposit of securities of the Corporation with the special court, in accordance with section 303(a) of this title, and the distribution of such securities, in accordance with section 303(c) of this title, the special court shall, within 30 days after the date of conveyance pursuant to section 303(b)(1) of this Act, appoint one or more voting trustees for each class of securities which is so deposited. Such voting trustees shall, on behalf of the distributees, exercise the rights of the holders of such securities as their interests may appear. Within 30 days after such appointment, such voting trustees shall select members of the Board of Directors of the Corporation on behalf of the holders of the class of securities whose rights they exercise pursuant to this subsection.”.

Any such assignment shall relieve the assignor of liability for any breach which occurs after the date of such conveyance, except that such assignor shall remain liable for any breach, event of default, or violation of covenant which occurred (and any charges or obligations which accrued) prior to the date of such conveyance, regardless of whether the assignee thereof assumes such liabilities, charges or obligations. If any such liabilities, charges, or obligations (accrued prior to the date of such conveyance) are paid by or on behalf of any person or entity other than such assignor, such person or entity shall have a claim to direct reimbursement, as a current expense of administration, from such assignor, together with interest on the amount so paid.

REQUIRED GOALS

SEC. 703. The Northeast Corridor improvement project shall be implemented by the Secretary in order to achieve the following goals: 45 USC 853.

(1) INTERCITY RAIL PASSENGER SERVICES.—(A) (i) Within 5 years after the date of enactment of this Act, the establishment of regularly scheduled and dependable intercity rail passenger service between Boston, Massachusetts, and New York, New York, operating on a 3-hour-and-40-minute schedule, including appropriate intermediate stops; and regularly scheduled and dependable intercity rail passenger service between New York, New York, and Washington, District of Columbia, operating on a 2-hour-and-40-minute schedule, including appropriate intermediate stops.

(ii) Improvements in facilities in accordance with route criteria approved by the Congress, on routes to Harrisburg, Pennsylvania, and Albany, New York, from the Northeast Corridor main line, and from Springfield, Massachusetts, to Boston, Massachusetts, and New Haven, Connecticut, in order to facilitate compatibility with improved high-speed rail service operated on the Northeast Corridor main line.

(B) The improvement of nonoperational portions of stations (as determined by the Secretary in consultation with the National Railroad Passenger Corporation) used in intercity rail passenger service and of related facilities and fencing. Fifty percent of the cost of such improvements shall be borne by States (or local or regional transportation authorities), except that the Secretary may, in his sole discretion, fund entirely any safety-related improvement.

(C) The improvements required by this section shall be accomplished in a manner which is compatible with the accomplishment in the future of additional improvements in service levels, and which will produce the maximum labor benefit in terms of hiring persons who are presently unemployed.

(D) The submission by the Secretary and the National Railroad Passenger Corporation to the Congress of annual reports on progress achieved and work in progress and planned (including the need for further improvements) with respect to the completion of this program, including an up-to-date accounting of intercity passenger ridership, revenues from such ridership, expenses, and on-time dependability of intercity passenger trains in the Northeast Corridor.

(E) Within 2 years after the date of enactment of this Act, the submission by the Secretary to the Congress of a report on the financial and operating results of the intercity rail passenger service established under this section, on the rail freight service improved and maintained pursuant to this section, and on the

Report to
Congress.

practicability, considering engineering and financial feasibility and market demand, of the establishment of regularly scheduled and dependable intercity rail passenger service between Boston, Massachusetts, and New York, New York, operating on a 3-hour schedule, including appropriate intermediate stops, and regularly scheduled and dependable intercity rail passenger service between New York, New York, and Washington, District of Columbia, operating on a 2½-hour schedule, including appropriate intermediate stops. Such report shall include a full and complete accounting of the need for improvements in intercity passenger transportation within the Northeast Corridor and a full accounting of the public costs and benefits of improving various modes of transportation to meet those needs. If such report shows (i) that further improvements are needed in intercity passenger transportation in the Northeast Corridor, and (ii) that improvements (in addition to those required by subparagraph (A)(i) of this paragraph) in the rail system in such area would return the most public benefits for the public costs involved, the Secretary shall make appropriate recommendations to the Congress. Within 6 years after the date of enactment of this Act, the Secretary shall submit an updated comprehensive report on the matters referred to in this subparagraph. Thereafter, if it is practicable, the Secretary shall facilitate the establishment of intercity rail passenger service in the Corridor which achieves the service goals specified in this subparagraph.

(2) **RAIL COMMUTER SERVICES, RAIL RAPID TRANSIT, AND LOCAL TRANSPORTATION.**—To the extent compatible with the goals contained in paragraph (1) of this section, the facilitation of improvements in and usage of rail commuter services, rail rapid transit, and local public transportation.

(3) **RAIL FREIGHT SERVICE.**—The maintenance and improvement of rail freight service to all users of rail freight service located on or adjacent to the Northeast Corridor and the maintenance and improvement of all through-freight services which remain in the Northeast Corridor, to the extent compatible with the goals contained in paragraphs (1) and (2) of this section.

(4) **PASSENGER RADIO TELEPHONE SERVICE.**—To the extent compatible with the goals contained in paragraph (1) of this section, the continuation of and improvement in passenger radio telephone service aboard trains operated in high-speed rail service between Washington, District of Columbia, and Boston, Massachusetts. The President and relevant Federal agencies, including the Federal Communications Commission, shall take such actions as are necessary to achieve this goal, subject to the provisions of the Communications Act of 1934 (47 U.S.C. 151 et seq.), including necessary licensing, construction, operation, and maintenance standards for the radio service, as determined by the Federal Communications Commission to be in the public interest, convenience, and necessity.

SEC. 802. The Interstate Commerce Act is amended by inserting after section 1 thereof the following new section:

"DISCONTINUANCE AND ABANDONMENT OF RAIL SERVICE

"SEC. 1a. (1) No carrier by railroad subject to this part shall abandon all or any portion of any of its lines of railroad (hereafter in this section referred to as 'abandonment') and no such carrier shall discontinue the operation of all rail service over all or any portion of any such line (hereafter referred to as 'discontinuance'), unless such abandonment or discontinuance is described in and covered by a certificate which is issued by the Commission and which declares that the present or future public convenience and necessity require or permit such abandonment or discontinuance. An application for such a certificate shall be submitted to the Commission, together with a notice of intent to abandon or discontinue, not less than 60 days prior to the proposed effective date of such abandonment or discontinuance, and shall be in accordance with such rules and regulations as to form, manner, content, and documentation as the Commission may from time to time prescribe. Abandonments and discontinuances shall be governed by the provisions of this section or by the provisions of any other applicable Federal statute, notwithstanding any inconsistent or contrary provision in any State law or constitution, or any decision, order, or procedure of any State administrative or judicial body.

49 USC 1a.

"(2) (a) Whenever a carrier submits to the Commission a notice of intent to abandon or discontinue, pursuant to paragraph (1), such carrier shall attach thereto an affidavit certifying that a copy of such notice (i) has been sent by certified mail to the chief executive officer of each State that would be directly affected by such abandonment or discontinuance, (ii) has been posted in each terminal and station on any line of railroad proposed to be so abandoned or discontinued, (iii) has been published for 3 consecutive weeks in a newspaper of general circulation in each county in which all or any part of such line of railroad is located, and (iv) has been mailed, to the extent practicable, to all shippers who have made significant use (as determined by the Commission in its discretion) of such line of railroad during the 12 months preceding such submission.

Notice.

"(b) The notice required under subdivision (a) shall include (i) an accurate and understandable summary of the carrier's application for a certificate of abandonment or discontinuance, together with the reasons therefor, and (ii) a statement indicating that each interested person is entitled to recommend to the Commission that it approve, disapprove, or take any other specified action with respect to such application.

Publication in newspapers.

"(3) During the 60-day period between the submission of a completed application for a certificate of abandonment or discontinuance pursuant to paragraph (1) and the proposed effective date of an abandonment or discontinuance, the Commission shall, upon petition, or may, upon its own initiative, cause an investigation to be conducted to assist it in determining what disposition to make of such application. An order to the Commission to implement the preceding sentence must be issued and served upon any affected carrier not less than 5 days prior to the end of such 60-day period. If no such investigation is ordered, the Commission shall issue such a certificate, in accordance with this section, at the end of such 60-day period. If such an investigation is ordered, the Commission shall order a postponement, in whole or in part, in the proposed effective date of the abandonment or discontinuance. Such postponement shall be for such reasonable period of time as is necessary to complete such investigation. Such an investigation may include, but need not be limited to, public hearings at any location reasonably adjacent to the line of railroad involved in the abandonment or discontinuance application, pursuant to rules and regulations of the Commission. Such a hearing may be held upon the request of any interested party or upon the Commission's own initiative. The burden of proof as to public convenience and necessity shall be upon the applicant for a certificate of abandonment or discontinuance.

Hearings.

"(4) The Commission shall, upon an order with respect to each application for a certificate of abandonment or discontinuance—

"(a) issue such certificate in the form requested by the applicant if it finds that such abandonment or discontinuance is consistent with the public convenience and necessity. In determining whether the proposed abandonment is consistent with the public convenience and necessity, the Commission shall consider whether there will be a serious adverse impact on rural and community development by such abandonment or discontinuance;

"(b) issue such certificate with modifications in such form and subject to such terms and conditions as are required, in the judgment of the Commission, by the public convenience and necessity; or

"(c) refuse to issue such certificate.

Each such certificate which is issued by the Commission shall contain provisions for the protection of the interests of employees. Such provisions shall be at least as beneficial to such interests as provisions established pursuant to section 5(2)(f) of this Act and pursuant to section 405 of the Rail Passenger Service Act (45 U.S.C. 565). If such a certificate is issued, actual abandonment or discontinuance may take effect, in accordance with such certificate, 120 days after the date of issuance thereof.

Transportation
system diagram.

"(5) (a) Each carrier by railroad subject to this part shall, within 180 days after the date of promulgation of regulations by the Commission pursuant to this section, prepare, submit to the Commission, and publish, a full and complete diagram of the transportation system operated, directly or indirectly, by such carrier. Each such diagram which shall include a detailed description of each line of railroad which is 'potentially subject to abandonment', as such term is defined by the Commission. Such term shall be defined by the Commission by rules and such rules may include standards which vary by region of the Nation and by railroad or group of railroads. Each such diagram shall also identify any line of railroad as to which such carrier plans to submit an application for a certificate of abandonment or discontinuance in accordance with this section. Each such carrier shall sub-

mit to the Commission and publish, in accordance with regulations of the Commission, such amendments to such diagram as are necessary to maintain the accuracy of such diagram.

“(b) The Commission shall not issue a certificate of abandonment or discontinuance with respect to a line of railroad if such abandonment or discontinuance is opposed by—

“(i) a shipper or any other person who has made significant use (as determined by the Commission in its discretion) of such line of railroad during the 12-month period preceding the submission of an applicable application under paragraph (1); or

“(ii) a State, or any political subdivision of a State, if such line of railroad is located, in whole or in part, within such State or political subdivision;

unless such line or railroad has been identified and described in a diagram or in an amended diagram which was submitted to the Commission under subdivision (a) at least 4 months prior to the date of submission of an application for such certificate.

“(6) (a) Whenever the Commission makes a finding, in accordance with this section, that the public convenience and necessity permit the abandonment or discontinuance of a line or railroad, it shall cause such finding to be published in the Federal Register. If, within 30 days of such publication, the Commission further finds that—

Publication in

“(i) a financially responsible person (including a government entity) has offered financial assistance (in the form of a rail service continuation payment) to enable the rail service involved to be continued; and

“(ii) it is likely that such proffered assistance would—

“(A) cover the difference between the revenues which are attributable to such line of railroad and the avoidable cost of providing rail freight service on such line, together with a reasonable return on the value of such line; or

“(B) cover the acquisition cost of all or any portion of such line of railroad;

the Commission shall postpone the issuance of a certificate of abandonment or discontinuance for such reasonable time, not to exceed 6 months, as is necessary to enable such person or entity to enter into a binding agreement, with the carrier seeking such abandonment or discontinuance, to provide such assistance or to purchase such line and to provide for the continued operation of rail services over such line. Upon notification to the Commission of the execution of such an assistance or acquisition and operating agreement, the Commission shall postpone the issuance of such a certificate for such period of time as such an agreement (including any extensions or modifications) is in effect.

“(b) A carrier by railroad subject to this part shall promptly make available, to any party considering offering financial assistance in accordance with subdivision (a), its most recent reports on the physical condition of any line of railroad with respect to which it seeks a certificate of abandonment or discontinuance, together with such traffic, revenue, and other data as is necessary to determine the amount of assistance that would be required to continue rail service.

“(7) Whenever the Commission finds, under paragraph (6) (a) of this section, that an offer of financial assistance has been made, the Commission shall determine the extent to which the avoidable cost of providing rail service plus a reasonable return on the value of the rail properties involved exceed the revenues attributable to the line of railroad or the rail service involved.

“(8) Petitions for abandonment or discontinuance which were filed and pending before the Commission as of the date of enactment of this section or prior to the promulgation by the Commission of regulations required under this section shall be governed by the provisions of section 1 of this Act which were in effect on such date of enactment, except that paragraphs (6) and (7) of this section shall be applicable to such petitions.

Penalty.

“(9) Any abandonment or discontinuance which is contrary to any provision of this section, of any regulation promulgated under this section, or of any terms and conditions of an applicable certificate, may be enjoined by an appropriate district court of the United States in a civil action commenced and maintained by the United States, the Commission, or the attorney general or the transportation regulatory body of an affected State or area. Such a court may impose a civil penalty of not to exceed \$5,000 on each person who knowingly authorizes, consents to, or permits any violation of this section or of any regulation under this section.

“Avoidable cost.”

“(10) As used in this section:

“(a) The term ‘avoidable cost’ means all expenses which would be incurred by a carrier in providing a service which would not be incurred, in the case of discontinuance, if such service were discontinued or, in the case of abandonment, if the line over which such service was provided were abandoned. Such expenses shall include but are not limited to all cash inflows which are foregone and all cash outflows which are incurred by such carrier as a result of not discontinuing or not abandoning such service. Such foregone cash inflows and incurred outflows shall include (i) working capital and required capital expenditures, (ii) expenditures to eliminate deferred maintenance, (iii) the current cost of freight cars, locomotives and other equipment, and (iv) the foregone tax benefits from not retiring properties from rail service and other effects of applicable Federal and State income taxes.

“Reasonable return.”

“(b) The term ‘reasonable return’ shall, in the case of a railroad not in reorganization, be the cost of capital to such railroad (as determined by the Commission), and, in the case of a railroad in reorganization, shall be the mean cost of capital of railroads not in reorganization, as determined by the Commission.”.

LOCAL RAIL SERVICE ASSISTANCE

SEC. 803. Section 5 of the Department of Transportation Act, as added by section 401 of this Act (49 U.S.C. 1654), is amended by adding at the end thereof the following 10 new subsections:

“(f) The Secretary shall, in accordance with this section, provide financial assistance to States for rail freight assistance programs that are designed to cover—

“(1) the cost of rail service continuation payments;

“(2) the cost of purchasing a line of railroad or other rail properties to maintain existing or provide for future rail service;

“(3) the cost of rehabilitating and improving rail properties on a line of railroad to the extent necessary to permit adequate and efficient rail freight service on such line; and

“(4) the cost of reducing the costs of lost rail service in a manner less expensive than continuing rail service.

Federal share.

“(g) The Federal share of the costs of any rail service assistance program shall be as follows: (1) 100 percent for the period from July 1, 1976 to June 30, 1977; (2) 90 percent for the period from July 1, 1977 to June 30, 1978; (3) 80 percent for the period from

July 1, 1978 to June 30, 1979; and (4) 70 percent for the period from July 1, 1979 to June 30, 1981. For the period from July 1, 1979 to June 30, 1981, the Secretary may make such adjustments in the percentage level of the Federal share as may be necessary and appropriate so as not to exceed the maximum amount of funds authorized under subsection (o) of this section. The Secretary shall, within 1 year after the date of enactment of this subsection, promulgate standards and procedures under which the State share of such cost may be provided through in-kind benefits such as forgiveness of taxes, trackage rights, and facilities which would not otherwise be provided.

Standards and
procedures.

“(h) Each State which is, pursuant to subsection (j) of this section, eligible to receive rail service assistance is entitled to an amount equal to the total amount authorized and appropriated for such purpose, multiplied by a fraction whose numerator is the rail mileage in such State which is eligible for rail service assistance under this section and whose denominator is the rail mileage in all of the States which are eligible for rail service assistance under this section. Notwithstanding the provisions of the preceding sentence, the entitlement of each State shall not be less than 1 percent of the funds appropriated. For purposes of this subsection, rail mileage shall be measured by the Secretary, in consultation with the Interstate Commerce Commission. Any portion of the entitlement of any State which is withheld, in accordance with this section, and any such sums which are not used or committed by a State shall be reallocated immediately, to the extent practicable, among the other States, in accordance with the formula set forth in the first sentence of this subsection.

“(i) Rail service assistance to which a State is entitled under this section may be allocated by such State to meet the cost of establishing and implementing the State rail plan required by subsection (j) of this section or by section 402(c)(1) of the Regional Rail Reorganization Act of 1973 (45 U.S.C. 762(c)(1)). Such grants shall be made available by the Secretary during the course of the State rail planning process, and shall be distributed by the Secretary as needed by the States. The amount of State rail planning grants to which each State (including each State referred to in subsection (n)(1) of this section) is entitled shall be proportionate to the amount of rail service assistance to which such State is entitled under this Act.

“(j) A State is eligible to receive rail service assistance from the Secretary if—

Eligibility.

“(1) such State has established an adequate plan for rail services in such State as part of an overall planning process for all transportation services in such State, including a suitable process for updating, revising, and amending such plan;

“(2) such State plan is administered or coordinated by a designated State agency and provides for the equitable distribution of resources;

“(3) such State agency (A) has authority and administrative jurisdiction to develop, promote, supervise, and support safe, adequate, and efficient rail transportation services, (B) employs or will employ, directly or indirectly, sufficient trained and qualified personnel, (C) maintains or will maintain adequate programs of investigation, research, promotion, and development, with provisions for public participation, and (D) is designated and directed solely, or in cooperation with other State agencies to take all practicable steps to improve transportation safety and to reduce transportation-related energy utilization and pollution;

“(4) such State provides satisfactory assurance that it has or will adopt and maintain adequate procedures for financial control,

accounting, and performance evaluation in order to assure proper use of Federal funds; and

“(5) such State complies with regulations of the Secretary issued under this section and the Secretary determines that such State meets or exceeds the requirements of paragraphs (1) through (4) of this subsection.

“(k) A project is eligible in any year for financial assistance from the applicable rail service assistance program only if—

“(1) (A) the Commission has found that the public convenience and necessity permit the abandonment of, or the discontinuance of rail service on, the line of railroad which is related to such project, or (B) the line of railroad or related project was eligible for assistance under title IV of the Regional Rail Reorganization Act of 1973; and

“(2) such line, or related projects, has not previously been the subject of Federal rail service assistance under this section for more than 5 fiscal years.

“(1) The Secretary shall pay to each eligible State an amount equal to its entitlement under subsection (h) of this section, to be expended or committed to one or more projects which are eligible, pursuant to subsection (k) of this section.

45 USC 761.

Recordkeeping.

“(m) (1) Each recipient of financial assistance under subsections (e) through (o) of this section, whether in the form of grants, subgrants, contracts, subcontracts, or other arrangements, shall keep such records as the Secretary shall prescribe including records which fully disclose the amount and disposition by such recipient of the proceeds of such assistance, the total cost of the project or undertaking in connection with which such assistance was given or used, the amount of that portion of the cost of the project which was supplied by other sources, and such other records as will facilitate an effective audit. Such records shall be maintained for 3 years after the completion of such a project or undertaking.

Audit.

“(2) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access, for the purpose of audit and examination, to any books, documents, papers, and records of receipts which, in the opinion of the Secretary or of the Comptroller General may be related or pertinent to the grants, contracts, or other arrangements referred to in paragraph (1) of this subsection.

“(B) a performance audit of the activities and transactions assisted under this section, in accordance with generally accepted management principles.

Rules and regulations.

Such audits may be conducted by independent certified or licensed public accountants and management consultants approved by the Secretary and the Comptroller General, and they shall be conducted in accordance with such rules and regulations as may be prescribed by the Comptroller General.

“State.”

“(n) As used in this section, the term ‘State’ means—

“(1) during the period from the date of enactment of this subsection through the second anniversary of the date on which rail properties are conveyed pursuant to section 303(b)(1) of the Regional Rail Reorganization Act of 1973 (45 U.S.C. 743(b)(1)), any State in which a carrier by railroad subject to part I of the Interstate Commerce Act maintains any line of railroad,

49 USC 1.

except that the term shall not include the States of Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, West Virginia, Ohio, Indiana, Michigan, and Illinois, and the District of Columbia; and

“(2) during the period following the second anniversary of the date on which rail properties are conveyed pursuant to such section 303(b)(1), any State in which a carrier by railroad subject to part I of the Interstate Commerce Act maintains any line of railroad.” 45 USC 743.

“(o) There are authorized to be appropriated to the Secretary for the purposes of subsections (f) through (o) of this section not to exceed \$360,000,000, without fiscal year limitation. Of the foregoing sums, not to exceed \$5,000,000 shall be made available for planning grants during each of the 3 fiscal years ending June 30, 1976; September 30, 1977; and September 30, 1978. In addition, any appropriated sums remaining after the repeal of section 402 of the Regional Rail Reorganization Act of 1973 are authorized to remain available to the Secretary for purposes of subsections (f) through (o) of this section. Such sums as are appropriated are authorized to remain available until expended.” Appropriation authorization. 45 USC 762.

TERMINATION AND CONTINUATION OF RAIL SERVICES

SEC. 804. Section 304 of the Regional Rail Reorganization Act of 1973 (45 U.S.C. 744) is amended to read as follows:

“TERMINATION AND CONTINUATION OF RAIL SERVICES

“SEC. 304. (a) DISCONTINUANCE.—(1) Except as provided in subsections (c) and (f) of this section, rail service on rail properties of a railroad in reorganization in the region, or of a person leased, operated, or controlled by such a railroad, which transfers to the Corporation or to profitable railroads operating in the region all or substantially all of its rail properties designated for such conveyance in the final system plan, and rail service on rail properties of a profitable railroad operating in the region which transfers substantially all of its rail properties to the Corporation or to other railroads pursuant to the final system plan, may be discontinued, to the extent such discontinuance is not precluded by the terms of the leases and agreements referred to in section 303(b)(2) of this title, if—

“(A) the final system plan does not designate rail service to be operated over such rail properties;

“(B) not sooner than 30 days following the effective date of the final system plan, the trustee or trustees of the applicable railroad in reorganization or a profitable railroad give notice in writing of intent to discontinue such service on a date certain which is not less than 60 days after the date of such notice or on the date of any conveyance ordered by the special court pursuant to section 303(b)(1) of this title, whichever is later; and

“(C) the notice required by subparagraph (B) of this paragraph is sent by certified mail to the Commission; to the chief executive officer, the transportation agencies, and the government of each political subdivision of each State in which such rail properties are located; and to each shipper who has used such rail service during the previous 12 months.

“(2) (A) If rail properties are not, in accordance with the designations in the final system plan, required to be operated, as a consequence of a recommended arrangement for joint use or operation of

- 45 USC 716. rail properties (under section 206(g) of this Act) or as part of a coordination project (under sections 206 (c) and (g) of this Act), rail service on such properties may be discontinued, subsequent to the date of conveyance of rail properties pursuant to such section 303(b) (1), if the Commission determines that such rail service on such rail properties is not compensatory and if—
- 45 USC 743. “(i) the petitioner and any other railroad involved in such arrangement or coordination project have, prior to filing an application for such discontinuance, entered into a binding agreement (effective on or before the effective date of such discontinuance) to carry out such arrangement or project;
- “(ii) such application is filed with the Commission not later than 1 year after the effective date of the final system plan; and
- “(iii) such discontinuance is not precluded by the terms of the leases and agreements referred to in such section 303(b) (2).
- “(B) For purposes of this paragraph, rail service on rail properties is compensatory if the revenue attributable to such properties from such service equals or exceeds the sum of the avoidable costs of providing such service on such properties plus a reasonable return on the value of such rail properties, as determined in accordance with the standards developed pursuant to section 205(d) (6) of this Act.
- 45 USC 715. “(C) The Commission shall make its final determination, with respect to any discontinuance requested under this paragraph, not later than 120 days after the date of filing of an application therefor. The applicant shall have the burden of proving that the service involved is not compensatory. If the Commission fails to make a final determination within such time, the application shall be deemed to be granted.
- Rules and regulations. “(D) The Commission may issue such rules, regulations, and procedures as it deems necessary for the conduct of its functions under this paragraph.
- Notice. “(b) ABANDONMENT.—(1) Except as provided in subsections (c) and (f) of this section, rail properties over which rail service has been discontinued under subsection (a) of this section may not be abandoned sooner than 120 days after the effective date of the discontinuance. Thereafter, except as provided in subsection (c) of this section, such rail properties may be abandoned upon 30 days’ notice in writing to any person (including a government entity) required to receive notice under subsection (a) (1) (C) of this section.
- “(2) In any case in which rail properties proposed to be abandoned under this section are designated by the final system plan as rail properties which are suitable for use for other public purposes (including roads or highways, other forms of mass transportation, conservation, and recreation), such rail properties shall not be sold, leased, exchanged, or otherwise disposed of during the 240-day period beginning on the date of notice of proposed abandonment under this section unless such rail properties have first been offered, upon reasonable terms, for acquisition for public purposes.
- “(3) Rail service may be discontinued, under subsection (a) of this section, and rail properties may be abandoned, under this section, notwithstanding any provision of the Interstate Commerce Act, the constitution or law of any State, or the decision of any court or administrative agency of the United States or of any State.
- “(c) CONTINUATION OF RAIL SERVICES.—No rail service may be discontinued and no rail properties may be abandoned, pursuant to this section—
- “(1) in the case of service and properties referred to in subsections (a) (1) and (b) (1) of this section, after 2 years from the

effective date of the final system plan or more than 2 years after the date on which the final rail service continuation payment is received, whichever is later; or

“(2) if a financially responsible person (including a government entity) offers—

“(A) to provide a rail service continuation payment which is designed to cover the difference between the revenue attributable to such rail properties and the avoidable costs of providing rail service on such properties, together with a reasonable return on the value of such properties;

“(B) to provide a rail service continuation payment which is payable pursuant to a lease or agreement with a State or with a local or regional transportation authority under which financial support was being provided on January 2, 1974 for the continuation of rail passenger service; or

“(C) to purchase, pursuant to subsection (f) of this section, such rail properties in order to operate rail services thereon.

If a rail service continuation payment is offered, pursuant to paragraph (2)(A) of this subsection, for both freight and passenger service on the same rail properties, the owner of such properties may not be entitled to more than one payment of a reasonable return on the value of such properties.

“(d) RAIL FREIGHT SERVICE.—(1) If a rail service continuation payment is offered, pursuant to subsection (c)(2)(A) of this section, for rail freight service, the person offering such payment shall designate the operator of such service and enter into an operating agreement with such operator. The person offering such payment shall designate as the operator of such service—

“(A) the Corporation, if rail properties of the Corporation connect with the line of railroad involved, unless the Commission determines that such rail service continuation could be performed more efficiently and economically by another railroad;

“(B) any other railroad whose rail properties connect with such line, if the Corporation's rail properties do not so connect or if the Commission makes a determination in accordance with subparagraph (A) of this paragraph; or

“(C) any responsible person (including a government entity) which is willing to operate rail service over such rail properties.

A designated railroad may refuse to enter into such an operating agreement only if the Commission determines, on petition by any affected party, that the agreement would substantially impair such railroad's ability to serve adequately its own patrons or to meet its outstanding common carrier obligations. The designated operator shall, pursuant to each such operating agreement (i) be obligated to operate rail freight service on such rail properties, and (ii) be entitled to receive, from the person offering such payment, the difference between the revenue attributable to such properties and the avoidable costs of providing service on such rail properties, together with a reasonable management fee, as determined by the Office.

“(2) The trustees of a railroad in reorganization shall permit rail service to be continued on any rail properties with respect to which a rail service continuation payment operating agreement has been entered into under this subsection. Such trustees shall receive a reasonable return on the value of such properties, as determined in accordance with the standards developed pursuant to section 205(d)(6) of this Act.

45 USC 743. “(3) If necessary to prevent any disruption or loss of rail service, at any time after the date of conveyance, pursuant to section 303(b)(1) of this title, the Commission—

“(A) shall take such action as may be appropriate under its existing authority (including the enforcement of common carrier requirements applicable to railroads in reorganization in the region) to ensure compliance with obligations imposed under this subsection; and

“(B) shall have authority, in accordance with the provisions of section 1(16)(b) of the Interstate Commerce Act (49 U.S.C. 1(16)(b)), to direct rail service to be provided by any designated railroad or by the trustees of a railroad in reorganization in the region, if a rail service continuation payment has been offered but an applicable operating or lease agreement is not in effect.

45 USC 715. Jurisdiction. For purposes of the preceding sentence, any compensation required as a result of such directed service shall be determined in accordance with the standards developed pursuant to section 205(d)(6) of this Act. The district courts of the United States shall have jurisdiction, upon petition by the Commission or any interested person (including a government entity), to enforce any order of the Commission issued pursuant to the exercise of its authority under this subsection, or to enjoin any designated entity or the trustees of a railroad in reorganization in the region from refusing to comply with the provisions of this subsection.

“(e) RAIL PASSENGER SERVICE.—(1) The Corporation (or a profitable railroad) shall provide rail passenger service for a period of 180 days immediately following the date of conveyance (pursuant to section 303(b)(1) of this title), with respect to any rail properties over which a railroad in reorganization in the region, or a person leased, operated, or controlled by such a railroad, was providing rail passenger service immediately prior to such date of conveyance. Such service shall be provided on such properties regardless of whether or not such properties are designated in the final system plan as rail properties over which rail service is required to be operated, except with respect to properties over which such service is provided by the National Railroad Passenger Corporation.

“(2) If a State (or a local or regional transportation authority) was providing financial assistance to support the operation of rail passenger service, pursuant to a lease or agreement which was in effect immediately prior to the date of conveyance (pursuant to such section 303(b)(1)), the Corporation (or a profitable railroad) shall be bound by the service provisions of such lease or agreement for the duration of the 180-day mandatory operation period specified in paragraph (1) of this subsection. If a State or such an authority was providing financial assistance for the continuation of rail passenger service on rail properties immediately prior to such date of conveyance, it shall provide the same level of financial assistance during such 180-day mandatory operation period. If no such financial assistance was being provided or if no such lease or agreement was in effect immediately prior to such date of conveyance, with respect to any such rail properties, the Corporation (or a profitable railroad) shall provide the same level of rail passenger service, for the duration of such 180-day mandatory operation period, that was provided prior to such date by the applicable railroad. If—

“(A) such financial assistance is not provided;

“(B) a State (or a local or regional transportation authority) has not, by the end of such 180-day mandatory operation period,

offered a rail service continuation payment pursuant to subsection (c) (2) (A) of this section;

“(C) an applicable rail service continuation payment pursuant to such subsection (c) (2) (A) is not paid when it is due; or

“(D) a payment required under a lease or agreement, pursuant to section 303(b) (2) of this title or subsection (c) (2) (B) of this section, is not paid when it is due, 45 USC 743.

the Corporation (or, where applicable, the National Railroad Passenger Corporation, a profitable railroad, or the trustee or trustees of a railroad in reorganization in the region) may (i) discontinue such rail passenger service, and (ii) with respect to rail properties not designated for inclusion in the final system plan, abandon such properties pursuant to subsections (a) and (b) of this section.

“(3) Nothing in this subsection shall be construed to affect the obligation of the Corporation (or a profitable railroad), or of the trustees of the railroads in reorganization in the region, to provide rail passenger service pursuant to section 303(b) (2) of this title or subsection (c) (2) (B) of this section.

“(4) If a State (or a local or regional transportation authority)—

“(A) offers a rail service continuation payment, pursuant to subsection (c) (2) (A) of the section and under regulations issued by the Office pursuant to section 205(d) (5) of this Act, for the operation of rail passenger service after the 180-day mandatory operation period, and 45 USC 715.

“(B) provides compensation, pursuant to paragraph (2) of this subsection, for operations conducted during the 180-day mandatory operation period,

the Corporation (or a profitable railroad) shall continue to provide such service after the end of such period, except as otherwise provided in this subsection.

“(5) (A) The Secretary shall reimburse the Corporation (or a profitable railroad) for any loss which is incurred by it during the 180-day mandatory operation period specified in paragraph (1) of this subsection which is not compensated for by a State (or a local or regional transportation authority). The amount of such reimbursement shall be determined pursuant to section 17(a) (1) of the Urban Mass Transportation Act of 1964 and under regulations issued by the Office pursuant to section 205(d) (5) of this Act.

Post, p. 143.

“(B) The Secretary shall reimburse States, local public bodies, and agencies thereof for additional costs incurred by such States, bodies, and agencies for rail service continuation payments for rail passenger service pursuant to section 17(a) (2) of the Urban Mass Transportation Act of 1964 and under regulations issued by the Office pursuant to section 205(d) (5) of this Act.

“(C) If a dispute arises with respect to the application of any such regulations, the parties to such dispute may submit such dispute to arbitration by a third party. If the parties are unable to agree upon the selection of an arbitrator, the Chairman of the Commission shall serve in that capacity (except as to matters required to be decided by the Commission, pursuant to section 402(a) of the Rail Passenger Service Act (45 U.S.C. 562(a))).

“(6) Notwithstanding any other provision of this subsection, the Corporation is not obligated to provide rail passenger service on rail properties if a State (or a local or regional transportation authority) contracts for such service to be provided on such properties by an operator other than the Corporation, except that the Corporation shall, where appropriate, provide such operator with access to such properties for such purpose.

“(f) **PURCHASE.**—If an offer to purchase is made under subsection (c) (2) (C) of this section, such offer shall be accompanied by an offer of a rail service continuation payment. Such payment shall continue until the purchase transaction is completed, unless a railroad assumes operations over such rail properties of its own account pursuant to an order or authorization of the Commission. Whenever a railroad in reorganization in the region or a profitable railroad gives notice of intent to discontinue service pursuant to subsection (a) of this section, such railroad shall, upon the request of anyone apparently qualified to make an offer to purchase or to provide a rail service continuation payment, promptly make available its most recent reports on the physical condition of such property, together with such traffic and revenue data as would be required under subpart B of part 1121 of chapter X of title 49 of the Code of Federal Regulations and such other data as are necessary to ascertain the avoidable costs of providing service over such rail properties.

“(g) **ABANDONMENT BY CORPORATION.**—After the rail system to be operated by the Corporation or a subsidiary thereof under the final system plan has been in operation for 2 years, the Commission may authorize the Corporation or a subsidiary thereof to abandon any rail properties as to which it determines that rail service over such properties is not required by the public convenience and necessity, if the Corporation or a subsidiary thereof can demonstrate that no State (or local or regional transportation authority) is willing to offer a rail service continuation payment pursuant to subsection (c) of this section. The Commission may, at any time after the effective date of the final system plan, authorize additional rail service in the region or authorize the abandonment of rail properties which are not being operated by the Corporation or any subsidiary or affiliate thereof or by any other person. Determinations by the Commission under this subsection shall be made pursuant to applicable provisions of the Interstate Commerce Act.

45 USC 743.

“(h) **INTERIM ABANDONMENT.**—After the date of enactment of this section and prior to the date of conveyance (pursuant to section 303 (b) (1) of this title), no railroad in reorganization in the region may discontinue service or abandon any line of railroad other than in accordance with the provisions of this Act, unless (1) it is authorized to do so by the Association, and (2) no affected State (or local or regional transportation authority) reasonably opposes such action, notwithstanding any provision of any other Federal law, the constitution or law of any State, or the decision or order of, or the pendency of any proceeding before any Federal or State court, agency, or authority.

“(i) **DISPOSITION OF DESIGNATED RAIL PROPERTIES.**—No railroad in reorganization in the region and no person leased, operated or controlled by such a railroad shall sell, transfer, encumber, or otherwise dispose of rail property, or any right or interest therein, designated for transfer to the Corporation or conveyance to a profitable railroad in the final system plan, except pursuant to section 303 (b) of this title. The provisions of this subsection shall not apply to any such sale, transfer, encumbrance, or other disposition—

“(1) as to which the Association generally or specifically consents in writing;

“(2) which, prior to enactment of the Railroad Revitalization and Regulatory Reform Act of 1976, had been specifically approved by a United States district court having jurisdiction over the reorganization of a railroad in reorganization under section 77 of the Bankruptcy Act (11 U.S.C. 205); or

Ante, p. 31.

“(3) following certification to the special court, pursuant to section 209(c) of the Regional Rail Reorganization Act of 1973, of any such rail properties not previously so certified. 45 USC 719.

“(j) EXEMPTION.—(1) No local public body which provides mass transportation services and which is otherwise subject to the Interstate Commerce Act shall, with respect to the provision of such services, be subject to the Interstate Commerce Act or to rules, regulations and orders promulgated under such Act, except that any such local public body shall continue to be subject to applicable Federal laws pertaining to (A) safety, (B) the representation of employees for purposes of collective bargaining, and (C) employment retirement, annuity, and unemployment systems or any other provision pertaining to dealings between employees and employers. 49 USC 1.

“(2) For purposes of this subsection, the term—

“(A) ‘local public body’ has the meaning prescribed for such term in section 12(c)(2) of the Urban Mass Transportation Act (49 U.S.C. 1608(c)(2)) and includes any person or entity which contracts with a local public body to provide transportation services; and “Local public body.”

“(B) ‘mass transportation’ has the meaning prescribed for such term in section 12(c)(5) of the Urban Mass Transportation Act (49 U.S.C. 1608(c)(5)).” “Mass transportation.”

CONTINUATION ASSISTANCE

SEC. 805. (a) Section 402 of the Regional Rail Reorganization Act of 1973 (45 U.S.C. 762) is amended to read as follows:

“RAIL SERVICE CONTINUATION ASSISTANCE

“SEC. 402. (a) GENERAL.—(1) The Secretary shall provide financial assistance in accordance with this section to assist in the provision of rail service continuation payments, the acquisition or modernization of rail properties, including the preservation of rights-of-way for future rail service, the construction or improvement of facilities necessary to accommodate the transportation of freight previously moved by rail service, and the cost of operating and maintaining rail service facilities such as yards, shops, docks, or other facilities useful in facilitating and maintaining main line or local rail service. The Federal share of the costs of any such assistance shall be as follows: (A) 100 percent for the 12-month period following the date that rail properties are conveyed pursuant to section 303(b)(1) of this Act; and (B) 90 percent for the succeeding 12-month period. 45 USC 743.

“(2) The Secretary shall, within one year after the date of enactment of the Railroad Revitalization and Regulatory Reform Act of 1976, promulgate standards and procedures under which the State share of such cost may be provided through in-kind benefits such as forgiveness of taxes, trackage rights, and facilities which would not otherwise be provided. Standards and procedures. Ante, p. 31.

“(3) The Secretary, in cooperation with the Secretary of Labor, the Association, and the Commission, shall assist States and local or regional transportation authorities in negotiating initial operating or lease agreements and shall report to the Congress not later than 30 days after the date of enactment of the Railroad Revitalization and Regulatory Reform Act of 1976 on the progress of such negotiations. The Secretary may, with the concurrence of a State, enter directly into operating or lease agreements with railroads designated to provide service under section 304(d) of this Act, and with the trustees of rail- Report to Congress. 45 USC 744.

roads in reorganization in the region over whose rail properties such service will be provided, to assure the uninterrupted continuation of rail service after such date of conveyance. Such agreements may be entered into only during the period when the Federal share is 100 percent. Payments shall be made from the funds to which a State would otherwise be entitled under this section.

“(b) ENTITLEMENT.—(1) Each State in the region which is, pursuant to subsection (c) of this section, eligible to receive rail service continuation assistance is entitled to an amount equal to the total amount authorized and appropriated for such purpose multiplied by a fraction whose numerator is the rail mileage in such State which is eligible for rail service continuation assistance under this section and whose denominator is the rail mileage in all of the States in the region which are eligible for rail service continuation assistance under this section. Notwithstanding the preceding sentence, the entitlement of each State shall not be less than 3 percent of the funds appropriated. Not more than 5 percent of a State's entitlement may be used for rail planning activities. For purposes of this subsection, rail mileage shall be measured by the Secretary in consultation with the Interstate Commerce Commission. Any portion of the entitlement of any State which is withheld, in accordance with this section, and any such sums which are not used or committed by a State shall be reallocated immediately, to the extent practicable, among the other States in accordance with the formula set forth in this subsection. In addition to amounts provided pursuant to such rail mileage formula, funds shall also be made available to each State for the cost of operating and maintaining rail service facilities such as yards, shops, and docks which are useful in facilitating and maintaining mainline or local rail services and which are contained in each State's rail plan, except that (A) any such assistance shall extend for a period of only 12 months following the date rail properties are conveyed under section 303(b)(1) of this Act, and (B) no railroad shall be required to operate such facilities. With respect to the limitation on assistance for rail service facilities under the preceding sentence, the Secretary shall, not later than 90 days prior to the end of such 12-month period, submit a report to the Congress in conjunction with a designated State agency, recommending future action with respect to such facilities.

“(2) For a period of not more than 1 year following the date rail properties are conveyed pursuant to section 303(b)(1) of this Act, the Secretary is authorized to provide financial assistance, from the funds to which a State would otherwise be entitled under this section for the continuation of local rail services, to any person determined by the Secretary to be financially responsible who will enter into any operating and lease agreements with railroads designated to provide service under section 304(d) of this Act, regardless of the eligibility of the State, where the applicable rail properties are located, to receive assistance under subsection (c) of this section. In any case in which a State is eligible to receive rail service continuation assistance under subsection (c) of this section, States shall have priority to receive such payments over any other person eligible under this paragraph and no other person eligible under this paragraph shall receive such payments unless his application therefor has been approved by the State agency designated under subsection (c) to administer the State plan.

“(c) ELIGIBILITY.—(1) A State in the region is eligible to receive financial assistance pursuant to subsection (b) of this section if, in any fiscal year—

“(A) the State has established a State plan for rail transportation and local rail services (herein referred to as the ‘State rail

"(B) the State agency (i) has authority and administrative jurisdiction to develop, promote, supervise, and support safe, adequate, and efficient rail services, (ii) employs or will employ, directly or indirectly, sufficient trained and qualified personnel, and (iii) maintains or will maintain adequate programs of investigation, research, promotion, and development with provision for public participation;

"(C) the State provides satisfactory assurance that such fiscal control and fund accounting procedures will be adopted as may be necessary to assure proper disbursement of, and accounting for, Federal funds paid under this title to the State; and

"(D) the State complies with the regulations of the Secretary issued under this section.

"(2) The rail freight services which are eligible for rail service continuation assistance pursuant to this section are—

"(A) those rail services of railroads in reorganization in the region, or persons leased, operated, or controlled by any such railroad, which the final system plan does not designate to be continued;

"(B) those rail services on rail properties referred to in section 304(a)(2) of this Act;

"(C) those rail services in the region which have been, at any time during the 5-year period prior to the date of enactment of this Act, or which, are subsequent to the date of enactment of this Act, owned, leased, or operated by a State agency or by a local or regional transportation authority, or with respect to which a State, a political subdivision thereof, or a local or regional transportation authority has invested (at any time during the 5-year period prior to the date of enactment of this Act), or invests (subsequent to the date of enactment of this Act), substantial sums for improvement or maintenance of rail service; or

"(D) those rail services in the region with respect to which the Commission authorizes the discontinuance of rail services or the abandonment of rail properties, effective on or after the date of enactment of this Act.

"(3) The rail freight properties which are eligible to be acquired or modernized with financial assistance pursuant to subsection (b) of this section are those rail properties which are used for services eligible for rail service continuation assistance, pursuant to paragraph (2) of this subsection, including those properties which are identified, in the applicable State rail plan as having potential for future use for rail freight service.

"(4) The facilities which are eligible to be constructed or improved with financial assistance pursuant to subsection (b) of this section are those facilities in the region (including intermodal terminals and highways or bridges) which are needed in order to provide rail freight service which will no longer be available because of the discontinuance of rail freight service under section 304 of this Act or other lawful authority. No funds provided under this paragraph may be used to pay the State share of any highway projects under title 23, United States Code.

"(5) Rail properties are eligible to be acquired with financial assistance pursuant to subsection (b) of this section if (A) they are

45 USC 716. to be used for intercity or commuter rail passenger service, and (B) they pertain to a line in the region (other than rail properties designated in accordance with section 206(c)(1)(C) of this Act) which, if so acquired (i) would enable the National Railroad Passenger Corporation to serve, more efficiently, a route which it operated on November 1, 1975, (ii) would provide intercity rail passenger service designated by the Secretary under title II of the Rail Passenger Service Act, or (iii) would provide such service over a route designated for service pursuant to section 403(c) of the Rail Passenger Service Act (45 U.S.C. 563(c)).

45 USC 521.

“(d) REGULATIONS.—Within 90 days after the date of enactment of this Act, the Secretary shall issue, and may from time to time amend, regulations with respect to the provision of financial assistance under this title.

“(e) PAYMENT.—The Secretary shall pay to each eligible State in the region an amount equal to its entitlement under subsection (b) of this section.

“(f) RECORDS, AUDIT, AND EXAMINATION.—(1) Each recipient of financial assistance under this section, whether in the form of grants, subgrants, contracts, subcontracts, or other arrangements, shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such assistance, the total cost of the project or undertaking in connection with which such assistance was given or used, the amount of that portion of the cost of the project supplied by other sources, and such other records as will facilitate an effective audit. Such records shall be maintained for 3 years after the completion of such a project or undertaking.

“(2) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of such receipts which in the opinion of the Secretary or the Comptroller General may be related or pertinent to the grants, contracts, or other arrangements referred to in such paragraph.

Notice and
hearing.

“(g) WITHHOLDING.—If the Secretary, after reasonable notice and an opportunity for a hearing to any State agency, finds that a State is not eligible for financial assistance under subsections (c) and (d) of this section, payment to such State shall not be made until there is no longer any failure to comply.

“(h) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Secretary to carry out the purposes of this section an amount not to exceed \$180,000,000 without fiscal year limitation. Such sums as are appropriated shall remain available until expended.

“(i) DEFINITION.—As used in this section, the term ‘rail service continuation assistance’ includes expenditures made by a State (or a local or regional transportation authority), at any time during a 1-year period preceding the date of enactment of this Act, or subsequent to the date of enactment of this Act, for acquisition, rehabilitation, or modernization of rail facilities on which rail freight services would have been curtailed or abandoned but for such expenditures.”

(c) Section 403(b) of the Regional Rail Reorganization Act of 1973 (45 U.S.C. 763(b)) is amended by striking the last sentence thereof and inserting in lieu thereof the following: “Notwithstanding any other provision of this title, a State may expend sums received by it under paragraphs (1) and (2) of section 402(b) of this title for

(a) STUDY.—The Secretary shall, within 360 days after the date of enactment of this Act, and in consultation with the Secretary of the Interior, the Office, the Association, the Environmental Protection Agency, any other appropriate Federal agency, any appropriate State and regional transportation agency, any other appropriate State and local governmental entities, and any appropriate private groups and individuals, prepare and submit to the Congress and the President a report on the conversion of railroad rights-of-way. This

report shall evaluate and make suggestions concerning potential alternate uses of, and public policy with respect to the conversion of, railroad rights-of-way on which service has been discontinued or is likely to be discontinued. This report shall include—

(1) an inventory statement developed by the Secretary as to all abandoned railroad rights-of-way and significant segments of such rights-of-way which retain their linear characteristics, including, as to each, identification of the owner of record and an evaluation of its topography, characteristics, condition, approximate value, and alternate use suitability;

(2) an evaluation of the advantages of establishing a rail bank consisting of selected such rights-of-way, as a means of assuring their availability for potential railroad use in the future, a discussion of interim uses for such rights-of-way, the development of conveyancing and leasing forms, conditions, and practices to assure such availability, a projection as to the costs of such a program, and recommendations regarding the administration of such a program;

(3) a survey of existing Federal, State, and local programs utilizing or attempting to utilize abandoned railroad rights-of-way for public purposes, including an assessment of the benefits and costs of each; and

(4) an assessment and evaluation of suggestions for more effective public utilization of abandoned railroad rights-of-way, including recommendations for legislative, administrative, and regulatory action, if any, and proposals as to the optimum level of funding therefor.

(b) **INFORMATION AND FUNDING.**—The Secretary of the Interior, after consultation with the Secretary, shall, in accordance with this subsection, provide financial, educational, and technical assistance to local, State, and Federal governmental entities for programs involving the conversion of abandoned railroad rights-of-way to recreational and conservation uses, in such manner as to coordinate and accelerate such conversion, where appropriate. Such assistance shall include—

(1) encouraging and facilitating exchanges of information dealing with the availability of railroad rights-of-way, the technology involved in converting such properties to such public purposes, and related matters;

(2) making grants, in consultation with the Bureau of Outdoor Recreation of the Department of the Interior, to State and local governmental entities to enable them to plan, acquire, and develop recreational or conservation facilities on abandoned railroad rights-of-way, which grants shall cover not more than 90 percent of the cost of the planning, acquisition, or development activity of the particular project for which funds are sought;

(3) allocating funds to other Federal programs concerned with recreation or conservation in order to enable abandoned railroad rights-of-way, where appropriate, to be included in or made into national parks, national trails, national recreational areas, wildlife refuges, or other national areas dedicated to recreational or conservation uses; and

(4) providing technical assistance to other Federal agencies, States, local agencies, and private groups for the purpose of enhancing conversion projects. To increase the available information and expertise, the Secretary may contract for special studies or projects and may otherwise collect, evaluate, and disseminate information dealing with the utilization of such rights-of-way.

49 USC 1a. (c) CONFORMING AMENDMENT.—Section 1a of the Interstate Commerce Act, as inserted by this Act, is amended by redesignating paragraph (10) thereof as paragraph (11), and by inserting immediately after paragraph (9) the following new paragraph:

“(10) In any instance in which the Commission finds that the present or future public convenience and necessity permit abandonment or discontinuance, the Commission shall make a further finding whether such properties are suitable for use for other public purposes, including roads or highways, other forms of mass transportation, conservation, energy production or transmission, or recreation. If the Commission finds that the properties proposed to be abandoned are suitable for other public purposes, it shall order that such rail properties not be sold, leased, exchanged, or otherwise disposed of except in accordance with such reasonable terms and conditions as are prescribed by the Commission, including, but not limited to, a prohibition on any such disposal, for a period not to exceed 180 days after the effective date of the order permitting abandonment unless such properties have first been offered, upon reasonable terms, for acquisition for public purposes.”

49 USC 1a note. (d) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out the provisions of this section, not to exceed \$6,000,000 for the fiscal year and the transitional fiscal period ending September 30, 1976, not to exceed \$7,000,000 for the fiscal year ending September 30, 1977, and not to exceed \$7,000,000 for the fiscal year ending September 30, 1978. Sums appropriated pursuant to this authorization are authorized to remain available until expended. Of the funds appropriated, at least four-fifths are to be made available to the Secretary of the Interior to carry out subsection (b) of this section.

RAIL BANK

49 USC 1653a. SEC. 810. (a) ESTABLISHMENT.—The Secretary shall, within 180 days after the date of enactment of this Act, and after consultation with the Secretary of the Interior and the Secretary of Commerce, in accordance with this section, establish a rail bank to consist of rail trackage and other rail properties eligible under this subsection, for purposes of preserving existing service in certain areas of the United States in which fossil fuel natural resources or agricultural production is located. The Secretary may include in such rail bank any railroad trackage or other rail properties which are listed for consideration for inclusion in a rail bank under part III, section C, of the final system plan.

(b) POWERS.—(1) The Secretary may acquire, by lease, purchase, or in such other manner as he considers appropriate, rail properties or any interests therein eligible for inclusion in the rail bank established under this section. Except as provided in paragraph (2) of this subsection, the Secretary may hold rail properties acquired for such rail bank, and may sell, lease, grant rights over, or otherwise dispose of interests or rights in connection with such rail properties.

(2) The Secretary may not dispose of any such rail properties pursuant to paragraph (1) of this subsection if he determines, after consultation with the Secretary of the Interior and the Secretary of Commerce, that such disposition would adversely affect the availability of such properties for any continued necessary access to, and egress by rail from, facilities in which fossil fuels are being or can be extracted or processed.

(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary for purposes of carrying out the

provisions of this section such sums as are necessary, not to exceed \$6,000,000. Sums appropriated pursuant to this section are authorized to remain available until expended.

49 USC 1654
note.

(1) a showing of the potential cost savings and of possible improvements in service quality which could result from restructuring the railroads in the United States;

(2) an identification of the potential economies and improvements in performance which could result from the improvement of local and terminal operations;

(3) estimates as to potential savings in the cost of rehabilitating the United States railway system if rehabilitation is limited to those portions of such system which are essential to interstate commerce or national defense;

(5) an assessment of the potential effects of alternative rail corporate structures upon the national rail transportation system;

(6) a listing, in order of descending priority, of the rail properties which should be improved to the extent necessary to permit high-speed rail passenger or freight service over such properties, in terms of the costs and benefits of such improvements and the reasons therefor; and

(7) an estimate of the potential benefits of railroad electrification for high density rail lines in the United States, and an evaluation of the costs and benefits of electrifying rail lines in the United States with a high density of traffic, including—

(A) the capital costs of such electrification and the oil fuel economies which would be derived therefrom, the ability of existing power facilities to supply the additional power required, and the amount of coal or other fossil fuels required to generate the power necessary for railroad electrification; and

(B) the advantages to the environment of electrification of railroads in terms of reduced fuel consumption and air pollution, and the disadvantages to the environment from increased use of fuels such as coal; and

(8) a survey and analysis of the financial and physical condition of the facilities, rolling stock, and equipment of the various railroads in the United States.

Within 540 days after the date of enactment of this Act, the Secretary shall submit a report to the Congress setting forth the results of the study conducted pursuant to this section.

The Secretary shall examine ways and means by which future policy respecting Federal aid to rail transportation may be so determined and developed as to encourage the establishment and maintenance of an open and competitive market in which rail transportation competes on equal terms with other modes of transportation, and in which market shares are governed by customer preference based upon the service and full economic costs.

(b) COOPERATION.—The Commission and the Secretary of the Army are authorized and directed to cooperate fully with the Secretary in carrying out the purposes of this section, and also to submit such independent and separate reports, comments, and recommendations as they consider appropriate.

(c) INFORMATION.—In carrying out the purposes of this section, the Secretary may require all common carriers by railroad to file such reports containing such information as the Secretary considers necessary. The Commission shall determine what effects, if any, such diverse structures have on effective transportation, on intermodal competition, on revenue levels, and on such other aspects of national transportation as the Commission considers to be legitimate subjects of study. The Commission shall prepare a report with appropriate recommendations and shall submit its report to the Congress within 1 year after the date of enactment of this Act.

[H.R. 8529]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Rice Production
Act of 1975.

SHORT TITLE

SECTION 1. This Act may be cited as the “Rice Production Act of 1975”. 7 USC 428c note.

TITLE I—RICE ALLOTMENTS AND PRICE SUPPORT

NATIONAL ACREAGE ALLOTMENT AND ALLOCATION

SEC. 101. Effective for the 1976 and 1977 crops of rice, section 352 of the Agricultural Adjustment Act of 1938 is amended to read as follows: 7 USC 1352 note. 7 USC 1352.

“SEC. 352. (a) The Secretary shall establish for each of the 1976 and 1977 crops of rice a national acreage allotment in the amount of one million eight hundred thousand acres.

“(b) The national acreage allotment for each such crop of rice shall be apportioned by the Secretary to farms, and in producer States and administrative areas, to producers on the basis of the rice allotments established for the 1975 crop as adjusted in accordance with subsection (c) of this section: *Provided*, That not to exceed 1 per centum of the national acreage allotment apportioned within each State may be reserved by the State committee for (1) apportionment to new rice farms and new rice producers on the basis of the following factors: suitability of the land for the production of rice, the extent to which the farm operator (or produced in the case of a producer allotment) is dependent on income from farming for his livelihood, the production of rice on other farms owned, operated, or controlled by such person, and such other factors as the State committee determines should be considered for the purpose of establishing fair and equitable rice allotments; (2) making adjustments in farm allotments to correct inequities or to prevent hardship; and (3) making corrections in farm or producer allotments.

“(c) (1) If for any crop the total acreage planted to rice on a farm is less than the rice allotment for the farm (or in producer administrative areas, the producer allotments allocated to the farm), the farm or producer allotment used as a base for the succeeding crop shall be reduced by the percentage by which such planted acreage was less than the allotment for the farm, but such reduction shall not exceed 20 per centum of the farm or producer allotment for the preceding crop; except that if not less than 90 per centum of the farm acreage allotment is planted to rice, the farm shall be considered to have an acreage planted to rice equal to 100 per centum of such allotment. For purposes of this paragraph, an acreage on the farm which the Secretary determines was not planted to rice because of drought, flood, other natural disaster, or a condition beyond the control of the producer shall be

considered to be an acreage planted to rice. For the purpose of this paragraph, the Secretary may permit producers of rice to have acreage devoted to soybeans, wheat, feed grains, sugar, castor beans, triticale, oats, cotton, rye, or such other crops as the Secretary may deem appropriate, considered as devoted to the production of rice to such extent and subject to such terms and conditions as the Secretary determines will not impair the effective operation of the rice program.

“(2) If no acreage is planted (or regarded as planted) to rice for two consecutive crop years on any farm which had a farm acreage allotment for such years or for any producer which had a producer allotment for such years, such farm or producer shall lose it allotment.

“(3) Notwithstanding the provisions of paragraphs (1) and (2) of this subsection, no farm or producer allotment shall be reduced or lost through failure to plant, if the cooperator elects not to receive payments for the portion of the farm or producer allotment not planted to which he would otherwise be entitled under the provisions of section 101(g) of the Agricultural Act of 1949.

7 USC 1441.

“(d) Notwithstanding any other provision of this Act, if the Secretary determines for any year that, because of drought, flood, other natural disaster, or a condition beyond the control of the person involved in the production of rice, none or only part of the acres of an allotment can be timely planted or replanted by or for such person in such year, the Secretary may authorize for such year the transfer of the total number of such acres which are so affected to another farm in the same or any nearby county, but within the same administrative area, on which one or more persons on the farm from which the transfer is made will be engaged in the production of rice and will share in the proceeds thereof, in accordance with such regulations as the Secretary may prescribe. Any allotment, or portion thereof, transferred under this subsection shall be regarded as planted to rice on the farm from which the transfer is made for purposes of establishing future farm allotments. For the purpose of determining the amount of payments and loans made under section 101(g) of the Agricultural Act of 1949 with regard to farms to which allotments, or portions thereof, are transferred under this subsection, the Secretary shall establish a farm yield for any such farm for which there is no established yield.

“(e)(1) The Secretary shall permit the owner and operator of any farm for which a farm acreage allotment has been established to sell or lease all or any part, or the right to all or any part of such allotment, to any other owner or operator of a farm in the same administrative area, or to transfer all or any part of such allotment to any other farm owned or controlled by him in the same administrative area. The Secretary shall also permit the person for whom a producer allotment has been established to sell or lease all or any part of such allotment to any other person in the same administrative area.

“(2)(A) If a producer in a State in which farm rice acreage allotments are determined on the basis of past production of rice by the producer on the farm dies, his history of rice production shall be apportioned in the whole or in part among his heirs or devisees according to the extent to which they may continue, or have continued, his farming operations, if satisfactory proof of such succession of farming operations is furnished the Secretary.

“(B) Upon dissolution of a partnership in a State in which farm rice acreage allotments are determined on the basis of past production of rice by the producer on the farm, the partnership’s history of rice production shall be divided among the partners in such proportion as agreed upon in writing by the partners.

“(C) Any part of the farm rice acreage allotment on which rice will not be planted and which is voluntarily surrendered to the county committee shall be deducted from the allotment to such farm and may be reapportioned by the county committee to other farms in the same county in amounts determined by the county committee to be fair and reasonable. Any allotment surrendered under this subparagraph shall be regarded for purposes of this subsection as having been planted on the farm from which it was surrendered.

“(f) Any acreage planted to rice in excess of the farm or producer acreage allotment in the crop years 1976 and 1977 shall not be taken into account in establishing farm, or producer acreage allotments in any year following such period.”

PAYMENTS AND LOANS

SEC. 102. Effective for the 1976 and 1977 crops of rice, section 101 of the Agricultural Act of 1949 is amended by adding the following new subsection at the end thereof: 7 USC 1441 note.
7 USC 1441.

“(g) Notwithstanding any other provision of law—

“(1) The established price for the purpose of making payments on rice under this subsection shall be \$8 per hundredweight in the case of the 1976 crop, adjusted to reflect any changes in the index of prices paid by farmers for production items, interest, taxes, and wage rates during the period beginning on the date of enactment of the Rice Production Act of 1975, and ending July 31, 1976; for the 1977 crop the established price shall be the established price for the 1976 crop adjusted to reflect any changes in the index of prices paid by farmers for production items, interest, taxes, and wage rates during the twelve-month period immediately preceding July 31, 1977: *Provided*, That any increase that would otherwise be made in the established price for the 1976 and 1977 crops to reflect a change in the index of prices paid by farmers may be further adjusted to reflect any change in (i) the national average yield per acre of rice for the three calendar years preceding the year for which the determination is made, over (ii) the national average yield per acre for the three calendar years preceding the year previous to the one for which the determination is made.

“(2) The Secretary shall make available, to cooperators in the several States of the United States, loans and purchases on the 1976 crop of rice at a rate equal to \$6 per hundredweight, adjusted to reflect any changes in the index of prices paid by farmers for production items, interest, taxes, and wage rates during the period beginning on the date of enactment of the Rice Production Act of 1975 and ending July 31, 1976: *Provided*, That any increase in the rate of loans and purchases for the 1976 crop to reflect a change in the index of prices paid by farmers may be further adjusted to reflect the change described in the proviso in paragraph (1) of this subsection. Loans and purchases for the 1977 crop shall be established at such rate as bears the same ratio to the loan rate for the 1976 crop as the established price for the 1977 crop bears to the established price for the 1976

crops. The loans and purchases for the 1976 and 1977 crops shall be made available to cooperators on a farm with respect to a quantity of rice determined by multiplying the allotment by the yield established for the farm, as determined in the manner described in the second sentence of paragraph (4) of this subsection.

“(3) The Secretary shall make available to cooperators payments for each of the 1976 and 1977 crops of rice grown in the several States of the United States at a rate equal to the amount by which the established price for the crop of rice exceeds the higher of—

“(A) the national average market price received by farmers during the first five months of the marketing year for such crop, as determined by the Secretary; or

“(B) the loan level determined under paragraph (2) for such crop.

“(4) The payments for the 1976 and 1977 crops shall be made available to cooperators on a farm with respect to a quantity of rice determined by multiplying the allotment by the yield established for the farm. The yield for the farm for any year shall be determined on the basis of the actual yields per harvested acre for the three preceding years: *Provided*, That the actual yields shall be adjusted by the Secretary for abnormal yields in any year caused by drought, flood, other natural disaster, or condition beyond the control of the cooperator. If the Secretary determines that the persons involved in producing rice on a farm are prevented from planting all or any portion of the acreage allotments of producers on the farm or farm acreage allotment to rice or other nonconserving crop, because of droughts, flood, or other natural disaster or condition beyond the control of the producer, the rate of payment with regard to such acres so affected shall be the larger of (A) the foregoing rate, or (B) one-third of the established price, except that the Secretary shall make no payment pursuant to this sentence on a farm from which acres were transferred under section 352(d) of the Agricultural Adjustment Act of 1938 with respect to the transferred acreage. If the Secretary determines that, because of such disaster or condition, the total quantity of rice which the persons involved in producing rice are able to harvest on any farm is less than 66⅔ per centum of the acreage allotments of producers on the farm or of the farm acreage allotment times the yield of rice established for the farm, the rate of payment for the deficiency in production below 100 per centum shall be the larger of (A) the foregoing rate, or (B) one-third of the established price. Any payment made under the previous two sentences with regard to acres transferred under section 352(d) of the Agricultural Adjustment Act of 1938 shall be calculated with respect to the farm yield established on the farm to which such acres were transferred.

7 USC 1352.

Set-aside of
cropland.

“(5) (A) The Secretary may provide for a set-aside of cropland for a crop of rice if he estimates (without taking into consideration the effect of a set-aside), that the carryover of rice for the marketing year beginning in the calendar year immediately following the calendar year in which such crop will be grown will exceed 15 per centum of the total supply of rice for the marketing year beginning in the calendar year in which such crop will be grown. The Secretary shall make a preliminary determination prior to the beginning of the calendar year in which such crop will be grown and a final determination not later than April 1 of the calendar year in which such crop is grown of whether a set-aside shall be in effect and, if so, the acreage of crop-

land required to be set aside. The determinations and estimates on which they are based shall be published in the Federal Register at the time they are made. If a set-aside of cropland is in effect under this paragraph then, as a condition of eligibility for payments, loans and purchases under this subsection, the cooperators must set aside and devote to conservation uses an acreage of cropland equal to (i) such percentage of the farm acreage allotment as may be specified by the Secretary (not to exceed 30 per centum of the farm acreage allotment), plus, if required by the Secretary, (ii) the acreage of cropland on the farm devoted in preceding years to soil conserving uses, as determined by the Secretary. The Secretary shall permit cooperators to plant and graze sweet sorghum on set-aside acreage. The Secretary may permit, subject to such terms and conditions as he may prescribe, all or any part of the set-aside acreage to be devoted to hay and grazing or the production of guar, sesame, safflower, sunflower, castor beans, mustard seed, crambe, plantago ovato, flaxseed, triticale, oats, rye, or other commodity, if he determines that such production is needed to provide an adequate supply of such commodities, is not likely to increase the cost of the price support program, and will not adversely affect farm income.

Publication in
Federal Register.

“(B) To assist in adjusting the acreage of rice to desirable goals, the Secretary may make land diversion payments, in addition to the payments authorized in paragraph (3) of this subsection, to cooperators on a farm who, to the extent prescribed by the Secretary, devote to approved conservation uses an acreage of cropland on the farm in addition to that required to be devoted under subparagraph (A) of this paragraph. The land diversion payments for a farm shall be at such rate or rates as the Secretary determines to be fair and reasonable taking into consideration the diversion undertaken by the cooperator and the productivity of the acreage diverted. The Secretary shall limit the total acreage to be diverted under agreements in any county or local community so as not to adversely affect the economy of the county or local community.

Land diversion
payments.

“(6) The rice program formulated under this subsection shall require the cooperators to take such measures as the Secretary may deem appropriate to protect the set-aside acreage and the additional diverted acreage from erosion, insects, weeds, and rodents. Such acreage may be devoted to wildlife food plots or wildlife habitat in conformity with standards established by the Secretary in consultation with wildlife agencies. The Secretary may pay an appropriate share of the cost of practices designed to carry out the purposes of the foregoing sentences. The Secretary may provide for an additional payment on such acreage in the amount determined by the Secretary to be appropriate in relation to the benefit to the general public if the cooperator agrees to permit, without other compensation, access to all or such portion of the farm as the Secretary may prescribe by the general public, for hunting, trapping, fishing, and hiking, subject to applicable State and Federal regulations.

“(7) If the operator of the farm desires to participate in the program formulated under this subsection, he shall file his agreement to do so no later than such date as the Secretary may prescribe. Payments under this subsection shall be made available to cooperators on such farm only if such cooperators set aside and devote to approved soil conserving uses an acreage on the farm equal to the number of acres

which the operator of the farm agrees to set aside and devote to approved soil conserving uses, and the agreement shall so provide. The Secretary may, by mutual agreement with the cooperators on the farm, terminate or modify any such agreement entered into pursuant to this subsection if he determines such action necessary because of any emergency created by drought or other disaster, or in order to alleviate a shortage in the supply of rice.

“(8) The Secretary shall provide adequate safeguards to protect the interests of tenants and sharecroppers including provision for sharing, on a fair and equitable basis, in payments under this subsection.

“(b) Upon entering a judgment of conviction, the court having jurisdiction to impose sentence, when in its opinion the ends of justice and best interest of the public require that the defendant be sentenced to imprisonment for a term exceeding one year, may (1) designate in the sentence of imprisonment imposed a minimum term at the expiration of which the prisoner shall become eligible for parole, which term may be less than but shall not be more than one-third of the maximum sentence imposed by the court, or (2) the court may fix the maximum sentence of imprisonment to be served in which event the court may specify that the prisoner may be released on parole at such time as the Commission may determine.

“(c) If the court desires more detailed information as a basis for determining the sentence to be imposed, the court may commit the defendant to the custody of the Attorney General, which commitment shall be deemed to be for the maximum sentence of imprisonment prescribed by law, for a study as described in subsection (d) of this section. The results of such study, together with any recommendations which the Director of the Bureau of Prisons believes would be helpful in determining the disposition of the case, shall be furnished to the court within three months unless the court grants time, not to exceed

This report may include but shall not be limited to data regarding the prisoner’s previous delinquency or criminal experience, pertinent circumstances of his social background, his capabilities, his mental and physical health, and such other factors as may be considered pertinent. The Commission may make such other investigation as it may deem necessary. Study and report.

“(f) Any prisoner sentenced to imprisonment for a term or terms of not less than six months but not more than one year shall be released at the expiration of such sentence less good time deductions provided by law, unless the court which imposed sentence, shall, at the time of sentencing, provide for the prisoner’s release as if on parole after service of one-third of such term or terms notwithstanding the provisions of section 4164. This subsection shall not prevent delivery of any person released on parole to the authorities of any State otherwise entitled to his custody. 18 USC 4164.

“(h) Nothing in this chapter shall be construed to provide that any prisoner shall be eligible for release on parole if such prisoner is ineligible for such release under any other provision of law.

“§ 4206. Parole determination criteria

18 USC 4206.

“(a) If an eligible prisoner has substantially observed the rules of the institution or institutions to which he has been confined, and if the Commission, upon consideration of the nature and circumstances of the offense and the history and characteristics of the prisoner, determines:

“(1) that release would not depreciate the seriousness of his offense or promote disrespect for the law; and

“(2) that release would not jeopardize the public welfare; subject to the provisions of subsections (b) and (c) of this section, and pursuant to guidelines promulgated by the Commission pursuant to section 4203(a)(1), such prisoner shall be released.

“(b) The Commission shall furnish the eligible prisoner with a written notice of its determination not later than twenty-one days, Written notice.

“(d) Any prisoner, serving a sentence of five years or longer, who is not earlier released under this section or any other applicable provision of law, shall be released on parole after having served two-thirds of each consecutive term or terms, or after serving thirty years of each consecutive term or terms of more than forty-five years including any life term, whichever is earlier: *Provided, however*, That the Commission shall not release such prisoner if it determines that he has seriously or frequently violated institution rules and regulations or that there is a reasonable probability that he will commit any Federal, State, or local crime.

If any document is deemed by either the Commission, the Bureau of Prisons, or any other agency to fall within the exclusionary provisions of subparagraphs (1), (2), or (3) of this subsection, then it shall become the duty of the Commission, the Bureau, or such other agency, as the case may be, to summarize the basic contents of the material withheld, bearing in mind the need for confidentiality or the impact on the inmate, or both, and furnish such summary to the inmate.

In calculating such two-year period there shall not be included any period of release on parole prior to the most recent such release, nor any period served in confinement on any other sentence.

Review.

“(c) (1) Five years after each parolee's release on parole, the Commission shall terminate supervision over such parolee unless it is determined, after a hearing conducted in accordance with the procedures prescribed in section 4214(a)(2), that such supervision should not be terminated because there is a likelihood that the parolee will engage in conduct violating any criminal law.

“(2) If supervision is not terminated under subparagraph (1) of this subsection the parolee may request a hearing annually thereafter, and a hearing, with procedures as provided in subparagraph (1) of this subsection shall be conducted with respect to such termination of supervision not less frequently than biennially.

18 USC 4214.

“§ 4214. Revocation of parole

“(a) (1) Except as provided in subsections (b) and (c), any alleged parole violator summoned or retaken under section 4213 shall be accorded the opportunity to have—

“(i) continuation of revocation proceedings is not warranted; or

“(ii) incarceration of the parolee pending further revocation proceedings is not warranted by the alleged frequency or seriousness of such violation or violations;

“(iii) the parolee is not likely to fail to appear for further proceedings; and

“(iv) the parolee does not constitute a danger to himself or others.

“(B) upon a finding of probable cause under subparagraph (1) (A), a revocation hearing at or reasonably near the place of the alleged parole violation or arrest within sixty days of such determination of probable cause except that a revocation hearing may be held at the same time and place set for the preliminary hearing.

Hearings.

“(2) Hearings held pursuant to subparagraph (1) of this subsection shall be conducted by the Commission in accordance with the following procedures:

“(A) notice to the parolee of the conditions of parole alleged to have been violated, and the time, place, and purposes of the scheduled hearing;

“(B) opportunity for the parolee to be represented by an attorney (retained by the parolee, or if he is financially unable to retain counsel, counsel shall be provided pursuant to section 3006A) or, if he so chooses, a representative as provided by rules and regulations, unless the parolee knowingly and intelligently waives such representation.

18 USC 3006A.

“(C) opportunity for the parolee to appear and testify, and present witnesses and relevant evidence on his own behalf; and

“(D) opportunity for the parolee to be apprised of the evidence against him and, if he so requests, to confront and cross-examine

adverse witnesses, unless the Commission specifically finds substantial reason for not so allowing.

For the purposes of subparagraph (1) of this subsection, the Commission may subpoena witnesses and evidence, and pay witness fees as established for the courts of the United States. If a person refuses to obey such a subpoena, the Commission may petition a court of the United States for the judicial district in which such parole proceeding is being conducted, or in which such person may be found, to request such person to attend, testify, and produce evidence. The court may issue an order requiring such person to appear before the Commission, when the court finds such information, thing, or testimony directly related to a matter with respect to which the Commission is empowered to make a determination under this section. Failure to obey such an order is punishable by such court as a contempt. All process in such a case may be served in the judicial district in which such a parole proceeding is being conducted, or in which such person may be found.

Subpena.

“(b) (1) Conviction for a Federal, State, or local crime committed subsequent to release on parole shall constitute probable cause for purposes of subsection (a) of this section. In cases in which a parolee has been convicted of such a crime and is serving a new sentence in an institution, a parole revocation warrant or summons issued pursuant to section 4213 may be placed against him as a detainer. Such detainer shall be reviewed by the Commission within one hundred and eighty days of notification to the Commission of placement. The parolee shall receive notice of the pending review, have an opportunity to submit a written application containing information relative to the disposition of the detainer, and, unless waived, shall have counsel as provided in subsection (a) (2) (B) of this section to assist him in the preparation of such application.

“(2) If the Commission determines that additional information is needed to review a detainer, a dispositional hearing may be held at the institution where the parolee is confined. The parolee shall have notice of such hearing, be allowed to appear and testify on his own behalf, and, unless waived, shall have counsel as provided in subsection (a) (2) (B) of this section.

“(3) Following the disposition review, the Commission may:

“(A) let the detainer stand; or

“(B) withdraw the detainer.

“(c) Any alleged parole violator who is summoned or retaken by warrant under section 4213 who knowingly and intelligently waives his right to a hearing under subsection (a) of this section, or who knowingly and intelligently admits violation at a preliminary hearing held pursuant to subsection (a) (1) (A) of this section, or who is retaken pursuant to subsection (b) of this section, shall receive a revocation hearing within ninety days of the date of retaking. The Commission may conduct such hearing at the institution to which he has been returned, and the alleged parole violator shall have notice of such hearing, be allowed to appear and testify on his own behalf, and, unless waived, shall have counsel or another representative as provided in subsection (a) (2) (B) of this section.

Revocation
hearing.

“(d) Whenever a parolee is summoned or retaken pursuant to section 4213, and the Commission finds pursuant to the procedures of this section and by a preponderance of the evidence that the parolee has violated a condition of his parole the Commission may take any of the following actions:

“(1) restore the parolee to supervision;

“(2) reprimand the parolee;

“(3) modify the parolee’s conditions of the parole;

“(4) refer the parolee to a residential community treatment center for all or part of the remainder of his original sentence; or

“(5) formally revoke parole or release as if on parole pursuant to this title.

The Commission may take any such action provided it has taken into consideration whether or not the parolee has been convicted of any Federal, State, or local crime subsequent to his release on parole, and the seriousness thereof, or whether such action is warranted by the frequency or seriousness of the parolee’s violation of any other condition or conditions of his parole.

Notice.

“(e) The Commission shall furnish the parolee with a written notice of its determination not later than twenty-one days, excluding holidays, after the date of the revocation hearing. If parole is revoked, a digest shall be prepared by the Commission setting forth in writing the factors considered and reasons for such action, a copy of which shall be given to the parolee.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to provide for public outdoor recreation use and enjoyment of Arbuckle Reservoir and land adjacent thereto, and to provide for more efficient administration of other adjacent area containing scenic, scientific, natural, and historic values contributing to public enjoyment of the area and to designate the area in such manner as will constitute a fitting memorialization of the Chickasaw Indian Nation, there is hereby established the Chickasaw National Recreation Area (hereinafter referred to as the "recreation area") consisting of lands and interests in lands within the area as generally depicted on the drawing entitled "Boundary Map, Chickasaw National Recreation Area," numbered 107-20004-A and dated February 1974, which shall be on file and available for inspection in the offices of the National Park Service, Department of the Interior. The Secretary of the Interior (hereinafter referred to as the "Secretary") may from time to time revise the boundaries of the recreation area by publication of a map or other boundary description in the Federal Register, but the total acreage of the recreation area may not exceed ten thousand acres.

SEC. 2. (a) The Secretary may acquire land or interests in lands within the boundaries of the recreation area by donation, purchase with donated or appropriated funds, or exchange. When any tract of land is only partly within such boundaries, the Secretary may acquire all or any portion of the land outside of such boundaries in order to minimize the payment of severance costs. Land so acquired outside of the boundaries may be exchanged by the Secretary for non-Federal lands within the boundaries, and any land so acquired and not utilized for exchange shall be reported to the General Services Administration for disposal under the Federal Property and Administrative Services Act of 1949 (63 Stat. 377), as amended. (b) With respect to improved residential property acquired for the purposes of this Act, which is beneficially owned by a natural person and which the Secretary determines can be continued in that use for a limited period of time without undue interference with the administration, development, or public use of the recreation area, the owner thereof may on the date of its acquisition by the Secretary retain a right of use and occupancy of the property for noncommercial residential purposes for a term, as the owner may elect, ending either (1) at the death of the owner or his spouse, whichever

occurs later, or (2) not more than twenty-five years from the date of acquisition. Any right so retained may, during its existence, be transferred or assigned. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition, less the fair market value on such date of the right retained by the owner.

SEC. 2. Section 701 of the Equal Credit Opportunity Act is amended to read as follows:

"§ 701. Prohibited discrimination; reasons for adverse action

"(a) It shall be unlawful for any creditor to discriminate against any applicant, with respect to any aspect of a credit transaction—

"(1) on the basis of race, color, religion, national origin, sex or marital status, or age (provided the applicant has the capacity to contract);

"(2) because all or part of the applicant's income derives from any public assistance program; or

"(3) because the applicant has in good faith exercised any right under the Consumer Credit Protection Act.

15 USC 1601
note.

"(b) It shall not constitute discrimination for purposes of this title for a creditor—

"(1) to make an inquiry of marital status if such inquiry is for the purpose of ascertaining the creditor's rights and remedies applicable to the particular extension of credit and not to discriminate in a determination of credit-worthiness;

"(2) to make an inquiry of the applicant's age or of whether the applicant's income derives from any public assistance program if such inquiry is for the purpose of determining the amount and probable continuance of income levels, credit history, or other pertinent element of credit-worthiness as provided in regulations of the Board;

"(3) to use any empirically derived credit system which considers age if such system is demonstrably and statistically sound in accordance with regulations of the Board, except that in the operation of such system the age of an elderly applicant may not be assigned a negative factor or value; or

"(4) to make an inquiry or to consider the age of an elderly applicant when the age of such applicant is to be used by the creditor in the extension of credit in favor of such applicant.

"(c) It is not a violation of this section for a creditor to refuse to extend credit offered pursuant to—

"(1) any credit assistance program expressly authorized by law for an economically disadvantaged class of persons;

“(2) any credit assistance program administered by a nonprofit organization for its members or an economically disadvantaged class of persons; or

if such refusal is required by or made pursuant to such program.

Notice.

“(d)(1) Within thirty days (or such longer reasonable time as specified in regulations of the Board for any class of credit transaction) after receipt of a completed application for credit, a creditor shall notify the applicant of its action on the application.

Statement of reasons.

“(2) Each applicant against whom adverse action is taken shall be entitled to a statement of reasons for such action from the creditor. A creditor satisfies this obligation by—

“(A) providing statements of reasons in writing as a matter of course to applicants against whom adverse action is taken; or

“(B) giving written notification of adverse action which discloses (i) the applicant's right to a statement of reasons within thirty days after receipt by the creditor of a request made within sixty days after such notification, and (ii) the identity of the person or office from which such statement may be obtained. Such statement may be given orally if the written notification advises the applicant of his right to have the statement of reasons confirmed in writing on written request.

“(3) A statement of reasons meets the requirements of this section only if it contains the specific reasons for the adverse action taken.

“(4) Where a creditor has been requested by a third party to make a specific extension of credit directly or indirectly to an applicant, the notification and statement of reasons required by this subsection may be made directly by such creditor, or indirectly through the third party, provided in either case that the identity of the creditor is disclosed.

“(5) The requirements of paragraph (2), (3), or (4) may be satisfied by verbal statements or notifications in the case of any creditor who did not act on more than one hundred and fifty applications during the calendar year preceding the calendar year in which the adverse action is taken, as determined under regulations of the Board.

“Adverse action.”

“(6) For purposes of this subsection, the term ‘adverse action’ means a denial or revocation of credit, a change in the terms of an existing credit arrangement, or a refusal to grant credit in substantially the amount or on substantially the terms requested. Such term does not include a refusal to extend additional credit under an existing credit arrangement where the applicant is delinquent or otherwise in default, or where such additional credit would exceed a previously established credit limit.”.

(2) by adding the following new subsections:

"(f) This title does not annul, alter, or affect, or exempt any person subject to the provisions of this title from complying with, the laws of any State with respect to credit discrimination, except to the extent that those laws are inconsistent with any provision of this title, and then only to the extent of the inconsistency. 15 USC 1691.

"(g) The agencies having responsibility for administrative enforcement under section 704, if unable to obtain compliance with section 701, are authorized to refer the matter to the Attorney General with a recommendation that an appropriate civil action be instituted.

An Act

To amend the Truth in Lending Act to protect consumers against inadequate and misleading leasing information, assure meaningful disclosure of lease terms, and limit ultimate liability in connection with leasing of personal property primarily for personal, family, or household purposes, and for other purposes.

Mar. 23, 1976
[H.R. 8835]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Consumer Leasing Act of 1976".

Consumer
Leasing Act of
1976.
15 USC 1601
note.

FINDINGS AND PURPOSE

SEC. 2. Section 102 of the Truth in Lending Act (15 U.S.C. 1601) is amended by inserting "(a)" before the first sentence, and adding the following subsection:

"(b) The Congress also finds that there has been a recent trend toward leasing automobiles and other durable goods for consumer use as an alternative to installment credit sales and that these leases have been offered without adequate cost disclosures. It is the purpose of this title to assure a meaningful disclosure of the terms of leases of personal property for personal, family, or household purposes so as to enable the lessee to compare more readily the various lease terms available to him, limit balloon payments in consumer leasing, enable comparison of lease terms with credit terms where appropriate, and to assure meaningful and accurate disclosures of lease terms in advertisements."

DISCLOSURE OF LEASE TERMS

SEC. 3. The Truth in Lending Act (15 U.S.C. 1601-1665) is amended by adding at the end thereof a new chapter as follows:

"Chapter 5—CONSUMER LEASES

"Sec.

"181. Definitions.

"182. Consumer lease disclosures.

"183. Lessee's liability on expiration or termination of lease.

"184. Consumer lease advertising.

"185. Civil liability.

"186. Relation to State laws.

"§ 181. Definitions

"For purposes of this chapter—

"(1) The term 'consumer lease' means a contract in the form of a lease or bailment for the use of personal property by a natural person for a period of time exceeding four months, and for a total contractual obligation not exceeding \$25,000, primarily for personal, family, or household purposes, whether or not the lessee has the option to purchase or otherwise become the owner of the property at the expiration of the lease, except that such term shall not include any credit sale as defined in section 103(g). Such term does not include a lease for agricultural, business, or commercial purposes, or to a government or governmental agency or instrumentality, or to an organization.

15 USC 1667.

15 USC 1602.

“(2) The term ‘lessee’ means a natural person who leases or is offered a consumer lease.

“(3) The term ‘lessor’ means a person who is regularly engaged in leasing, offering to lease, or arranging to lease under a consumer lease.

“(4) The term ‘personal property’ means any property which is not real property under the laws of the State where situated at the time offered or otherwise made available for lease.

“(5) The terms ‘security’ and ‘security interest’ mean any interest in property which secures payment or performance of an obligation.

“§ 182. Consumer lease disclosures

15 USC 1667a.

“Each lessor shall give a lessee prior to the consummation of the lease a dated written statement on which the lessor and lessee are identified setting out accurately and in a clear and conspicuous manner the following information with respect to that lease, as applicable:

“(1) A brief description or identification of the leased property;

“(2) The amount of any payment by the lessee required at the inception of the lease;

“(3) The amount paid or payable by the lessee for official fees, registration, certificate of title, or license fees or taxes;

“(4) The amount of other charges payable by the lessee not included in the periodic payments, a description of the charges and that the lessee shall be liable for the differential, if any, between the anticipated fair market value of the leased property and its appraised actual value at the termination of the lease, if the lessee has such liability;

“(5) A statement of the amount or method of determining the amount of any liabilities the lease imposes upon the lessee at the end of the term and whether or not the lessee has the option to purchase the leased property and at what price and time;

“(6) A statement identifying all express warranties and guarantees made by the manufacturer or lessor with respect to the leased property, and identifying the party responsible for maintaining or servicing the leased property together with a description of the responsibility;

“(7) A brief description of insurance provided or paid for by the lessor or required of the lessee, including the types and amounts of the coverages and costs;

“(8) A description of any security interest held or to be retained by the lessor in connection with the lease and a clear identification of the property to which the security interest relates;

“(9) The number, amount, and due dates or periods of payments under the lease and the total amount of such periodic payments;

“(10) Where the lease provides that the lessee shall be liable for the anticipated fair market value of the property on expiration of the lease, the fair market value of the property at the inception of the lease, the aggregate cost of the lease on expiration, and the differential between them; and

“(11) A statement of the conditions under which the lessee or lessor may terminate the lease prior to the end of the term and the amount or method of determining any penalty or other charge for delinquency, default, late payments, or early termination.

The disclosures required under this section may be made in the lease contract to be signed by the lessee. The Board may provide by regulation that any portion of the information required to be disclosed under

this section may be given in the form of estimates where the lessor is not in a position to know exact information.

“§ 183. Lessee's liability on expiration or termination of lease

15 USC 1667b.

“(a) Where the lessee's liability on expiration of a consumer lease is based on the estimated residual value of the property such estimated residual value shall be a reasonable approximation of the anticipated actual fair market value of the property on lease expiration. There shall be a rebuttable presumption that the estimated residual value is unreasonable to the extent that the estimated residual value exceeds the actual residual value by more than three times the average payment allocable to a monthly period under the lease. In addition, where the lessee has such liability on expiration of a consumer lease there shall be a rebuttable presumption that the lessor's estimated residual value is not in good faith to the extent that the estimated residual value exceeds the actual residual value by more than three times the average payment allocable to a monthly period under the lease and such lessor shall not collect from the lessee the amount of such excess liability on expiration of a consumer lease unless the lessor brings a successful action with respect to such excess liability. In all actions, the lessor shall pay the lessee's reasonable attorney's fees. The presumptions stated in this section shall not apply to the extent the excess of estimated over actual residual value is due to physical damage to the property beyond reasonable wear and use, or to excessive use, and the lease may set standards for such wear and use if such standards are not unreasonable. Nothing in this subsection shall preclude the right of a willing lessee to make any mutually agreeable final adjustment with respect to such excess residual liability, provided such an agreement is reached after termination of the lease.

“(b) Penalties or other charges for delinquency, default, or early termination may be specified in the lease but only at an amount which is reasonable in the light of the anticipated or actual harm caused by the delinquency, default, or early termination, the difficulties of proof of loss, and the inconvenience or nonfeasibility of otherwise obtaining an adequate remedy.

“(c) If a lease has a residual value provision at the termination of the lease, the lessee may obtain at his expense, a professional appraisal of the leased property by an independent third party agreed to by both parties. Such appraisal shall be final and binding on the parties.

“§ 184. Consumer lease advertising

15 USC 1667c.

“(a) No advertisement to aid, promote, or assist directly or indirectly any consumer lease shall state the amount of any payment, the number of required payments, or that any or no downpayment or other payment is required at inception of the lease unless the advertisement also states clearly and conspicuously and in accordance with regulations issued by the Board each of the following items of information which is applicable:

“(1) That the transaction advertised is a lease.

“(2) The amount of any payment required at the inception of the lease or that no such payment is required if that is the case.

“(3) The number, amounts, due dates or periods of scheduled payments, and the total of payments under the lease.

“(4) That the lessee shall be liable for the differential, if any, between the anticipated fair market value of the leased property and its appraised actual value at the termination of the lease, if the lessee has such liability.

“(5) A statement of the amount or method of determining the amount of any liabilities the lease imposes upon the lessee at the

end of the term and whether or not the lessee has the option to purchase the leased property and at what price and time.

"(b) There is no liability under this section on the part of any owner or personnel, as such, of any medium in which an advertisement appears or through which it is disseminated.

"§ 185. Civil liability

15 USC 1667d.

"(a) Any lessor who fails to comply with any requirement imposed under section 182 or 183 of this chapter with respect to any person is liable to such person as provided in section 130.

15 USC 1640.

"(b) Any lessor who fails to comply with any requirement imposed under section 184 of this chapter with respect to any person who suffers actual damage from the violation is liable to such person as provided in section 130. For the purposes of this section, the term 'creditor' as used in sections 115, 130, and 131 shall include a lessor as defined in this chapter.

"Creditor."

15 USC 1614,
1641.

"(c) Notwithstanding section 130(e), any action under this section may be brought in any United States district court or in any other court of competent jurisdiction. Such actions alleging a failure to disclose or otherwise comply with the requirements of this chapter shall be brought within one year of the termination of the lease agreement.

"§ 186. Relation to State laws

15 USC 1667e.

"(a) This chapter does not annul, alter, or affect, or exempt any person subject to the provisions of this chapter from complying with, the laws of any State with respect to consumer leases, except to the extent that those laws are inconsistent with any provision of this chapter, and then only to the extent of the inconsistency. The Board is authorized to determine whether such inconsistencies exist. The Board may not determine that any State law is inconsistent with any provision of this chapter if the Board determines that such law gives greater protection and benefit to the consumer.

"COVENANT TO ESTABLISH A COMMONWEALTH OF THE NORTHERN
MARIANA ISLANDS IN POLITICAL UNION WITH THE UNITED STATES
OF AMERICA

"Whereas, the Charter of the United Nations and the Trusteeship Agreement between the Security Council of the United Nations and the United States of America guarantee to the people of the Northern Mariana Islands the right freely to express their wishes for self-government or independence; and

"Whereas, the United States supports the desire of the people of the Northern Mariana Islands to exercise their inalienable right of self-determination; and

"Whereas, the people of the Northern Mariana Islands and the people of the United States share the goals and values found in the American system of government based upon the principles of government by the consent of the governed, individual freedom and democracy; and

"Whereas, for over twenty years, the people of the Northern Mariana Islands, through public petition and referendum, have clearly expressed their desire for political union with the United States;

"Now, therefore, the Marianas Political Status Commission, being the duly appointed representative of the people of the Northern Mariana Islands, and the Personal Representative of the President of the United States have entered into this Covenant in order to establish a self-governing commonwealth for the Northern Mariana Islands within the American political system and to define the future relationship between the Northern Mariana Islands and the United States. "SECTION 102. The relations between the Northern Mariana Islands and the United States will be governed by this Covenant which, together with those provisions of the Constitution, treaties and laws of the United States applicable to the Northern Mariana Islands, will be the supreme law of the Northern Mariana Islands.

"(d) The judicial power of the Northern Mariana Islands will be vested in such courts as the Constitution or laws of the Northern Mariana Islands may provide. The Constitution or laws of the Northern Mariana Islands may vest in such courts jurisdiction over all causes in the Northern Mariana Islands over which any court established by the Constitution or laws of the United States does not have exclusive jurisdiction.

“(3) on Farallon de Medinilla Island, approximately 206 acres (83 hectares) encompassing the entire island, and the waters immediately adjacent thereto.

“(b) The United States affirms that it has no present need for or present intention to acquire any greater interest in property listed above than that which is granted to it under Subsection 803(a), or to acquire any property in addition to that listed in Subsection (a), above, in order to carry out its defense responsibilities.

“SECTION 803. (a) The Government of the Northern Mariana Islands will lease the property described in Subsection 802(a) to the Government of the United States for a term of fifty years, and the Government of the United States will have the option of renewing this lease for all or part of such property for an additional term of fifty years if it so desires at the end of the first term.

“(b) The Government of the United States will pay to the Government of the Northern Mariana Islands in full settlement of this lease, including the second fifty year term of the lease if extended under the renewal option, the total sum of \$19,520,600, determined as follows:

- “(1) for that property on Tinian Island, \$17.5 million;
- “(2) for that property at Tanapag Harbor on Saipan Island, \$2 million; and
- “(3) for that property known as Farallon de Medinilla, \$20,600.

The sum stated in this Subsection will be adjusted by a percentage which will be the same as the percentage change in the United States Department of Commerce composite price index from the date of signing the Covenant.

Technical
Agreement
Regarding Use of
Land To Be
Leased by the
U.S.

“(c) A separate Technical Agreement Regarding Use of Land To Be Leased by the United States in the Northern Mariana Islands will be executed simultaneously with this Covenant. The terms of the lease to the United States will be in accordance with this Section and with the terms of the Technical Agreement. The Technical Agreement will also contain terms relating to the leaseback of property, to the joint use arrangements for San Jose Harbor and West Field on Tinian Island, and to the principles which will govern the social structure relations between the United States military and the Northern Mariana Islands civil authorities.

“(d) From the property to be leased to it in accordance with this Covenant the Government of the United States will lease back to the Government of the Northern Mariana Islands, in accordance with the Technical Agreement, for the sum of one dollar per acre per year, approximately 6,458 acres (2,614 hectares) on Tinian Island and approximately 44 acres (18 hectares) at Tanapag Harbor on Saipan Island, which will be used for purposes compatible with their intended military use.

“(e) From the property to be leased to it at Tanapag Harbor on Saipan Island the Government of the United States will make available to the Government of the Northern Mariana Islands 133 acres (54 hectares) at no cost. This property will be set aside for public use as an American memorial park to honor the American and Marianas dead in the World War II Marianas Campaign. The \$2 million received from the Government of the United States for the lease of this property will be placed into a trust fund, and used for the development and maintenance of the park in accordance with the Technical Agreement.

“SECTION 804. (a) The Government of the United States will cause all agreements between it and the Government of the Trust Territory of the Pacific Islands which grant to the Government of the United States use or other rights in real property in the Northern Mariana Islands to be terminated upon or before the effective date of the Section. All right, title and interest of the Government of the Trust Territory of the Pacific Islands in and to any real property with respect to which the Government of the United States enjoys such use or other rights will be transferred to the Government of the Northern Mariana Islands at the time of such termination. From the time such right, title and interest is so transferred the Government of the Northern Mariana Islands will assure the Government of the United States the continued use of the real property then actively used by the Government of the United States for civilian governmental purposes on terms comparable to those enjoyed by the Government of the United

States under its arrangements with the Government of the Trust Territory of the Pacific Islands on the date of the signature of this Covenant.

“(b) All facilities at Isely Field developed with federal aid and all facilities at that field usable for the landing and take-off of aircraft will be available to the United States for use by military and naval aircraft, in common with other aircraft, at all times without charge, except, if the use by military and naval aircraft shall be substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining the facilities so used may be charged at a rate established by agreement between the Government of the Northern Mariana Islands and the Government of the United States.

“SECTION 805. Except as otherwise provided in this Article, and notwithstanding the other provisions of this Covenant, or those provisions of the Constitution, treaties or laws of the United States applicable to the Northern Mariana Islands, the Government of the Northern Mariana Islands, in view of the importance of the ownership of land for the culture and traditions of the people of the Northern Mariana Islands, and in order to protect them against exploitation and to promote their economic advancement and self-sufficiency:

Landholding restrictions.

“(a) will until twenty-five years after the termination of the Trusteeship Agreement, and may thereafter, regulate the alienation of permanent and long-term interests in real property so as to restrict the acquisition of such interests to persons of Northern Mariana Islands descent; and

“(b) may regulate the extent to which a person may own or hold land which is now public land.

“SECTION 806. (a) The United States will continue to recognize and respect the scarcity and special importance of land in the Northern Mariana Islands. If the United States must acquire any interest in real property not transferred to it under this Covenant, it will follow the policy of seeking to acquire only the minimum area necessary to accomplish the public purpose for which the real property is required, of seeking only the minimum interest in real property necessary to support such public purpose, acquiring title only if the public purpose cannot be accomplished if a lesser interest is obtained, and of seeking first to satisfy its requirement by acquiring an interest in public rather than private real property.

“(b) The United States may, upon prior written notice to the Government of the Northern Mariana Islands, acquire for public purposes in accordance with federal laws and procedures any interest in real property in the Northern Mariana Islands by purchase, lease, exchange, gift or otherwise under such terms and conditions as may be negotiated by the parties. The United States will in all cases attempt to acquire any interest in real property for public purposes by voluntary means under this Subsection before exercising the power of eminent domain. No interest in real property will be acquired unless duly authorized by the Congress of the United States and appropriations are available therefor.

“(c) In the event it is not possible for the United States to obtain an interest in real property for public purposes by voluntary means, it may exercise within the Commonwealth the power of eminent domain to the same extent and in the same manner as it has and can exercise the power of eminent domain in a State of the Union. The power of eminent domain will be exercised within the Commonwealth only to the extent necessary and in compliance with applicable United States laws, and with full recognition of the due process required by the United States Constitution.

Power of eminent domain.

DESIGNATION OF THE NATIONAL PETROLEUM RESERVE IN ALASKA

SEC. 102. The area known as Naval Petroleum Reserve Numbered 4, Alaska, established by Executive order of the President, dated February 27, 1923, except for tract Numbered 1 as described in Public Land Order 2344, dated April 24, 1961, shall be transferred to and administered by the Secretary of the Interior in accordance with the provisions of this Act. Effective on the date of transfer all lands within such area shall be redesignated as the “National Petroleum Reserve in Alaska” (hereinafter in this title referred to as the “reserve”). Subject to valid existing rights, all lands within the exterior boundaries of such reserve are hereby reserved and withdrawn from all forms of entry and disposition under the public land laws, including the mining and mineral leasing laws, and all other Acts; but the Secretary is authorized to (1) make dispositions of mineral materials pursuant to the Act of July 31, 1947 (61 Stat. 681), as amended (30 U.S.C. 601), for appropriate use by Alaska Natives, (2) make such dispositions of mineral materials and grant such rights-of-way, licenses, and permits as may be necessary to carry out his responsibilities under this Act, and (3) convey the surface of lands properly selected on or before December 18, 1975, by Native village corporations pursuant to the Alaska Native Claims Settlement Act. All other provisions of law heretofore enacted and actions heretofore taken reserving such lands as a Naval Petroleum Reserve shall remain in full force and effect to the extent not inconsistent with this Act.

of the enactment of this title. As soon as possible, but not later than the effective date of transfer, the Secretary of the Interior may promulgate such rules and regulations as he deems necessary and appropriate for the protection of such values within the reserve.

(c) The Secretary of the Interior shall, upon the effective date of the transfer of the reserve, assume the responsibilities and functions of the Secretary of the Navy under any contracts which may be in effect with respect to activities within the reserve.

(d) On the date of transfer of jurisdiction of the reserve, all equipment, facilities, and other property of the Department of the Navy used in connection with the operation of the reserve, including all records, maps, exhibits, and other informational data held by the Secretary of the Navy in connection with the reserve, shall be transferred without reimbursement from the Secretary of the Navy to the Secretary of the Interior who shall thereafter be authorized to use them to carry out the provisions of this title.

(e) On the date of transfer of jurisdiction of the reserve, the Secretary of the Navy shall transfer to the Secretary of the Interior all unexpended funds previously appropriated for use in connection with the reserve and all civilian personnel ceilings assigned by the Secretary of the Navy to the management and operation of the reserve as of January 1, 1976.

Explorations.

Sec. 104. (a) Except as provided in subsection (e) of this section, production of petroleum from the reserve is prohibited and no development leading to production of petroleum from the reserve shall be undertaken until authorized by an Act of Congress.

(b) Any exploration within the Utukok River, the Teshekpuk Lake areas, and other areas designated by the Secretary of the Interior containing any significant subsistence, recreational, fish and wildlife, or historical or scenic value, shall be conducted in a manner which will assure the maximum protection of such surface values to the extent consistent with the requirements of this Act for the exploration of the reserve.

(c) The Secretary of the Navy shall continue the ongoing petroleum exploration program within the reserve until the date of the transfer of jurisdiction specified in section 103(a). Prior to the date of such transfer of jurisdiction the Secretary of the Navy shall—

(1) cooperate fully with the Secretary of the Interior providing him access to such facilities and such information as he may request to facilitate the transfer of jurisdiction;

(2) provide to the Committees on Interior and Insular Affairs of the Senate and the House of Representatives copies of any reports, plans, or contracts pertaining to the reserve that are required to be submitted to the Committees on Armed Services of the Senate and the House of Representatives; and

(3) cooperate and consult with the Secretary of the Interior before executing any new contract or amendment to any existing contract pertaining to the reserve and allow him a reasonable opportunity to comment on such contract or amendment, as the case may be.

(d) The Secretary of the Interior shall commence further petroleum exploration of the reserve as of the date of transfer of jurisdiction specified in section 103(a). In conducting this exploration effort, the Secretary of the Interior—

(1) is authorized to enter into contracts for the exploration of the reserve, except that no such contract may be entered into until

at least thirty days after the Secretary of the Interior has provided the Attorney General with a copy of the proposed contract and such other information as may be appropriate to determine legal sufficiency and possible violations under, or inconsistencies with, the antitrust laws. If, within such thirty day period, the Attorney General advises the Secretary of the Interior that any such contract would unduly restrict competition or be inconsistent with the antitrust laws, then the Secretary of the Interior may not execute that contract;

(2) shall submit to the Committees on Interior and Insular Affairs of the Senate and the House of Representatives any new plans or substantial amendments to ongoing plans for the exploration of the reserve. All such plans or amendments submitted to such committees pursuant to this section shall contain a report by the Attorney General of the United States with respect to the anticipated effects of such plans or amendments on competition. Such plans or amendments shall not be implemented until sixty days after they have been submitted to such committees; and

(3) shall report annually to the Committees on Interior and Insular Affairs of the Senate and the House of Representatives on the progress of, and future plans for, exploration of the reserve.

(e) Until the reserve is transferred to the jurisdiction of the Secretary of the Interior, the Secretary of the Navy is authorized to develop and continue operation of the South Barrow gas field, or such other fields as may be necessary, to supply gas at reasonable and equitable rates to the native village of Barrow, and other communities and installations at or near Point Barrow, Alaska, and to installations of the Department of Defense and other agencies of the United States located at or near Point Barrow, Alaska. After such transfer, the Secretary of the Interior shall take such actions as may be necessary to continue such service to such village, communities, installations, and agencies at reasonable and equitable rates.

(A) the alternative procedures for accomplishing the development, production, transportation, and distribution of the petroleum resources from the reserve, and

(B) the economic and environmental consequences of such alternative procedures.

(2) The President shall make semiannual progress reports on the implementation of this subsection to the Committees on Interior and Insular Affairs of the Senate and the House of Representatives beginning not later than six months after the date of the enactment of this Act and shall, not later than one year after the transfer of jurisdiction of the reserve, and annually thereafter, report any findings or

conclusions developed as a result of such study together with appropriate supporting data and such recommendations as he deems desirable. The study shall be completed and submitted to such committees, together with recommended procedures and any proposed legislation necessary to implement such procedures not later than January 1, 1980.

42 USC 6505.

(c) (1) The Secretary of the Interior shall establish a task force to conduct a study to determine the values of, and best uses for, the lands contained in the reserve, taking into consideration (A) the natives who live or depend upon such lands, (B) the scenic, historical, recreational, fish and wildlife, and wilderness values, (C) mineral potential, and (D) other values of such lands.

(2) Such task force shall be composed of representatives from the government of Alaska, the Arctic slope native community, and such offices and bureaus of the Department of the Interior as the Secretary of the Interior deems appropriate, including, but not limited to, the Bureau of Land Management, the United States Fish and Wildlife Service, the United States Geological Survey, and the Bureau of Mines.

assistance.

SEC. 107. (a) There are authorized to be appropriated to the Department of the Interior such sums as may be necessary to carry out the provisions of this title.

(b) If the Secretary of the Interior determines that there is an immediate and substantial increase in the need for municipal services and facilities in communities located on or near the reserve as a direct result of the exploration and study activities authorized by this title and that an unfair and excessive financial burden will be incurred by such communities as a result of the increased need for such services and facilities, then he is authorized to assist such communities in meeting the costs of providing increased municipal services and facilities. The Secretary of the Interior shall carry out the provisions of this section through existing Federal programs and he shall consult with the heads of the departments or agencies of the Federal Government concerned with the type of services and facilities for which financial assistance is being made available.

(c) and the other provisions of this chapter; except that no petroleum leases shall be granted at Naval Petroleum Reserves Numbered 1 and 3.

“(b) Except as otherwise provided in this chapter, particularly subsection (c) of this section, the naval petroleum reserves shall be used and operated for—

“(1) the protection, conservation, maintenance, and testing of those reserves; or

Any pipeline in the vicinity of a naval petroleum reserve not otherwise operated as a common carrier may be acquired by the Secretary by condemnation, if necessary, if the owner thereof refuses to accept, convey, and transport without discrimination and at reasonable rates any petroleum produced at such reserve. With the approval of the Secretary, rights-of-way for new pipelines and associated facilities may be acquired by the exercise of the right of eminent domain in the appropriate United States district court. Such rights-of-way may be acquired in the manner set forth in the Act of February 26, 1931, chapter 307 (46 Stat. 1421; 40 U.S.C. 258(a)), and the prospective holder of the right-of-way is ‘the authority empowered by law to acquire the lands’ within the meaning of that Act. “(3) The production authorization set forth in paragraph (1)(B) of this subsection, in the case of Naval Petroleum Reserve Numbered 1, is conditioned upon the private owner of any lands or interests therein within such reserve agreeing with the Secretary to continue operations of such reserve under a unitized plan contract which adequately protects the public interest; however, if such agreement is not reached within ninety days after the date of enactment of the Naval Petroleum Reserves Production Act of 1976 the Secretary is authorized to exercise the authority for condemnation conferred by section 7425 of this chapter.”.

(11) The text of section 7430 is amended to read as follows: 10 USC 7430.

“(a) In administering the naval petroleum reserves under this chapter, the Secretary shall use, store, or sell the petroleum produced from the naval petroleum reserves and lands covered by joint, unit, or other cooperative plans.

“(b) Notwithstanding any other provision of law, each sale of the United States share of petroleum shall be made by the Secretary at public sale to the highest qualified bidder, for periods of not more than one year, at such time, in such amounts, and after such advertising as the Secretary considers proper and without regard to Federal, State, or local regulations controlling sales or allocation of petroleum products. Public sale.

“(c) In no event shall the Secretary permit the award of any contract which would result in any person obtaining control, directly or indirectly, over more than 20 per centum of the estimated annual United States share of petroleum produced from Naval Petroleum Reserve Numbered 1.

“(d) Each proposal for sale under this title shall provide that the terms of every sale of the United States share of petroleum from the naval petroleum reserves shall be so structured as to give full and

equal opportunity for the acquisition of petroleum by all interested persons, including major and independent oil producers and refiners alike. When the Secretary, in consultation with the Secretary of the Interior, determines that the public interests will be served by the sale of petroleum to small refiners not having their own adequate sources of supply of petroleum, the Secretary is authorized and directed to set aside a portion of the United States share of petroleum produced for sale to such refiners under the provisions of this section for processing or use in such refineries, except that—

“(1) none of the production sold to small refiners may be resold in kind;

“(2) production must be sold at a cost of not less than the prevailing local market price of comparable petroleum;

“(3) the set-aside portion may not exceed 25 per centum of the estimated annual United States share of the total production from all producing naval petroleum reserves; and

“(4) notwithstanding the provisions of subsection (b) of this section, the Secretary may, at his discretion if he deems it to be in the public interest, prorate such petroleum among such refiners for sale, without competition, at not less than the prevailing local market price of comparable petroleum.

“(e) Any petroleum produced from the naval petroleum reserves, except such petroleum which is either exchanged in similar quantities for convenience or increased efficiency of transportation with persons or the government of an adjacent foreign state, or which is temporarily exported for convenience or increased efficiency of transportation across parts of an adjacent foreign state and reenters the United States, shall be subject to all of the limitations and licensing requirements of the Export Administration Act of 1969 (83 Stat. 841) and, in addition, before any petroleum subject to this section may be exported under the limitations and licensing requirement and penalty and enforcement provisions of the Export Administration Act of 1969, the President must make and publish an express finding that such exports will not diminish the total quality or quantity of petroleum available to the United States and that such exports are in the national interest and are in accord with the Export Administration Act of 1969.

“(f) During the period of production or any extension thereof authorized by section 7422(c), the consultation and approval requirements of section 7431(a) (3) are waived.

“(g) (1) Prior to the promulgation of any rules and regulations, plans of development and amendments thereto, and in the entering and making of contracts and operating agreements relating to the development, production, or sale of petroleum in or from the reserves, the Secretary shall consult with and give due consideration to the views of the Attorney General of the United States with respect to matters which may affect competition.

“(2) No contract or operating agreement may be made, issued, or executed under this chapter until at least thirty days after the Secretary notifies the Attorney General of the proposed contract or operating agreement. Such notification shall contain such information as the Attorney General may require in order to advise the Secretary as to whether such contract or operating agreement may create or maintain a situation inconsistent with the antitrust laws. If, within such thirty day period, the Attorney General advises the Secretary that a contract or operating agreement may create or maintain a situation inconsistent with the antitrust laws, then the Secretary may not make, issue, or execute that contract or operating agreement.

Public Law 94-260
94th Congress

An Act

To amend chapter IX of the Bankruptcy Act to provide by voluntary reorganization procedures for the adjustment of the debts of municipalities.

Apr. 8, 1976

[H.R. 10624]

Whereas the Congress finds and declares this Act and proceedings thereunder providing for the composition of indebtedness of, or authorized by, municipalities to be within the subject of bankruptcies under article I, section 8, clause 4 of the United States Constitution; and

USC prec. title 1.

Whereas the Congress finds that the impracticability of existing Federal bankruptcy remedies for use by municipalities increases the likelihood of their default and will aggravate the adverse effects thereof; and

Whereas the Congress finds that the financial disruptions and dislocations resulting from default of such municipalities without availability of a Federal procedure to restructure their indebtedness in such fashion as to avoid continuing insolvency would have a substantial adverse effect on interstate commerce within the meaning of article I, section 8, clause 3 of the United States Constitution, by reason of the commercial importance of the municipalities involved.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That chapter IX of the Bankruptcy Act is amended to read as follows:

"SEC. 83. RESERVATION OF STATE POWER TO CONTROL GOVERNMENTAL FUNCTIONS OF POLITICAL SUBDIVISIONS.—Nothing contained in this chapter shall be construed to limit or impair the power of any State

to control, by legislation or otherwise, any municipality or any political subdivision of or in such State in the exercise of its political or governmental powers, including expenditures therefor: *Provided, however,* That no State law prescribing a method of composition of indebtedness of such agencies shall be binding upon any creditor who does not consent to such composition, and no judgment shall be entered under such State law which would bind a creditor to such composition without his consent.

“SEC. 84. ELIGIBILITY FOR RELIEF.—Any State's political subdivision or public agency or instrumentality, which is generally authorized to file a petition under this chapter by the legislature, or by a governmental officer or organization empowered by State law to authorize the filing of a petition, is eligible for relief under this chapter if it is insolvent or unable to meet its debts as they mature, and desires to effect a plan to adjust its debts. “(3) such negotiation is impracticable; or

“(4) it has a reasonable fear that a creditor may attempt to obtain a preference.

“SEC. 85. PETITION AND PROCEEDINGS RELATING TO PETITION.—

11 USC 405.

“(a) PETITION.—An entity eligible under section 84 may file a petition for relief under this chapter. In the case of an unincorporated tax or special assessment district having no officials of its own, the petition may be filed by its governing authority or the board or body having authority to levy taxes or assessments to meet the obligations of the district. Any party in interest may file an answer to the petition with the court, not later than 15 days after the publication of notice required by subsection (d) is completed, objecting to the filing of the petition. Upon the filing of such an answer, the court may dismiss the petition after hearing on notice if the petitioner did not file the petition in good faith, or if the petition does not meet the requirements of this chapter. The court shall not, on account of an appeal from a finding of jurisdiction, delay any proceeding under this chapter in the case in which the appeal is being taken; nor shall any court order a stay of such proceeding pending such appeal. The reversal on appeal of a finding of jurisdiction shall not affect the validity of any certificate of indebtedness authorized by the court and issued in such case.

Notice,
publication.Notice and
hearing.

“(b) LIST.—The petitioner shall file with the court a list of the petitioner's creditors, insofar as practicable. The list shall include for each known creditor, to the extent practicable, the name of the creditor, the address of the creditor so far as known to the petitioner, and a description of any claim of the creditor, showing the amount and character of the claim, the nature of any security for the claim, and whether the claim is disputed, contingent or unliquidated as to amount. If an identification of any of the petitioner's creditors is impracticable, the petitioner shall state the reason such identification is impracticable and the character of the claims of the creditors involved. The petitioner shall supplement the list as creditors who were unknown or unidentified at the time the list was filed become known or identified to the petitioner. If the list is not filed with the petition, the petitioner shall file the list at such later time as the court, upon its own motion or upon application of the petitioner, sets.

“(c) **VENUE AND FEES.**—The petition and any accompanying papers, together with a filing fee of \$100, shall be filed with a court in a district in which the petitioner is located.

Publication in
newspapers.

“(d) **NOTICE.**—The petitioner or such other person as the court designates shall give notice of the filing or dismissal of the petition to the State in which the petitioner is located, to the Securities and Exchange Commission, and to creditors included in the list of creditors required by subsection (b) or in any supplement to that list. The notice shall also state that a creditor who files with the court a request, setting forth that creditor's name and address and the nature and amount of that creditor's claim, shall be given notice of any other matter in which that creditor has a direct and substantial interest. The notice required by the first sentence of this subsection shall be published at least once a week for three successive weeks in at least one newspaper of general circulation published within the jurisdiction of the court, and in such other papers having a general circulation among bond dealers and bondholders as may be designated by the court. The court may require that it be published in such other publication as the court deems proper. The court shall require that a copy of the notice required by the first sentence of this subsection be mailed, postage prepaid, to each creditor named in the list required by subsection (b) at the address of such creditor given in the list, or, if no address is given in the list for a creditor and the address of such creditor cannot with reasonable diligence be ascertained, then a copy of the notice may, if the court so determines, be mailed, postage prepaid, to such creditor addressed as the court may prescribe. All expense of giving notice required by this subsection shall be paid by the petitioner, unless the court for good cause determines that the cost of notice in a particular instance should be borne by another party. The notice shall be first published as soon as practicable after the filing of the petition, and the mailing of copies of the notice shall be completed as soon as practicable after the filing of the list required by subsection (b).

“(e) **STAY OF ENFORCEMENT OF CLAIMS AGAINST PETITIONER.**—

“(1) **EFFECT OF FILING A PETITION.**—A petition filed under this chapter shall operate as a stay of the commencement or the continuation of any judicial or other proceeding against the petitioner, its property, or an officer or inhabitant of the petitioner, which seeks to enforce any claim against the petitioner, or of an act or the commencement or continuation of a judicial or other proceeding which seeks to enforce a lien upon the property of the petitioner or a lien on or arising out of taxes or assessments due the petitioner, and shall operate as a stay of the enforcement of any set-off or counterclaim relating to a contract, debt, or obligation of the petitioner.

“(2) **DURATION OF AUTOMATIC STAY.**—Except as it may be terminated, annulled, modified, or conditioned by the court under the terms of this subsection, the stay provided for in this subsection shall continue until the case is closed or dismissed, or the property subject to the lien is, with the approval of the court, abandoned or transferred.

Hearing.

“(3) **RELIEF FROM AUTOMATIC STAY.**—Upon the filing of a complaint seeking relief from a stay provided for by this section, the court shall set a hearing for the earliest possible date. The court may, for cause shown, terminate, annul, modify, or condition such stay.

“(4) OTHER STAYS.—The commencement or continuation of any other act or proceeding may be stayed, restrained, or enjoined by the court, upon notice to each person against whom such order would apply, and for cause shown. The court may issue an order under this paragraph without requiring the petitioner to give security as a condition to that order.

“(f) UNENFORCEABILITY OF CERTAIN CONTRACTUAL PROVISIONS.—A provision in a contract or lease, or in any law applicable to such a contract or lease, which terminates or modifies, or permits a party other than the petitioner to terminate or modify, the contract or lease because of the insolvency of the petitioner or the commencement of a case under this chapter is not enforceable if any defaults in prior performance of the petitioner are cured and adequate assurance of future performance is provided.

“(g) RECOVERY OF SET-OFF.—Any set-off which relates to a contract, debt, or obligation of the petitioner and which set-off was effected within four months prior to the filing of the petition, is voidable and recoverable by the petitioner after hearing on notice. The court may require as a condition to recovery that the petitioner furnish adequate protection for the realization by the person against whom or which recovery is sought of the claim which arises by reason of the recovery.

“(h) AVOIDING POWERS.—Sections 60a, 60c, 67a, 67d, 70c, 70e(1), and 70e(2), and the first three sentences of section 60b shall apply in cases under this chapter as though the petitioner were the bankrupt, debtor, or trustee. If the petitioner refuses to pursue a cause of action under a section or sentence made applicable to this chapter by this subsection, the court may, upon the application of any creditor, appoint a trustee to pursue such cause of action.

11 USC 96, 107,
111.

“SEC. 86. REPRESENTATION OF CREDITORS.—

11 USC 406.

“(a) REPRESENTATION AND DISCLOSURE.—Any creditor may act in that creditor's own behalf or by an attorney or a duly authorized agent or committee. Every person, not including governmental entities, representing more than one creditor shall file with the court a list of the creditors represented by such person, giving the name and address of each such creditor, together with a statement of the amount, class, and character of the claim held by that creditor, and shall attach to the list a copy of the instrument signed by the holder of such claim showing such person's authority, and shall file with the list a copy of the contract or agreement entered into between such person and the creditors represented by that person. Such person shall disclose all compensation incident to the case, received or to be received, directly or indirectly, by that person. That compensation shall be subject to modification and approval by the court.

“(b) MULTIPLE COMPENSATION.—The court shall examine all of the contracts, proposals, acceptances, deposit agreements, and all other papers relating to the plan, specifically for the purpose of ascertaining if any person, not including governmental entities, promoting the plan, or doing anything of such a nature, has been or is to be compensated, directly or indirectly, by both the petitioner and any of its creditors, and shall take evidence under oath to determine whether any such compensation has occurred or is to occur. After such examination the court shall make an adjudication of this issue, and if it be found that any such compensation has occurred or is to occur, the court shall dismiss the petition and tax all of the costs against the person promoting the plan or doing anything of such a nature and receiving such

multiple compensation, or against the petitioner, unless such plan is modified, within the time to be allowed by the court, so as to eliminate the possibility of such compensation, in which event the court may proceed to further consideration of the confirmation of the plan.

11 USC 407.

"SEC. 87. REFERENCE, EXPENSES, AND JOINT ADMINISTRATION.—

"(a) REFERENCE.—The court may refer any special issue of fact to a referee in bankruptcy for consideration, the taking of testimony, and a report upon such special issue of fact, if the court finds that the condition of its docket is such that it cannot take such testimony without unduly delaying the dispatch of other business pending in the court, and if it appears that such special issue is necessary to the determination of the case. A reference to a referee in bankruptcy shall be the exception and not the rule. The court shall not make a general reference of the case, but may only request findings of specific facts.

"(b) EXPENSES.—The court may allow reasonable compensation for the actual and necessary expenses incurred in connection with the case, including compensation for services rendered and expenses incurred in obtaining the deposit of securities and the preparation of the plan, whether such work has been done by the petitioner or by a representative of creditors, and may allow reasonable compensation for an attorney or agent of any of them. No fee, compensation, reimbursement, or other allowances for an attorney, agent, or representative of creditors shall be assessed against the petitioner or paid from any revenues, property, or funds of the petitioner except in the manner and in such sums, if any, as may be provided for in the plan. An appeal may be taken from any order allowing compensation to the United States court of appeals for the circuit in which the case under this chapter is pending, independently of any other appeal which may be taken in the case. The court of appeals shall hear and determine such appeal summarily.

"(c) JOINT ADMINISTRATION.—If two or more petitions by related entities are pending in the same court, the court may order joint administration of the cases.

11 USC 408.

"SEC. 88. CLAIMS.—

"(a) ALLOWANCE OF CLAIMS.—In the absence of an objection by a party in interest, or of a filing of a proof of claim, the claim of a creditor that is not disputed, contingent, or unliquidated as to amount, and that appears in the list or in a supplement to the list filed by the petitioner under section 85(b) shall be deemed allowed. The court may set a date by which proofs of other claims shall be filed. If the court does not set a date, such proofs of other claims shall be filed before the entry of an order confirming the plan. Within thirty days after the filing by the petitioner of the list or any supplement to the list under section 85(b), the court shall give written notice to each person whose claim is listed as disputed, contingent, or unliquidated as to amount, informing each such person that a proof of claim must be filed with the court within the time fixed under this subsection. If there is no objection to such claim, the claim shall be deemed allowed. If there is an objection, the court shall hear and determine the objection.

Written notice.

"(b) CLASSIFICATION OF CREDITORS.—The court shall designate classes of creditors whose claims are of substantially similar character and the members of which enjoy substantially similar rights, consistent with the provisions of section 89, except that the court may create a separate class of creditors having unsecured claims of less than \$250 for reasons of administrative convenience. If there is a controversy over the classification of a creditor, the court shall, after hearing on notice, summarily determine such controversy.

Hearing and notice.

“(c) **DAMAGES UPON REJECTION OF EXECUTORY CONTRACTS.**—If an executory contract or an unexpired lease is rejected under the plan or under section 82(b), any person injured by such rejection may assert a claim against the petitioner. The rejection of an executory contract or unexpired lease constitutes a breach of the contract or lease as of the date of the commencement of the case under this chapter. The claim of a landlord for injury resulting from the rejection of an unexpired lease of real estate or for damages or indemnity under a covenant contained in such lease shall be allowed, but shall be limited to an amount not to exceed the rent, without acceleration, reserved by such lease for the year next succeeding the date of the surrender of the premises to the landlord or the date of reentry of the landlord, whichever first occurs, whether before or after the filing of the petition, plus unpaid accrued rent, without acceleration, up to the date of such surrender or reentry. The court shall scrutinize the circumstances of an assignment of a future rent claim and the amount of the consideration paid for such assignment in determining the amount of damages allowed the assignee of that claim.

“**SEC. 89. PRIORITIES.**—The following shall be paid in full in advance of any distribution to creditors under the plan, in the following order: 11 USC 409.

“(1) The costs and expenses of administration which are incurred subsequent to the filing of a petition under this chapter.

“(2) Debts owed for services or materials actually provided within three months before the date of the filing of the petition under this chapter.

“(3) Debts owing to any person, which by the laws of the United States (other than this Act) are entitled to priority.

“**SEC. 90. FILING AND TRANSMISSION OF PLAN AND MODIFICATIONS.**— 11 USC 410.

“(a) **FILING.**—The petitioner shall file a plan for the adjustment of the petitioner's debts. If such plan is not filed with the petition, the petitioner shall file the plan at such later time as the court, upon its own motion or upon application of the petitioner, sets. At any time prior to the confirmation of a plan, the petitioner, or any creditor, if the petitioner has consented in writing to the modification to be filed by the creditor, may file a modification of the plan; but the modification shall comply with the provisions of this chapter.

“(b) **TRANSMISSION OF PLAN AND MODIFICATIONS.**—As soon as practicable after the plan or any modification of the plan has been filed, the court shall set a time, which shall be ninety days from the filing of the plan or any modification of the plan, unless the court, for good cause, sets some other time, within which creditors may accept or reject the plan and any modification of the plan. The petitioner or such other person as the court designates shall transmit by mail a copy of such plan or modification, or a summary and any analysis of such plan or modification, a notice of the time within which the plan or modification may be accepted or rejected, and a notice of the right to receive a copy, if it has not been sent, of such plan or modification, to each creditor whose claim is affected by the plan, to each special tax payer affected by the plan, and to any party in interest that the court designates. Upon request by a recipient of such summary and notice, the petitioner or such other person as the court designates shall transmit by mail a copy of the plan or modification to that recipient. The court shall, after hearing on notice, determine any controversy as to whether a claim of a creditor or class of creditors is a claim affected by the plan and as to whether a special tax payer is a special tax payer affected by the plan.

Notice and
hearing.

11 USC 411.

"SEC. 91. PROVISIONS OF PLAN.—A petitioner's plan may include provisions modifying or altering the rights of creditors generally, or of any class of them, secured or unsecured, either through issuance of new securities of any character, or otherwise, and may contain such other provisions and agreements not inconsistent with this chapter as the parties may desire, including provisions for the rejection of any executory contract or unexpired lease.

11 USC 412.

"SEC. 92. ACCEPTANCE.—

"(a) WHO MAY ACCEPT OR REJECT.—Unless a claim of a creditor who is included in the list or in a supplement to the list filed under section 85(b) or who files a proof of claim and whose claim is not then disputed, contingent, or unliquidated as to amount, or of a security holder of record as of the date of the transmittal of information under section 90(b), has been disallowed or is not a claim affected by the plan, that creditor or security holder may accept or reject the plan and any modification of the plan within the time set by the court. Notwithstanding an objection to a claim, the court may temporarily allow such claim in such amount as the court deems proper for the purpose of acceptance or rejection under this section.

"(b) GENERAL RULE.—Except as provided in subsection (d), the plan may be confirmed only if it has been accepted in writing by or on behalf of creditors holding at least two-thirds in amount of the claims of each class allowed under section 88 and more than 50 percent in number of the claims of each class allowed under section 88.

"(c) COMPUTING ACCEPTANCE.—The two-thirds majority required by subsection (b) is two-thirds in amount of the claims allowed under section 88 of creditors who file an acceptance or rejection within the time fixed by the court, but not including claims held or controlled by the petitioner, or claims of creditors specified in subsection (d). The more than 50 percent required by subsection (b) is more than 50 percent in number of the claims allowed under section 88 of creditors who file an acceptance or rejection within the time fixed by the court, but not including claims held or controlled by the petitioner, or claims of creditors specified in subsection (d).

"(d) EXCEPTION.—It is not requisite to the confirmation of the plan that there be such acceptance by any creditor or class of creditors—

"(1) whose claims are not affected by the plan;

"(2) if the plan makes provision for the payment of their claims in cash in full; or

"(3) if provision is made in the plan for the protection of the interests, claims, or lien of such creditor or class of creditors.

"(e) ACCEPTANCE OF MODIFICATION.—If the court finds that a proposed modification does not materially and adversely affect the interest of a creditor, the modification shall be deemed accepted by that creditor if that creditor has previously accepted the plan. If the court determines that a modification does materially and adversely affect the interest of a creditor, that creditor shall be given notice of the proposed modification and the time allowed for its acceptance or rejection. The number of acceptances of the plan as modified required by subsection (b) shall be obtained. The plan as modified shall be deemed to have been accepted by any creditor who accepted the plan and who fails to file a written rejection of the modification with the court within such reasonable time as shall be allowed in the notice to that creditor of the proposed modification.

Notice.

11 USC 413.

"SEC. 93. OBJECTION TO PLAN.—A creditor who holds a claim affected by the plan or a special tax payer affected by the plan may file with the court an objection to the confirmation of the plan. The Securities

and Exchange Commission may also file with the court an objection to the confirmation of the plan, but in the case of an objection filed under this section, the Securities and Exchange Commission may not appeal or file any petition for appeal. An objection to the confirmation of the plan may be filed with the court any time prior to ten days before the hearing on the confirmation of the plan, or within such other times set by the court.

"SEC 94. CONFIRMATION.—

11 USC 414.

"(a) HEARING ON CONFIRMATION.—Within a reasonable time after the expiration of the time set by the court within which the plan and any modifications of the plan may be accepted or rejected, the court shall hold a hearing on the confirmation of the plan and any modifications of the plan. The court shall give notice of the hearing and of the time allowed for filing objections to all parties entitled to object under section 93. The court may, for cause shown, permit a labor union or employees' association, that represents employees of the petitioner, to be heard on the economic soundness of the plan affecting the interests of the represented employees.

Notice.

"(b) CONDITIONS FOR CONFIRMATION.—The court shall confirm the plan if—

"(1) the plan is fair and equitable and feasible and does not discriminate unfairly in favor of any creditor or class of creditors;

"(2) the plan complies with the provisions of this chapter;

"(3) the plan has been accepted as required by section 92;

"(4) all amounts to be paid by the petitioner or by any person, not including other governmental entities, for services and expenses in the case or incident to the plan have been fully disclosed and are reasonable;

"(5) the offer of the plan and its acceptance are in good faith; and

"(6) the petitioner is not prohibited by law from taking any action necessary to be taken by it to carry out the plan.

"SEC. 95. EFFECT OF CONFIRMATION.—

11 USC 415.

SEC. 2. FINDINGS, PURPOSES AND POLICY

- (a) FINDINGS.—The Congress finds and declares the following: 16 USC 1801.
(1) The fish off the coasts of the United States, the highly migratory species of the high seas, the species which dwell on or in the Continental Shelf appertaining to the United States, and the anadromous species which spawn in United States rivers or estuaries, constitute valuable and renewable natural resources.

These fishery resources contribute to the food supply, economy, and health of the Nation and provide recreational opportunities.

(2) As a consequence of increased fishing pressure and because of the inadequacy of fishery conservation and management practices and controls (A) certain stocks of such fish have been overfished to the point where their survival is threatened, and (B) other such stocks have been so substantially reduced in number that they could become similarly threatened.

(3) Commercial and recreational fishing constitutes a major source of employment and contributes significantly to the economy of the Nation. Many coastal areas are dependent upon fishing and related activities, and their economies have been badly damaged by the overfishing of fishery resources at an ever-increasing rate over the past decade. The activities of massive foreign fishing fleets in waters adjacent to such coastal areas have contributed to such damage, interfered with domestic fishing efforts, and caused destruction of the fishing gear of United States fishermen.

(4) International fishery agreements have not been effective in preventing or terminating the overfishing of these valuable fishery resources. There is danger that irreversible effects from overfishing will take place before an effective international agreement on fishery management jurisdiction can be negotiated, signed, ratified, and implemented.

(5) Fishery resources are finite but renewable. If placed under sound management before overfishing has caused irreversible effects, the fisheries can be conserved and maintained so as to provide optimum yields on a continuing basis.

(6) A national program for the conservation and management of the fishery resources of the United States is necessary to prevent overfishing, to rebuild overfished stocks, to insure conservation, and to realize the full potential of the Nation's fishery resources.

(7) A national program for the development of fisheries which are underutilized or not utilized by United States fishermen, including bottom fish off Alaska, is necessary to assure that our citizens benefit from the employment, food supply, and revenue which could be generated thereby.

(b) PURPOSES.—It is therefore declared to be the purposes of the Congress in this Act—

(1) to take immediate action to conserve and manage the fishery resources found off the coasts of the United States, and the anadromous species and Continental Shelf fishery resources of the United States, by establishing (A) a fishery conservation zone within which the United States will assume exclusive fishery management authority over all fish, except highly migratory species, and (B) exclusive fishery management authority beyond such zone over such anadromous species and Continental Shelf fishery resources;

(2) to support and encourage the implementation and enforcement of international fishery agreements for the conservation and management of highly migratory species, and to encourage the negotiation and implementation of additional such agreements as necessary;

(3) to promote domestic commercial and recreational fishing under sound conservation and management principles;

(4) to provide for the preparation and implementation, in accordance with national standards, of fishery management plans

which will achieve and maintain, on a continuing basis, the optimum yield from each fishery;

(5) to establish Regional Fishery Management Councils to prepare, monitor, and revise such plans under circumstances (A) which will enable the States, the fishing industry, consumer and environmental organizations, and other interested persons to participate in, and advise on, the establishment and administration of such plans, and (B) which take into account the social and economic needs of the States; and

(6) to encourage the development of fisheries which are currently underutilized or not utilized by United States fishermen, including bottom fish off Alaska.

(c) **POLICY.**—It is further declared to be the policy of the Congress in this Act—

(1) to maintain without change the existing territorial or other ocean jurisdiction of the United States for all purposes other than the conservation and management of fishery resources, as provided for in this Act;

(2) to authorize no impediment to, or interference with, recognized legitimate uses of the high seas, except as necessary for the conservation and management of fishery resources, as provided for in this Act;

(3) to assure that the national fishery conservation and management program utilizes, and is based upon, the best scientific information available; involves, and is responsive to the needs of, interested and affected States and citizens; promotes efficiency; draws upon Federal, State, and academic capabilities in carrying out research, administration, management, and enforcement; and is workable and effective;

(4) to permit foreign fishing consistent with the provisions of this Act; and

(5) to support and encourage continued active United States efforts to obtain an internationally acceptable treaty, at the Third United Nations Conference on the Law of the Sea, which provides for effective conservation and management of fishery resources.

Each preliminary fishery management plan shall be in effect with respect to foreign fishing for which permits have been issued until a fishery management plan is prepared and implemented, pursuant to title III, with respect to such fishery. In such action, the validity and appropriateness of the final order imposing the civil penalty shall not be subject to review.

42 USC 287 note.

(1) diseases of the heart, blood, and blood vessels collectively cause more than half of all the deaths each year in the United States and the combined effect of the disabilities and deaths from such diseases is having a major social and economic impact on the Nation;

(2) elimination of heart and blood vessel diseases as significant causes of disability and death could increase the average American's life expectancy by about eleven years and could provide for annual savings to the economy in lost wages, productivity, and cost of medical care of more than \$40,000,000,000 per year;

(3) chronic lung diseases have been gaining steadily in recent years as important causes of disability and death, with emphysema being among the fastest rising causes of death in the United States;

(4) chronic respiratory diseases affect an estimated ten million Americans, emphysema an estimated one million, chronic bronchitis an estimated four million, and asthma an estimated five million;

(5) thrombosis (the formation of blood clots in the vessels) may cause, directly or in combination with other problems, many deaths and disabilities from heart disease and stroke which can now be prevented;

(6) blood and blood products are essential human resources whose value in saving life and promoting health cannot be assessed in terms of dollars;

(7) the provision of prompt and effective emergency medical services utilizing to the fullest extent possible advances in transportation and communications and other electronic systems and specially trained professional and paraprofessional health care personnel can reduce substantially the number of fatalities and

severe disabilities due to critical illnesses in connection with heart, blood vessel, lung, and blood diseases;

(8) blood diseases, including nutritional anemia, anemia due to inherited abnormalities (such as sickle cell anemia and Cooley's anemia (thalassemia)), anemias resulting from failure of the bone marrow, hemorrhagic defects (a common cause of death in patients with leukemia and other malignancies, and of disability from inherited diseases such as hemophilia), and malignancies of the lymph nodes and bone marrow, such as leukemia, have a devastating impact in spite of recent advances, and constitute an important category of illness that requires major attention; and

(9) the greatest potential for advancement against heart, blood vessel, lung, and blood diseases lies in the National Heart, Lung, and Blood Institute, but advancement against such diseases depends not only on the research programs of that Institute but also on the research programs of other research institutes of the National Institutes of Health.

(b) It is the purpose of this title to enlarge the authority of the National Heart, Lung, and Blood Institute in order to advance the national attack upon heart, blood vessel, lung, and blood diseases and to enlarge its authority with respect to blood resources.

When the Secretary withdraws his approval under this paragraph, a sum equal to the Federal share of the cost to complete the withdrawn route or portion thereof, as that cost is included in the latest Interstate System cost estimate approved by Congress, subject to increase or decrease, as determined by the Secretary based on changes in construction costs of the withdrawn route or portion thereof as of the date of enactment of the Federal-Aid Highway Act of 1976 or the date of approval of each substitute project under this paragraph, whichever is later, and in accordance with the design of the route or portion thereof that is the basis of the latest cost estimate, shall be available to the Secretary to incur obligations for the Federal share of either public mass transit projects involving the construction of fixed rail facilities or the purchase of passenger equipment including rolling stock, for any mode of mass transit, or both, or projects authorized under any highway assistance program under section 103 of this title; or both, which will serve the urbanized area and the connecting non-urbanized area corridor from which the Interstate route or portion thereof was withdrawn, which are selected by the responsible local official's of the urbanized area or area to be served, and which are submitted by the Governor of the State in which the withdrawn route was located. TITLE I—NATIONAL SCIENCE, ENGINEERING, AND
TECHNOLOGY POLICY AND PRIORITIES

FINDINGS

SEC. 101. (a) The Congress, recognizing the profound impact of science and technology on society, and the interrelations of scientific, technological, economic, social, political, and institutional factors, hereby finds and declares that—

42 USC 6601.

(1) the general welfare, the security, the economic health and stability of the Nation, the conservation and efficient utilization of its natural and human resources, and the effective functioning of government and society require vigorous, perceptive support and employment of science and technology in achieving national objectives;

(2) the many large and complex scientific and technological factors which increasingly influence the course of national and international events require appropriate provision, involving long-range, inclusive planning as well as more immediate program development, to incorporate scientific and technological knowledge in the national decisionmaking process;

(3) the scientific and technological capabilities of the United States, when properly fostered, applied, and directed, can effectively assist in improving the quality of life, in anticipating and resolving critical and emerging international, national, and local problems, in strengthening the Nation's international economic position, and in furthering its foreign policy objectives;

(4) Federal funding for science and technology represents an investment in the future which is indispensable to sustained national progress and human betterment, and there should be a continuing national investment in science, engineering, and technology which is commensurate with national needs and opportunities and the prevalent economic situation;

(5) the manpower pool of scientists, engineers, and technicians, constitutes an invaluable national resource which should be utilized to the fullest extent possible; and

(6) the Nation's capabilities for technology assessment and for technological planning and policy formulation must be strengthened at both Federal and State levels.

Priority goals.

(b) As a consequence, the Congress finds and declares that science and technology should contribute to the following priority goals without being limited thereto:

- (1) fostering leadership in the quest for international peace and progress toward human freedom, dignity, and well-being by enlarging the contributions of American scientists and engineers to the knowledge of man and his universe, by making discoveries of basic science widely available at home and abroad, and by utilizing technology in support of United States national and foreign policy goals;
- (2) increasing the efficient use of essential materials and products, and generally contributing to economic opportunity, stability, and appropriate growth;
- (3) assuring an adequate supply of food, materials, and energy for the Nation's needs;
- (4) contributing to the national security;
- (5) improving the quality of health care available to all residents of the United States;
- (6) preserving, fostering, and restoring a healthful and esthetic natural environment;
- (7) providing for the protection of the oceans and coastal zones, and the polar regions, and the efficient utilization of their resources;
- (8) strengthening the economy and promoting full employment through useful scientific and technological innovations;
- (9) increasing the quality of educational opportunities available to all residents of the United States;
- (10) promoting the conservation and efficient utilization of the Nation's natural and human resources;
- (11) improving the Nation's housing, transportation, and communication systems, and assuring the provision of effective public services throughout urban, suburban, and rural areas;
- (12) eliminating air and water pollution, and unnecessary, unhealthful, or ineffective drugs and food additives; and
- (13) advancing the exploration and peaceful uses of outer space.

DECLARATION OF POLICY

42 USC 6602.

SEC. 102. (a) PRINCIPLES.—In view of the foregoing, the Congress declares that the United States shall adhere to a national policy for science and technology which includes the following principles:

- (1) The continuing development and implementation of strategies for determining and achieving the appropriate scope, level, direction, and extent of scientific and technological efforts based upon a continuous appraisal of the role of science and technology in achieving goals and formulating policies of the United States, and reflecting the views of State and local governments and representative public groups.
- (2) The enlistment of science and technology to foster a healthy economy in which the directions of growth and innovation are compatible with the prudent and frugal use of resources and with the preservation of a benign environment.
- (3) The conduct of science and technology operations so as to serve domestic needs while promoting foreign policy objectives.
- (4) The recruitment, education, training, retraining, and beneficial use of adequate numbers of scientists, engineers, and tech-

nologists, and the promotion by the Federal Government of the effective and efficient utilization in the national interest of the Nation's human resources in science, engineering, and technology.

(5) The development and maintenance of a solid base for science and technology in the United States, including: (A) strong participation of and cooperative relationships with State and local governments and the private sector; (B) the maintenance and strengthening of diversified scientific and technological capabilities in government, industry, and the universities, and the encouragement of independent initiatives based on such capabilities, together with elimination of needless barriers to scientific and technological innovation; (C) effective management and dissemination of scientific and technological information; (D) establishment of essential scientific, technical and industrial standards and measurement and test methods; and (E) promotion of increased public understanding of science and technology.

(6) The recognition that, as changing circumstances require periodic revision and adaptation of title I of this Act, the Federal Government is responsible for identifying and interpreting the changes in those circumstances as they occur, and for effecting subsequent changes in title I as appropriate.

(b) **IMPLEMENTATION.**—To implement the policy enunciated in subsection (a) of this section, the Congress declares that:

(1) The Federal Government should maintain central policy planning elements in the executive branch which assist Federal agencies in (A) identifying public problems and objectives, (B) mobilizing scientific and technological resources for essential national programs, (C) securing appropriate funding for programs so identified, (D) anticipating future concerns to which science and technology can contribute and devising strategies for the conduct of science and technology for such purposes, (E) reviewing systematically Federal science policy and programs and recommending legislative amendment thereof when needed. Such elements should include an advisory mechanism within the Executive Office of the President so that the Chief Executive may have available independent, expert judgment and assistance on policy matters which require accurate assessments of the complex scientific and technological features involved.

(2) It is a responsibility of the Federal Government to promote prompt, effective, reliable, and systematic transfer of scientific and technological information by such appropriate methods as programs conducted by nongovernmental organizations, including industrial groups and technical societies. In particular, it is recognized as a responsibility of the Federal Government not only to coordinate and unify its own science and technology information systems, but to facilitate the close coupling of institutional scientific research with commercial application of the useful findings of science.

(3) It is further an appropriate Federal function to support scientific and technological efforts which are expected to provide results beneficial to the public but which the private sector may be unwilling or unable to support.

(4) Scientific and technological activities which may be properly supported exclusively by the Federal Government should be distinguished from those in which interests are shared with State and local governments and the private sector. Among these enti-

ties, cooperative relationships should be established which encourage the appropriate sharing of science and technology decisionmaking, funding support, and program planning and execution.

(5) The Federal Government should support and utilize engineering and its various disciplines and make maximum use of the engineering community, whenever appropriate, as an essential element in the Federal policymaking process.

(6) Comprehensive legislative support for the national science and technology effort requires that the Congress be regularly informed of the condition, health and vitality, and funding requirements of science and technology, the relation of science and technology to changing national goals, and the need for legislative modification of the Federal endeavor and structure at all levels as it relates to science and technology.

(c) PROCEDURES.—The Congress declares that, in order to expedite and facilitate the implementation of the policy enunciated in subsection (a) of this section, the following coordinate procedures are of paramount importance:

(1) Federal procurement policy should encourage the use of science and technology to foster frugal use of materials, energy, and appropriated funds; to assure quality environment; and to enhance product performance.

(2) Explicit criteria, including cost-benefit principles where practicable, should be developed to identify the kinds of applied research and technology programs that are appropriate for Federal funding support and to determine the extent of such support. Particular attention should be given to scientific and technological problems and opportunities offering promise of social advantage that are so long range, geographically widespread, or economically diffused that the Federal Government constitutes the appropriate source for undertaking their support.

(3) Federal promotion of science and technology should emphasize quality of research, recognize the singular importance of stability in scientific and technological institutions, and for urgent tasks, seek to assure timeliness of results. With particular reference to Federal support for basic research, funds should be allocated to encourage education in needed disciplines, to provide a base of scientific knowledge from which future essential technological development can be launched, and to add to the cultural heritage of the Nation.

(4) Federal patent policies should be developed, based on uniform principles, which have as their objective the preservation of incentives for technological innovation and the application of procedures which will continue to assure the full use of beneficial technology to serve the public.

(5) Closer relationships should be encouraged among practitioners of different scientific and technological disciplines, including the physical, social, and biomedical fields.

(6) Federal departments, agencies, and instrumentalities should assure efficient management of laboratory facilities and equipment in their custody, including acquisition of effective equipment, disposal of inferior and obsolete properties, and cross-servicing to maximize the productivity of costly property of all kinds. Disposal policies should include attention to possibilities for further productive use.

(7) The full use of the contributions of science and technology to support State and local government goals should be encouraged.

(8) Formal recognition should be accorded those persons whose scientific and technological achievements have contributed significantly to the national welfare.

(9) The Federal Government should support applied scientific research, when appropriate, in proportion to the probability of its usefulness, insofar as this probability can be determined; but while maximizing the beneficial consequences of technology, the Government should act to minimize foreseeable injurious consequences.

(10) Federal departments, agencies, and instrumentalities should establish procedures to insure among them the systematic interchange of scientific data and technological findings developed under their programs.

To enable cattle producers to establish, finance, and carry out a coordinated program of research, producer and consumer information, and promotion to improve, maintain, and develop markets for cattle, beef, and beef products.

May 28, 1976

[H.R. 7656]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act shall be known as the “Beef Research and Information Act”.

Beef Research
and Information
Act.

7 USC 2901 note.

LEGISLATIVE FINDINGS AND DECLARATION OF POLICY

7 USC 2901.

SEC. 2. Beef constitutes one of the basic, natural foods in the diet. It is produced by many individual cattle producers throughout the United States. Cattle, beef, and beef products move in interstate and foreign commerce and those which do not move in such channels of commerce directly burden or affect interstate commerce of cattle, beef, and beef products. The maintenance and expansion of existing markets and the development of new or improved markets and uses are vital to the welfare of cattle producers and those concerned with marketing, using, and processing beef as well as the general economy of the Nation. The production and marketing of cattle, beef, and beef products by numerous individual persons in the cattle and beef industry have prevented the development and carrying out of adequate and coordinated programs of research, information, and promotion necessary for the maintenance of markets and the development of new products of, and markets for cattle, beef, or beef products. Without an effective and coordinated method for assuring cooperative and collective action in providing for and financing such programs, individual cattle producers are unable to provide, obtain, or carry out the research, consumer and producer information, and promotion necessary to maintain and improve markets for cattle, beef, and beef products.

It has long been recognized that it is in the public interest to provide an adequate, steady supply of high quality beef and beef products readily available to the consumers of the Nation. Maintenance of markets and the development of new markets, both domestic and foreign, are essential to the cattle industry if the consumers of beef and beef products are to be assured of an adequate, steady supply of such products at reasonable prices.

It is therefore declared to be the policy of the Congress and the purpose of this Act that it is essential and in the public interest, through the exercise of the powers provided herein, to authorize and enable the establishment of an orderly procedure for the development and the financing through an adequate assessment of an effective and continuous coordinated program of research, consumer information, producer information, and promotion designed to strengthen the cattle and beef industry's position in the marketplace, and maintain and expand domestic and foreign markets and uses for United States beef. Nothing in this Act shall be construed to mean, or provide for, control of production or otherwise limit the right of individual cattle producers to produce cattle or beef.

PERMISSIVE TERMS IN ORDER

SEC. 7. Any order issued pursuant to this Act shall contain one or more of the following terms and conditions, and except as provided in section 8, no others:

7 USC 2906.

(a) Providing for the establishment, issuance, effectuation, and administration of appropriate plans or projects for advertising, promotion, producer information, and consumer information with respect to the use of cattle, beef, or beef products and for the disbursement of necessary funds for such purposes: *Provided, however,* That any such plan or project shall be directed toward increasing the general demand for cattle, beef, or beef products. No reference to a private brand or trade name shall be made if the Secretary determines that such reference will result in undue discrimination against the cattle, beef, or beef products of other persons. No such advertising, consumer education, or sales promotion programs shall make use of false or misleading claims in behalf of cattle, beef, or beef products, or false or misleading statements with respect to quality, value, or use of any competing product.

(b) Providing for, establishing, and carrying on research, market development projects, and studies with respect to sale, distribution, marketing, utilization, or production of cattle, beef, or beef products, and the creation of new products thereof, to the end that the production, marketing, and utilization of cattle, beef, or beef products may be encouraged, expanded, improved, or made more acceptable, and the data collected by such activities may be disseminated, and providing for the disbursement of necessary funds for such purposes.

Beef Board.
Establishment.

(a) Providing for the establishment and appointment, by the Secretary, of a Beef Board which shall consist of not more than sixty-eight members, and alternates therefor, and defining its powers and duties which shall include only the powers (1) to administer such order in accordance with its terms and provisions, (2) to make rules and regulations to effectuate the terms and provisions of such order, (3) to receive, investigate, and report to the Secretary complaints of violations of such order, (4) to recommend to the Secretary amendments to such order. The term of an appointment to the Beef Board shall be for three years with no member serving more than six consecutive years, except that initial appointment shall be proportionately for one, two, and three years: *Provided*, That the Beef Board shall appoint from its members an executive committee, consisting of not less than seven nor more than eleven members who are broadly representative of the industry, with authority to employ a staff and conduct routine business within the policies determined by the Beef Board.

Term.

(b) Providing that the Beef Board, and alternates therefor, shall be composed of cattle producers appointed by the Secretary from nominations submitted by eligible producer organizations, associations, general farm organizations, or cooperatives, within the geographic area, and certified pursuant to section 15, or, if the Secretary determines that substantial number of producers are not members of or their interests are not represented by any such eligible organizations, associations, or cooperatives, from nominations made by such producers in the manner authorized by the Secretary so that the representation of producers on the Board shall reflect, to the extent practicable, the proportion of cattle produced in each geographic area of the United States as defined by the Secretary: *Provided*, That the Beef Board shall from time to time, with the approval of the Secretary, redesignate representation on the Beef Board so as to reflect the proportion of cattle in each geographic area: *Provided, however*, That each such designated geographic area shall be entitled to at least one representative on the Beef Board.

(c) Providing that the Beef Board shall, subject to the provisions of subsection (g) of this section, develop and submit to the Secretary for his approval any advertising, sales promotion, consumer information, producer information, research, and development plans or proj-

(d) Providing that the Beef Board shall, subject to the provisions of subsection (g) of this section, submit to the Secretary for his approval budgets on a fiscal period basis of its anticipated expenses and disbursements in the administration of the order, including probable costs of advertising, promotion, producer information, consumer information, research, and development projects. The Beef Board shall also submit copies of such budgets to the House Committee on Agriculture and the Senate Committee on Agriculture and Forestry.

(e) Providing, that—

(1) In each transaction where a producer sells or otherwise transfers ownership of cattle to any other producer, each such producer-seller shall pay to the producer-buyer and each producer-buyer shall collect from the producer-seller an assessment based on the value of the cattle involved in the transaction. Each producer who sells to a slaughterer or otherwise arranges for the slaughter of his cattle shall pay to the slaughterer and the slaughterer shall collect from such producer an assessment based on the value of the cattle involved. The slaughterer shall remit assessment(s) collected to the Beef Board in the manner prescribed by the order or the regulations issued thereunder, including any assessment(s) due at time of slaughter on cattle of his own production. In the event no sales transaction occurs at the point of slaughter, a fair value shall be attributed to the cattle at the time of slaughter for the purposes of determining the assessment: *Provided*, That the Beef Board may exempt from or vary the assessment on transactions of breeding animals or classes of breeding animals until time of slaughter: *Provided further*, That cattle slaughtered for his own home consumption by a producer who has been the sole owner of such cattle shall not be subject to assessments provided in this Act: *Provided further*, That the Beef Board may collect directly from any producer any assessments that he collected under the provisions of this Act, which are not passed along in the usual manner due to the loss in value of the cattle.

(2) The rate of assessment shall be as prescribed by the order except the aggregate rate shall not exceed one-half of 1 percent and shall provide for such expenses and expenditures, including provision for a reasonable reserve, and any referendum and administrative costs incurred by the Secretary under this Act, as the Secretary finds are reasonable and likely to be incurred by the Beef Board under the order during any period specified by him.

(3) To facilitate the collection of assessments, the Beef Board may specify different procedures for slaughterers, or classes of slaughterers, to recognize differences in marketing practices or procedures utilized in the industry.

(4) The Secretary may maintain a suit against any person subject to the order for the collection of such assessment and the several district courts of the United States are hereby vested with jurisdiction to entertain such suits regardless of the amount in controversy.

(f) Providing that the Beef Board shall maintain such books and records and prepare and submit such reports from time to time to the

Secretary as he may prescribe, and for appropriate accounting by the Beef Board with respect to the receipt and disbursement of all funds entrusted to it.

Contracts or
agreements.

(g) Providing that the Beef Board, with the approval of the Secretary, may enter into contracts or agreements for development and carrying out the activities authorized under the order pursuant to section 7 (a) and (b) and for the payment of the cost thereof with funds collected pursuant to the order. Any such contract or agreement shall provide that such contractors shall develop and submit to the Beef Board a plan or project together with a budget or budgets which shall show estimated costs to be incurred for such plan or project, and that any such plan or project shall become effective upon the approval of the Secretary, and further, shall provide that the contracting parties shall keep accurate records of all of their activities and make periodic reports to the Beef Board of activities carried out and an accounting for funds received and expended, and such other reports as the Secretary may require.

(h) Providing that no funds collected by the Beef Board under the order shall in any manner be used for the purpose of influencing governmental policy or action, except as provided by subsection (a) (4) of this section.

Reimbursement.

(i) Providing the Beef Board members, and alternates therefore, shall serve without compensation, but shall be reimbursed for their reasonable expenses incurred in performing their duties as members of the Beef Board.

REQUIREMENT OF REFERENDUM AND CATTLE PRODUCER APPROVAL

7 USC 2908.

SEC. 9. The Secretary shall conduct a referendum as soon as practicable among producers who at any time, during a consecutive twelve-month representative period preceding the date of the referendum, as determined by the Secretary, have been engaged in the production of cattle for the purpose of ascertaining whether the issuance of an order is approved or favored by such producers. The Secretary shall establish a procedure whereby all known cattle producers are notified of the referendum and the time and place of balloting and qualified producers may register with the Agriculture Stabilization and Conservation Service in person or by mail to vote in such a referendum during a period ending not less than ten days prior to the date of the referendum. No order issued pursuant to this Act shall be effective unless the Secretary determines (1) that votes were cast by at least 50 per centum of the registered producers, and (2) that the issuance of such order is approved or favored by not less than two-thirds of the producers voting in such referendum. The Secretary shall be reimbursed from assessments collected by the Beef Board for any expenses incurred for the conduct of the referendum. Eligible voter lists and ballots cast in the referendum shall be retained by the Secretary for a period of not less than twelve months after they are cast for audit and recount in the event the results of the referendum are challenged and either the Secretary or the Courts determine a recount and retabulation of results is appropriate. Prior to the holding of the referendum, sureties shall have posted a bond or other security, acceptable to the Secretary, in an amount which the Secretary shall determine to be sufficient to pay any expenses incurred for the conduct of the referendum. For the purpose of this section, the term "expenses incurred for the conduct of the referendum" shall include all costs incurred by the Government in connection therewith, except for salaries of Government employees.

Notice.

conduct of the
referendum."

SUSPENSION AND TERMINATION OF ORDERS

SEC. 10. (a) The Secretary shall, whenever he finds that any order issued under this Act, or any provision(s) thereof, obstructs or does not tend to effectuate the declared policy of this Act, terminate or suspend the operation of such order or such provision(s) thereof. 7 USC 2909.

(b) The Secretary may conduct a referendum at any time, and shall hold a referendum on request of 10 per centum or more of the number of producers voting in the referendum approving the order, to determine whether such producers favor the termination or suspension of the order, and he shall suspend or terminate such order six months after he determines that suspension or termination of the order is approved or favored by a majority of the producers voting in such referendum who, during a representative period determined by the Secretary, have been engaged in the production of cattle, and who produced more than 50 per centum of the volume of cattle produced by the producers voting in the referendum. Referendum.

(c) The termination or suspension of any order, or any provision thereof, shall not be considered an order within the meaning of this Act.

PROVISIONS APPLICABLE TO AMENDMENTS

SEC. 11. The provisions of this Act applicable to orders shall be applicable to amendments to orders. 7 USC 2910.

PRODUCER REFUND

SEC. 12. Notwithstanding any other provisions of this Act, any producer against whose cattle any assessment is made and collected from him under authority of this Act and who is not in favor of supporting the programs as provided for herein shall have the right to demand and receive from the Beef Board a refund of such assessment: *Provided*, That such demand shall be made in accordance with regulations on a form and within a time period prescribed by the Board and approved by the Secretary but in no event more than sixty days after the end of the month in which the sale or slaughter of said cattle occurred and upon submission of proof satisfactory to the Board that the producer paid the assessment for which refund is sought, and any such refund shall be made within sixty days after demand is received therefor: *Provided, however*, That no producer shall claim or receive a refund of any portion of an assessment which he collected from other producers. 7 USC 2911.

PETITION AND REVIEW

SEC. 13. (a) Any person subject to any order may file a written petition with the Secretary, stating that any such order or any provision of such order or any obligation imposed in connection therewith is not in accordance with law and praying for a modification thereof or to be exempted therefrom. He shall thereupon be given an opportunity for a hearing upon such petition, in accordance with regulations made by the Secretary. After such hearing, the Secretary shall make a ruling upon the prayer of such petition which shall be final, if in accordance with law. 7 USC 2912.

(d) The district courts of the United States in any district in which such person is an inhabitant, or has his principal place of business, are hereby vested with jurisdiction to review such ruling, provided a complaint for that purpose is filed within twenty days from the date Hearing.

of the entry of such ruling. Service of process in such proceedings may be had upon the Secretary by delivering to him a copy of the complaint. If the court determines that such ruling is not in accordance with law, it shall remand such proceedings to the Secretary with directions either (1) to make such ruling as the court shall determine to be in accordance with the law, or (2) to take such further proceedings as, in its opinion, the law requires. The pendency of proceedings instituted pursuant to subsection (a) of this section shall not impede, hinder, or delay the United States or the Secretary from obtaining relief pursuant to section 14(a) of this Act.

ENFORCEMENT

7 USC 2913.

SEC. 14. (a) The several district courts of the United States are vested with jurisdiction specifically to enforce, and to prevent and restrain any person from violating any order or regulation made or issued pursuant to this Act. Any civil action authorized to be brought under this Act shall be referred to the Attorney General for appropriate action: *Provided*, That nothing in this Act shall be construed as requiring the Secretary to refer to the Attorney General minor violations of this Act whenever he believes that the administration and enforcement of the program would be adequately served by suitable written notice or warning to any person committing such violation.

Penalty.

(b) Any person who willfully violates any provision of any order issued by the Secretary under this Act, or who willfully fails or refuses to collect or remit any assessment duly required of him thereunder, shall be liable to a penalty of not more than \$1,000 for each such violation which shall accrue to the United States and may be recovered in a civil suit brought by the United States: *Provided*, That subsections (a) and (b) of this section shall be in addition to, and not exclusive of, the remedies provided now or hereafter existing at law or in equity.

CERTIFICATION OF ORGANIZATIONS

7 USC 2914.

SEC. 15. The eligibility of any organization to represent producers of any designated geographic area of the United States to request the issuance of an order under section 5, and to participate in the making of nominations under section 8(b) shall be certified by the Secretary. Certification shall be based, in addition to other available information, upon a factual report submitted by the organization which shall contain information deemed relevant and specified by the Secretary for the making of such determination, including, but not limited to, the following:

Report, submittal
to Secretary.

(a) geographic territory covered by the organization's active membership,

(b) nature and size of the organization's active membership, proportion of total of such active membership accounted for by producers of cattle, and the volume of cattle produced by the organization's active membership in each such State,

(c) the extent to which the cattle producer membership of such organization is represented in setting the organization's policies,

(d) evidence of stability and permanency of the organization,

(e) sources from which the organization's operating funds are derived,

(f) functions of the organization, and

(g) the organization's ability and willingness to further the aims and objectives of this Act:

Provided, however, That the primary consideration in determining the eligibility of an organization shall be whether its producer membership consists of a substantial number of producers who produce a substantial volume of cattle subject to the provisions of this Act. The Secretary shall certify any organization which he finds to be eligible under this section and his determination as to eligibility shall be final. Where more than one organization is certified in any geographic area, such organizations may caucus to determine the area's nominations under section 8(b).

STATE BEEF BOARDS

SEC. 16. Nothing in this Act shall be construed to preempt or interfere with the workings of any beef board, beef council, or other beef promotion entity organized and operating within and by authority of any of the several States. 7 USC 2915.

REGULATIONS

SEC. 17. The Secretary is authorized to issue regulations with the force and effect of law as may be necessary to carry out the provisions of this Act and the powers vested in him by this Act. 7 USC 2916.

INVESTIGATIONS: POWER TO SUBPENA AND TAKE OATHS AND AFFIRMATIONS: AID OF COURTS

SEC. 18. The Secretary may make such investigation as he deems necessary for the effective carrying out of his responsibilities under this Act or to determine whether a producer or slaughterer of cattle or any other person has engaged or is about to engage in any acts or practice which constitute or will constitute a violation of any provisions of this Act, or of any order, or rule or regulation issued under this Act. For the purpose of such investigation, the Secretary is empowered to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, and documents which are relevant to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States. In case of contumacy by, or refusal to obey a subpoena to, any person, including a producer, the Secretary may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, papers, and documents; and such court may issue an order requiring such person to appear before the Secretary, there to produce records, if so ordered, or to give testimony touching the matter under investigation. Any failure to obey such order of the court may be punished by such court as a contempt thereof. All process in any such case may be served in the judicial district whereof such person is an inhabitant or wherever he may be found. 7 USC 2917.

Penalty.

SEPARABILITY

SEC. 19. If any provision of this Act or the application thereof to any person or circumstances is held invalid, the validity of the remainder of the Act and of the application of such provision to other persons and circumstances shall not be affected thereby. 7 USC 2901 note.

AUTHORIZATION

7 USC 2918.

SEC. 20. There is hereby authorized to be appropriated out of any money in the Treasury not otherwise appropriated such funds as are necessary to carry out the provisions of this Act. REGULATION OF MEDICAL DEVICES

SEC. 2. Chapter V is amended by adding after section 512 the following new sections:

“CLASSIFICATION OF DEVICES INTENDED FOR HUMAN USE

“Device Classes

21 USC 360c.

“SEC. 513. (a) (1) There are established the following classes of devices intended for human use:

“ (A) CLASS I, GENERAL CONTROLS.—

21 USC 351, 352, 360.

Post, pp. 560, 562, 564, 565.

“ (i) A device for which the controls authorized by or under section 501, 502, 510, 516, 518, 519, or 520 or any combination of such sections are sufficient to provide reasonable assurance of the safety and effectiveness of the device.

“ (ii) A device for which insufficient information exists to determine that the controls referred to in clause (i) are sufficient to provide reasonable assurance of the safety and effectiveness of the device or to establish a performance standard to provide such assurance, but because it—

“ (I) is not purported or represented to be for a use in supporting or sustaining human life or for a use which is

of substantial importance in preventing impairment of human health, and

“(II) does not present a potential unreasonable risk of illness or injury,

is to be regulated by the controls referred to in clause (i).

“(B) CLASS II, PERFORMANCE STANDARDS.—A device which cannot be classified as a class I device because the controls authorized by or under sections 501, 502, 510, 516, 518, 519, and 520 by themselves are insufficient to provide reasonable assurance of the safety and effectiveness of the device, for which there is sufficient information to establish a performance standard to provide such assurance, and for which it is therefore necessary to establish for the device a performance standard under section 514 to provide reasonable assurance of its safety and effectiveness.

21 USC 351, 352, 360.

Post, pp. 560, 562, 564, 565.

Post, p. 546.

“(C) CLASS III, PREMARKET APPROVAL.—A device which because—

“(i) it (I) cannot be classified as a class I device because insufficient information exists to determine that the controls authorized by or under sections 501, 502, 510, 516, 518, 519, and 520 are sufficient to provide reasonable assurance of the safety and effectiveness of the device and (II) cannot be classified as a class II device because insufficient information exists for the establishment of a performance standard to provide reasonable assurance of its safety and effectiveness, and

“(ii) (I) is purported or represented to be for a use in supporting or sustaining human life or for a use which is of substantial importance in preventing impairment of human health, or

“(II) presents a potential unreasonable risk of illness or injury,

is to be subject, in accordance with section 515, to premarket approval to provide reasonable assurance of its safety and effectiveness.

Post, p. 552.

If there is not sufficient information to establish a performance standard for a device to provide reasonable assurance of its safety and effectiveness, the Secretary may conduct such activities as may be necessary to develop or obtain such information.

“(2) For purposes of this section and sections 514 and 515, the safety and effectiveness of a device are to be determined—

“(A) with respect to the persons for whose use the device is represented or intended,

“(B) with respect to the conditions of use prescribed, recommended, or suggested in the labeling of the device, and

“(C) weighing any probable benefit to health from the use of the device against any probable risk of injury or illness from such use.

“(3) (A) Except as authorized by subparagraph (B), the effectiveness of a device is, for purposes of this section and sections 514 and 515, to be determined, in accordance with regulations promulgated by the Secretary, on the basis of well-controlled investigations, including clinical investigations where appropriate, by experts qualified by training and experience to evaluate the effectiveness of the device, from which investigations it can fairly and responsibly be concluded by qualified experts that the device will have the effect it purports or is represented to have under the conditions of use prescribed, recommended, or suggested in the labeling of the device.

“(B) If the Secretary determines that there exists valid scientific evidence (other than evidence derived from investigations described in subparagraph (A))—

“(i) which is sufficient to determine the effectiveness of a device, and

“(ii) from which it can fairly and responsibly be concluded by qualified experts that the device will have the effect it purports or is represented to have under the conditions of use prescribed, recommended, or suggested in the labeling of the device,

Post, pp. 546, 552.

then, for purposes of this section and sections 514 and 515, the Secretary may authorize the effectiveness of the device to be determined on the basis of such evidence.

“Classification; Classification Panels

“(b) (1) For purposes of—

“(A) determining which devices intended for human use should be subject to the requirements of general controls, performance standards, or premarket approval, and

“(B) providing notice to the manufacturers and importers of such devices to enable them to prepare for the application of such requirements to devices manufactured or imported by them, the Secretary shall classify all such devices (other than devices classified by subsection (f)) into the classes established by subsection (a). For the purpose of securing recommendations with respect to the classification of devices, the Secretary shall establish panels of experts or use panels of experts established before the date of the enactment of this section, or both. Section 14 of the Federal Advisory Committee Act shall not apply to the duration of a panel established under this paragraph.

Panels of experts.
Establishment.

5 USC app. I.

“(2) The Secretary shall appoint to each panel established under paragraph (1) persons who are qualified by training and experience to evaluate the safety and effectiveness of the devices to be referred to the panel and who, to the extent feasible, possess skill in the use of, or experience in the development, manufacture, or utilization of, such devices. The Secretary shall make appointments to each panel so that each panel shall consist of members with adequately diversified expertise in such fields as clinical and administrative medicine, engineering, biological and physical sciences, and other related professions. In addition, each panel shall include as nonvoting members a representative of consumer interests and a representative of interests of the device manufacturing industry. Scientific, trade, and consumer organizations shall be afforded an opportunity to nominate individuals for appointment to the panels. No individual who is in the regular full-time employ of the United States and engaged in the administration of this Act may be a member of any panel. The Secretary shall designate one of the members of each panel to serve as chairman thereof.

“(3) Panel members (other than officers or employees of the United States), while attending meetings or conferences of a panel or otherwise engaged in its business, shall be entitled to receive compensation at rates to be fixed by the Secretary, but not at rates exceeding the daily equivalent of the rate in effect for grade GS-18 of the General Schedule, for each day so engaged, including traveltime; and while so serving away from their homes or regular places of business each member may be allowed travel expenses (including per diem in lieu of subsistence) as authorized by section 5703(b) of title 5, United States Code, for persons in the Government service employed intermittently.

5 USC 5332 note.

“(4) The Secretary shall furnish each panel with adequate clerical and other necessary assistance.

“Classification Panel Organization and Operation

“(c) (1) The Secretary shall organize the panels according to the various fields of clinical medicine and fundamental sciences in which devices intended for human use are used. The Secretary shall refer a device to be classified under this section to an appropriate panel established or authorized to be used under subsection (b) for its review and for its recommendation respecting the classification of the device. The Secretary shall by regulation prescribe the procedure to be followed by the panels in making their reviews and recommendations. In making their reviews of devices, the panels, to the maximum extent practicable, shall provide an opportunity for interested persons to submit data and views on the classification of the devices.

“(2) (A) Upon completion of a panel's review of a device referred to it under paragraph (1), the panel shall, subject to subparagraphs (B) and (C), submit to the Secretary its recommendation for the classification of the device. Any such recommendation shall (i) contain (I) a summary of the reasons for the recommendation, (II) a summary of the data upon which the recommendation is based, and (III) an identification of the risks to health (if any) presented by the device with respect to which the recommendation is made, and (ii) to the extent practicable, include a recommendation for the assignment of a priority for the application of the requirements of section 514 or 515 to a device recommended to be classified in class II or class III.

“(C) In the case of a device which has been referred under paragraph (1) to a panel, and which—

“(i) is intended to be implanted in the human body or is purported or represented to be for a use in supporting or sustaining human life, and

“(ii) (I) has been introduced or delivered for introduction into interstate commerce for commercial distribution before the date of enactment of this section, or

“(II) is within a type of device which was so introduced or delivered before such date and is substantially equivalent to another device within that type,

such panel shall recommend to the Secretary that the device be classified in class III unless the panel determines that classification of the device in such class is not necessary to provide reasonable assurance of its safety and effectiveness. If a panel does not recommend that such a device be classified in class III, it shall in its recommendation to the Secretary for the classification of the device set forth the reasons for not recommending classification of the device in such class.

“(3) The panels shall submit to the Secretary within one year of the date funds are first appropriated for the implementation of this section their recommendations respecting all devices of a type introduced or delivered for introduction into interstate commerce for commercial distribution before the date of the enactment of this section.

Federal Register.

“(d) (1) Upon receipt of a recommendation from a panel respecting a device, the Secretary shall publish in the Federal Register the panel’s recommendation and a proposed regulation classifying such device and shall provide interested persons an opportunity to submit comments on such recommendation and the proposed regulation. After reviewing such comments, the Secretary shall, subject to paragraph (2), by regulation classify such device.

“(2) (A) A regulation under paragraph (1) classifying a device in class I shall prescribe which, if any, of the requirements of section 510, 519, or 520(f) shall not apply to the device. A regulation which makes a requirement of section 510, 519, or 520(f) inapplicable to a device shall be accompanied by a statement of the reasons of the Secretary for making such requirement inapplicable.

“(B) A device described in subsection (c) (2) (C) shall be classified in class III unless the Secretary determines that classification of the device in such class is not necessary to provide reasonable assurance of its safety and effectiveness. A proposed regulation under paragraph (1) classifying such a device in a class other than class III shall be accompanied by a full statement of the reasons of the Secretary (and supporting documentation and data) for not classifying such device in such class and an identification of the risks to health (if any) presented by such device.

Post, p. 552.

“(3) In the case of devices classified in class II and devices classified under this subsection in class III and described in section 515(b) (1) the Secretary may establish priorities which, in his discretion, shall be used in applying sections 514 and 515, as appropriate, to such devices.

“Classification Changes

Regulation.

“(e) Based on new information respecting a device, the Secretary may, upon his own initiative or upon petition of an interested person, by regulation (1) change such device’s classification, and (2) revoke, because of the change in classification, any regulation or requirement in effect under section 514 or 515 with respect to such device. In the promulgation of such a regulation respecting a device’s classification, the Secretary may secure from the panel to which the device was last referred pursuant to subsection (c) a recommendation respecting the proposed change in the device’s classification and shall publish in the Federal Register any recommendation submitted to the Secretary by the panel respecting such change. A regulation under this subsection changing the classification of a device from class III to class II may provide that such classification shall not take effect until the effective date of a performance standard established under section 514 for such device.

“Initial Classification of Certain Devices

“(f) (1) Any device intended for human use which was not introduced or delivered for introduction into interstate commerce for commercial distribution before the date of the enactment of this section is classified in class III unless—

“(A) the device—

“(i) is within a type of device (I) which was introduced or delivered for introduction into interstate commerce for commercial distribution before such date and which is to be classified pursuant to subsection (b), or (II) which was not so

introduced or delivered before such date and has been classified in class I or II, and

“(ii) is substantially equivalent to another device within such type, or

“(B) the Secretary in response to a petition submitted under paragraph (2) has classified such device in class I or II.

A device classified in class III under this paragraph shall be classified in that class until the effective date of an order of the Secretary under paragraph (2) classifying the device in class I or II.

“(2) (A) The manufacturer or importer of a device classified under paragraph (1) may petition the Secretary (in such form and manner as he shall prescribe) for the issuance of an order classifying the device in class I or class II. Within thirty days of the filing of such a petition, the Secretary shall notify the petitioner of any deficiencies in the petition which prevent the Secretary from making a decision on the petition.

Petition.

Notification.

“(B) (i) Upon determining that a petition does not contain any deficiency which prevents the Secretary from making a decision on the petition, the Secretary shall refer the petition to an appropriate panel established or authorized to be used under subsection (b). A panel to which such a petition has been referred shall not later than ninety days after the referral of the petition make a recommendation to the Secretary respecting approval or denial of the petition. Any such recommendation shall contain (I) a summary of the reasons for the recommendation, (II) a summary of the data upon which the recommendation is based, and (III) an identification of the risks to health (if any) presented by the device with respect to which the petition was filed. In the case of a petition for a device which is intended to be implanted in the human body or which is purported or represented to be for a use in supporting or sustaining human life, the panel shall recommend that the petition be denied unless the panel determines that the classification in class III of the device is not necessary to provide reasonable assurance of its safety and effectiveness. If the panel recommends that such petition be approved, it shall in its recommendation to the Secretary set forth its reasons for such recommendation.

“(ii) The requirements of paragraphs (1) and (2) of subsection (c) (relating to opportunities for submission of data and views and recommendations respecting priorities and exemptions from sections 510, 519, and 520(f)) shall apply with respect to consideration by panels of petitions submitted under subparagraph (A).

“(C) (i) Within ninety days from the date the Secretary receives the recommendation of a panel respecting a petition (but not later than 210 days after the filing of such petition) the Secretary shall by order deny or approve the petition. If the Secretary approves the petition, the Secretary shall order the classification of the device into class I or class II in accordance with the criteria prescribed by subsection (a) (1) (A) or (a) (1) (B). In the case of a petition for a device which is intended to be implanted in the human body or which is purported or represented to be for a use in supporting or sustaining human life, the Secretary shall deny the petition unless the Secretary determines that the classification in class III of the device is not necessary to provide reasonable assurance of its safety and effectiveness. An order approving such petition shall be accompanied by a full statement of the reasons of the Secretary (and supporting documentation and data) for approving the petition and an identification of the risks to health (if any) presented by the device to which such order applies.

"Information

"(g) Within sixty days of the receipt of a written request of any person for information respecting the class in which a device has been classified or the requirements applicable to a device under this Act, the Secretary shall provide such person a written statement of the classification (if any) of such device and the requirements of this Act applicable to the device.

"PERFORMANCE STANDARDS

"Provisions of Standards

Regulation.
 21 USC 360d.

"SEC. 514. (a) (1) The Secretary may by regulation, promulgated in accordance with this section, establish a performance standard for a class II device. A class III device may also be considered a class II device for purposes of establishing a standard for the device under this section if the device has been reclassified as a class II device under a regulation under section 513(e) but such regulation provides that the reclassification is not to take effect until the effective date of such a standard for the device.

"(2) A performance standard established under this section for a device—

"(A) shall include provisions to provide reasonable assurance of its safe and effective performance;

"(B) shall, where necessary to provide reasonable assurance of its safe and effective performance, include—

"(i) provisions respecting the construction, components, ingredients, and properties of the device and its compatibility with power systems and connections to such systems,

Testing.

"(ii) provisions for the testing (on a sample basis or, if necessary, on an individual basis) of the device or, if it is determined that no other more practicable means are available to the Secretary to assure the conformity of the device to the standard, provisions for the testing (on a sample basis or, if necessary, on an individual basis) by the Secretary or by another person at the direction of the Secretary,

"(iii) provisions for the measurement of the performance characteristics of the device,

"(iv) provisions requiring that the results of each or of certain of the tests of the device required to be made under

clause (ii) show that the device is in conformity with the portions of the standard for which the test or tests were required, and

“(v) a provision requiring that the sale and distribution of the device be restricted but only to the extent that the sale and distribution of a device may be restricted under a regulation under section 520(e); and

“(4) The Secretary shall provide for periodic evaluation of performance standards established under this section to determine if such standards should be changed to reflect new medical, scientific, or other technological data.

Periodic
evaluation.

“(5) In carrying out his duties under this section, the Secretary shall, to the maximum extent practicable—

“(A) use personnel, facilities, and other technical support available in other Federal agencies,

“(B) consult with other Federal agencies concerned with standard-setting and other nationally or internationally recognized standard-setting entities, and

“(C) invite appropriate participation, through joint or other conferences, workshops, or other means, by informed persons representative of scientific, professional, industry, or consumer organizations who in his judgment can make a significant contribution.

“Initiation of a Proceeding for a Performance Standard

“(b) (1) A proceeding for the development of a performance standard for a device shall be initiated by the Secretary by the publication in the Federal Register of notice of the opportunity to submit to the Secretary a request (within fifteen days of the date of the publication of the notice) for a change in the classification of the device based on new information relevant to its classification.

Publication in
Federal Register.

“(2) If, after publication of a notice pursuant to paragraph (1) the Secretary receives a request for a change in the device's classification, he shall, within sixty days of the publication of such notice and after consultation with the appropriate panel under section 513, by order published in the Federal Register, either deny the request for change in classification or give notice of his intent to initiate such a change under section 513(e).

Ante, p. 540.

“Invitation for Standards

“(c) (1) If, after the publication of a notice under subsection (b), no action is required under paragraph (2) of such subsection or the Secretary denies a request to change the classification of the device with respect to which such notice was published, the Secretary shall publish in the Federal Register a notice inviting any person, including any Federal agency, to—

Publication in
Federal Register.

“(A) submit to the Secretary, within sixty days after the date of publication of the notice, an existing standard as a proposed performance standard for such device, or

“(B) offer, within sixty days after the date of publication of the notice, to develop such a proposed standard.

“(2) A notice published pursuant to paragraph (1) for an offer for the development of a proposed performance standard for a device—

“(A) shall specify a period within which the standard is to be

developed, which period may be extended by the Secretary for good cause shown; and

“(B) shall include—

“(i) a description or other designation of the device,

“(ii) a statement of the nature of the risk or risks associated with the use of the device and intended to be controlled by a performance standard,

“(iii) a summary of the data on which the Secretary has found a need for initiation of the proceeding to develop a performance standard, and

“(iv) identification of any existing performance standard known to the Secretary which may be relevant to the proceeding.

Regulation.

“(3) The Secretary shall by regulation require that an offeror of an offer to develop a proposed performance standard submit (and if the offeror is a business entity, require that appropriate directors, officers, and employees of, and consultants to, the business entity submit) to the Secretary such information concerning the offeror as the Secretary determines is relevant with respect to the offeror's qualifications to develop a proposed performance standard for a device, including information respecting the offeror's financial stability, expertise, and experience, and any potential conflicts of interest, including financial interest in the device for which the proposed standard is to be developed, current industrial or commercial affiliates of the offeror, current sources of financial support for research, and business entities in which the offeror has a financial interest, which may be relevant with respect to the offeror's qualifications. Such information submitted by an offeror may not be made public by the Secretary unless required by section 552 of title 5, United States Code, except that in the case of information submitted by an offeror whose offer has been accepted, the Secretary shall make such information (other than information which because of subsection (b) (4) of section 552, title 5, United States Code, is exempt from disclosure pursuant to subsection (a) of such section) public at the time the offer is accepted.

“(4) If the Secretary determines that a performance standard can be developed by any Federal agency (including an agency within the Department of Health, Education, and Welfare), the Secretary may—

“(A) if such determination is made with respect to an agency within such Department, develop such a standard in lieu of accepting any offer to develop such a standard pursuant to a notice published pursuant to this subsection, or

“(B) if such determination is made with respect to any other agency, authorize such agency to develop such a standard in lieu of accepting any such offer.

In making such a determination respecting a Federal agency, the Secretary shall take into account the personnel and expertise within such agency. The requirements described in subparagraphs (B) and (C) of subsection (e) (4) shall apply to development of a standard under this paragraph.

“Acceptance of Certain Existing Standards

“(d) (1) If the Secretary—

“(A) determines that a performance standard has been issued or adopted or is being developed by any Federal agency or by any other qualified entity or receives a performance standard submitted pursuant to a notice published pursuant to subsection (c), and

“(B) determines that such performance standard is based upon scientific data and information and has been subjected to scientific consideration,

he may, in lieu of accepting any offer to develop such a standard pursuant to a notice published pursuant to subsection (c), accept such standard as a proposed performance standard for such device or as a basis upon which a proposed performance standard may be developed.

“(2) If a standard is submitted to the Secretary pursuant to a notice published pursuant to subsection (c) and the Secretary does not accept such standard, he shall publish in the Federal Register notice of that fact together with the reasons therefor.

Publication in
Federal Register.

“Acceptance of Offer To Develop Standard

“(e) (1) Except as provided by subsections (c) (4) and (d), the Secretary shall accept one, and may accept more than one, offer to develop a proposed performance standard for a device pursuant to a notice published pursuant to subsection (c) if he determines that (A) the offeror is qualified to develop such a standard and is technically competent to undertake and complete the development of an appropriate performance standard within the period specified in the notice, and (B) the offeror will comply with procedures prescribed by regulations of the Secretary under paragraph (4) of this subsection. In determining the qualifications of an offeror to develop a standard, the Secretary shall take into account the offeror's financial stability, expertise, experience, and any potential conflicts of interests (including financial interest in the device for which such standard is to be developed) and other information submitted pursuant to subsection (c) (3), which may be relevant with respect to the offeror's qualifications.

“(2) The Secretary shall publish in the Federal Register the name and address of each person whose offer is accepted under paragraph (1) and a summary of the terms of such offer as accepted.

Publication in
Federal Register.

“(3) If such an offer is accepted, the Secretary may, upon application which may be made prior to the acceptance of the offer, agree to contribute to the offeror's cost in developing a proposed standard if the Secretary determines that such contribution is likely to result in a more satisfactory standard than would be developed without such contribution. The Secretary shall by regulation prescribe the items of cost in which he will participate, except that such items may not include the cost of construction (except minor remodeling) or the acquisition of land or buildings. Payments to an offeror under this paragraph may be made without regard to section 3648 of the Revised Statutes (31 U.S.C. 529).

Regulation.

“(4) The Secretary shall prescribe regulations governing the development of proposed standards by persons whose offers are accepted under paragraph (1). Such regulations shall, notwithstanding subsection (b) (A) of section 553 of title 5, United States Code, be promulgated in accordance with the requirements of that section for notice and opportunity for participation and shall—

mitted by any person in connection with such development, including comments and information with respect to the need for such performance standards, and (iii) such other matters as may be relevant to the evaluation of such performance standards;

“(E) require the submission of such periodic reports as the Secretary may require to disclose the course of the development of performance standards proposed for promulgation.

Publication in Federal Register.

“(5) If an offer is made pursuant to a notice published pursuant to subsection (c) and the Secretary does not accept such offer, he shall publish in the Federal Register notice of that fact together with the reasons therefor.

“Development of Standard by Secretary After Publication of Subsection (c) Notice

“(f) If the Secretary has published a notice pursuant to subsection (c) and—

“(1) no person makes an offer or submits a standard pursuant to the notice;

“(2) the Secretary has not accepted an existing performance standard under subsection (d) or accepted an offer to develop a proposed performance standard pursuant to the notice; or

“(3) the Secretary has accepted an offer or offers to develop a proposed performance standard, but determines thereafter that—

“(A) the offeror under each such offer is unwilling or unable to continue the development of the performance standard which was the subject of the offer or offers, or

“(B) the performance standard which has been developed is not satisfactory,

and publishes notice of that determination in the Federal Register together with his reasons therefor;

then the Secretary may proceed to develop a proposed performance standard. The authority provided by this subsection is in addition to the authority provided by subsection (c)(4). The requirements described in subparagraphs (B) and (C) of subsection (e)(4) shall apply to the development of a standard by the Secretary under this subsection.

“Establishment of a Standard

“(ii) issue a notice in the Federal Register that the proceeding is terminated together with the reasons for such termination.

"(B) If the Secretary issues under subparagraph (A) (ii) a notice of termination of a proceeding to establish a performance standard for a device, he shall (unless such notice is issued because the device is a banned device under section 516) initiate a proceeding under section 513(e) to reclassify the device subject to the proceeding terminated by such notice.

"(2) A notice of proposed rulemaking for the establishment of a performance standard for a device published under paragraph (1) (A) (i) shall set forth proposed findings with respect to the degree of the risk of illness or injury designed to be eliminated or reduced by the proposed standard and the benefit to the public from the device.

"(3) (A) After the expiration of the period for comment on a notice of proposed rulemaking published under paragraph (1) respecting a performance standard and after consideration of such comments and any report from an advisory committee under paragraph (5), the Secretary shall (i) promulgate a regulation establishing a performance standard and publish in the Federal Register findings on the matters referred to in paragraph (2), or (ii) publish a notice terminating the proceeding for the development of the standard together with the reasons for such termination. If a notice of termination is published, the Secretary shall (unless such notice is issued because the device is a banned device under section 516) initiate a proceeding under section 513(e) to reclassify the device subject to the proceeding terminated by such notice.

Notice.

"(B) A regulation establishing a performance standard shall set forth the date or dates upon which the standard shall take effect, but no such regulation may take effect before one year after the date of its publication unless (i) the Secretary determines that an earlier effective date is necessary for the protection of the public health and safety, or (ii) such standard has been established for a device which, effective upon the effective date of the standard, has been reclassified from class III to class II. Such date or dates shall be established so as to minimize, consistent with the public health and safety, economic loss to, and disruption or dislocation of, domestic and international trade.

"(4) (A) The Secretary, upon his own initiative or upon petition of an interested person may by regulation, promulgated in accordance with the requirements of paragraphs (2) and (3) (B) of this subsection, amend or revoke a performance standard.

Regulation.

"(B) The Secretary may declare a proposed amendment of a performance standard to be effective on and after its publication in the Federal Register and until the effective date of any final action taken on such amendment if he determines, after affording all interested persons an opportunity for an informal hearing, that making it so effective is in the public interest. A proposed amendment of a performance standard made so effective under the preceding sentence may not prohibit, during the period in which it is so effective, the introduction or delivery for introduction into interstate commerce of a device which conforms to such standard without the change or changes provided by such proposed amendment.

"(5) (A) The Secretary—

"(i) may on his own initiative refer a proposed regulation for the establishment, amendment, or revocation of a performance standard, or

"(ii) shall, upon the request of an interested person unless the Secretary finds the request to be without good cause or the request is made after the expiration of the period for submission of comments on such proposed regulation refer such proposed regulation, to an advisory committee of experts, established pursuant to subpara-

If a proposed regulation is referred under this subparagraph to an advisory committee, the Secretary shall provide the advisory committee with the data and information on which such proposed regulation is based. The advisory committee shall, within sixty days of the referral of a proposed regulation and after independent study of the data and information furnished to it by the Secretary and other data and information before it, submit to the Secretary a report and recommendation respecting such regulation, together with all underlying data and information and a statement of the reason or basis for the recommendation. A copy of such report and recommendation shall be made public by the Secretary.

“(B) The Secretary shall establish advisory committees (which may not be panels under section 513) to receive referrals under subparagraph (A). The Secretary shall appoint as members of any such advisory committee persons qualified in the subject matter to be referred to the committee and of appropriately diversified professional background, except that the Secretary may not appoint to such a committee any individual who is in the regular full-time employ of the United States and engaged in the administration of this Act. Each such committee shall include as nonvoting members a representative of consumer interests and a representative of interests of the device manufacturing industry. Members of an advisory committee who are not officers or employees of the United States, while attending conferences or meetings of their committee or otherwise serving at the request of the Secretary, shall be entitled to receive compensation at rates to be fixed by the Secretary, which rates may not exceed the daily equivalent of the rate in effect for grade GS-18 of the General Schedule, for each day (including traveltime) they are so engaged; and while so serving away from their homes or regular places of business each member may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5 of the United States Code for persons in the Government service employed intermittently. The Secretary shall designate one of the members of each advisory committee to serve as chairman thereof. The Secretary shall furnish each advisory committee with clerical and other assistance, and shall by regulation prescribe the procedures to be followed by each such committee in acting on referrals made under subparagraph (A).

“Action on an Application for Premarket Approval

Post, p. 565.

“(d) (1) (A) As promptly as possible, but in no event later than one hundred and eighty days after the receipt of an application under subsection (c) (except as provided in section 520(l)(3)(D)(ii) or unless, in accordance with subparagraph (B) (i), an additional period as agreed upon by the Secretary and the applicant), the Secretary, after considering the report and recommendation submitted under paragraph (2) of such subsection, shall—

“(ii) An order approving an application for a device may require as a condition to such approval that the sale and distribution of the device be restricted but only to the extent that the sale and distribution of a device may be restricted under a regulation under section 520(e).

Denial.

“(2) The Secretary shall deny approval of an application for a device if, upon the basis of the information submitted to the Secretary as part of the application and any other information before him with respect to such device, the Secretary finds that—

“(B) there is a lack of a showing of reasonable assurance that the device is effective under the conditions of use prescribed, recommended, or suggested in the proposed labeling thereof;

“(C) the methods used in, or the facilities or controls used for, the manufacture, processing, packing, or installation of such device do not conform to the requirements of section 520(f); *Post*, p. 565.

“(D) based on a fair evaluation of all material facts, the proposed labeling is false or misleading in any particular; or

“(E) such device is not shown to conform in all respects to a performance standard in effect under section 514 compliance with which is a condition to approval of the application and there is a lack of adequate information to justify the deviation from such standard. *Ante*, p. 546.

Any denial of an application shall, insofar as the Secretary determines to be practicable, be accompanied by a statement informing the applicant of the measures required to place such application in approvable form (which measures may include further research by the applicant in accordance with one or more protocols prescribed by the Secretary). *Statement*.

“(3) An applicant whose application has been denied approval may, by petition filed on or before the thirtieth day after the date upon which he receives notice of such denial, obtain review thereof in accordance with either paragraph (1) or (2) of subsection (g), and any interested person may obtain review, in accordance with paragraph (1) or (2) of subsection (g), of an order of the Secretary approving an application. *Review*.

“(F) on the basis of new information before him, evaluated together with the evidence before him when the application was approved, that the labeling of such device, based on a fair evaluation of all material facts, is false or misleading in any particular and was not corrected within a reasonable time after receipt of written notice from the Secretary of such fact; or

“(G) on the basis of new information before him, evaluated together with the evidence before him when the application was approved, that such device is not shown to conform in all respects to a performance standard which is in effect under section 514 compliance with which was a condition to approval of the application and that there is a lack of adequate information to justify the deviation from such standard.

“(2) The holder of an application subject to an order issued under paragraph (1) withdrawing approval of the application may, by petition filed on or before the thirtieth day after the date upon which he receives notice of such withdrawal, obtain review thereof in accordance with either paragraph (1) or (2) of subsection (g).

“Product Development Protocol

“(f) (1) In the case of a class III device which is required to have an approval of an application submitted under subsection (c), such device shall be considered as having such an approval if a notice of completion of testing conducted in accordance with a product development protocol approved under paragraph (4) has been declared completed under paragraph (6).

Ante, p. 540.

“(2) Any person may submit to the Secretary a proposed product development protocol with respect to a device. Such a protocol shall be accompanied by data supporting it. If, within thirty days of the receipt of such a protocol, the Secretary determines that it appears to be appropriate to apply the requirements of this subsection to the device with respect to which the protocol is submitted, he shall refer the proposed protocol to the appropriate panel under section 513 for its recommendation respecting approval of the protocol.

“(3) A proposed product development protocol for a device may be approved only if—

“(A) the Secretary determines that it is appropriate to apply the requirements of this subsection to the device in lieu of the requirement of approval of an application submitted under subsection (c); and

“(B) the Secretary determines that the proposed protocol provides—

“(i) a description of the device and the changes which may be made in the device,

“(ii) a description of the preclinical trials (if any) of the device and a specification of (I) the results from such trials to be required before the commencement of clinical trials of the device, and (II) any permissible variations in preclinical trials and the results therefrom,

Progress report.

“(4) The Secretary shall approve or disapprove a proposed product development protocol submitted under paragraph (2) within one hundred and twenty days of its receipt unless an additional period is agreed upon by the Secretary and the person who submitted the protocol. Approval of a protocol or denial of approval of a protocol is final agency action subject to judicial review under chapter 7 of title 5, United States Code.

5 USC 701 *et seq.*
Notice of completion.

“(5) At any time after a product development protocol for a device has been approved pursuant to paragraph (4), the person for whom the protocol was approved may submit a notice of completion—

“(A) stating (i) his determination that the requirements of the protocol have been fulfilled and that, to the best of his knowledge, there is no reason bearing on safety or effectiveness why the notice of completion should not become effective, and (ii) the data and other information upon which such determination was made, and

“(B) setting forth the results of the trials required by the protocol and all the information required by subsection (c) (1).

“(6) (A) The Secretary may, after providing the person who has an approved protocol an opportunity for an informal hearing and at any time prior to receipt of notice of completion of such protocol, issue a final order to revoke such protocol if he finds that—

Final order to revoke protocol.

“(i) such person has failed substantially to comply with the requirements of the protocol,

“(ii) the results of the trials obtained under the protocol differ so substantially from the results required by the protocol that further trials cannot be justified, or

“(iii) the results of the trials conducted under the protocol or available new information do not demonstrate that the device tested under the protocol does not present an unreasonable risk to health and safety.

“(B) After the receipt of a notice of completion of an approved protocol the Secretary shall, within the ninety-day period beginning on the date such notice is received, by order either declare the protocol completed or declare it not completed. An order declaring a protocol not completed may take effect only after the Secretary has provided the person who has the protocol opportunity for an informal hearing on the order. Such an order may be issued only if the Secretary finds—

“(i) such person has failed substantially to comply with the requirements of the protocol,

“(ii) the results of the trials obtained under the protocol differ substantially from the results required by the protocol, or

“(iii) there is a lack of a showing of reasonable assurance of the safety and effectiveness of the device under the conditions of use prescribed, recommended, or suggested in the proposed labeling thereof.

“(C) A final order issued under subparagraph (A) or (B) shall be in writing and shall contain the reasons to support the conclusions thereof.

“(7) At any time after a notice of completion has become effective, the Secretary may issue an order (after due notice and opportunity for an informal hearing to the person for whom the notice is effective) revoking the approval of a device provided by a notice of completion which has become effective as provided in subparagraph (B) if he finds that any of the grounds listed in subparagraphs (A) through (G) of subsection (e) (1) of this section apply. Each reference in such subparagraphs to an application shall be considered for purposes of this paragraph as a reference to a protocol and the notice of completion of such protocol, and each reference to the time when an application was approved shall be considered for purposes of this paragraph as a reference to the time when a notice of completion took effect.

“(8) A person who has an approved protocol subject to an order issued under paragraph (6) (A) revoking such protocol, a person who has an approved protocol with respect to which an order under paragraph (6) (B) was issued declaring that the protocol had not been completed, or a person subject to an order issued under paragraph (7) revoking the approval of a device may, by petition filed on or before the thirtieth day after the date upon which he receives notice of such order, obtain review thereof in accordance with either paragraph (1) or (2) of subsection (g).

the Secretary shall, unless he finds the petition to be without good cause or unless a petition for review of such order has been submitted under paragraph (2), hold a hearing, in accordance with section 554 of title 5 of the United States Code, on the order. The panel or panels which considered the application, protocol, or device subject to such order shall designate a member to appear and testify at any such hearing upon request of the Secretary, the petitioner, or the officer conducting the hearing, but this requirement does not preclude any other member of the panel or panels from appearing and testifying at any such hearing. Upon completion of such hearing and after considering the record established in such hearing, the Secretary shall issue an order either affirming the order subject to the hearing or reversing such order and, as appropriate, approving or denying approval of the application, reinstating the application's approval, approving the protocol, or placing in effect a notice of completion.

the Secretary shall refer the application or protocol subject to the order and the basis for the order to an advisory committee of experts established pursuant to subparagraph (B) for a report and recommendation with respect to the order. The advisory committee shall, after independent study of the data and information furnished to it by the Secretary and other data and information before it, submit to the Secretary a report and recommendation, together with all underlying data and information and a statement of the reasons or basis for the recommendation. A copy of such report shall be promptly supplied by the Secretary to any person who petitioned for such referral to the advisory committee.

Members of an advisory committee (other than officers or employees of the United States), while attending conferences or meetings of their committee or otherwise serving at the request of the Secretary, shall be entitled to receive compensation at rates to be fixed by the Secretary, which rates may not exceed the daily equivalent for grade GS-18 of the General Schedule for each day (including traveltime) they are so engaged; and while so serving away from their homes or regular places of business each member may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5 of the United States Code for persons in the Government service employed intermittently. The Secretary shall designate the chairman of an advisory committee from its members. "NOTIFICATION AND OTHER REMEDIES**"Notification****21 USC 360h.**

"SEC. 518. (a) If the Secretary determines that—

"(1) a device intended for human use which is introduced or delivered for introduction into interstate commerce for commercial distribution presents an unreasonable risk of substantial harm to the public health, and

"(2) notification under this subsection is necessary to eliminate the unreasonable risk of such harm and no more practicable means is available under the provisions of this Act (other than this section) to eliminate such risk,

the Secretary may issue such order as may be necessary to assure that adequate notification is provided in an appropriate form, by the persons and means best suited under the circumstances involved, to all health professionals who prescribe or use the device and to any other person (including manufacturers, importers, distributors, retailers, and device users) who should properly receive such notification in order to eliminate such risk. An order under this subsection shall require that the individuals subject to the risk with respect to which the order is to be issued be included in the persons to be notified of the risk unless the Secretary determines that notice to such individuals would present a greater danger to the health of such individuals than no such notification. If the Secretary makes such a determination with respect to such individuals, the order shall require that the health professionals who prescribe or use the device provide for the notification of the individuals whom the health professionals treated with the device of the risk presented by the device and of any action which may be taken by or on behalf of such individuals to eliminate or reduce such risk. Before issuing an order under this subsection, the Secretary shall consult with the persons who are to give notice under the order.

"Repair, Replacement, or Refund**Hearing.**

"(b) (1) (A) If, after affording opportunity for an informal hearing, the Secretary determines that—

"(i) a device intended for human use which is introduced or delivered for introduction into interstate commerce for commer-

cial distribution presents an unreasonable risk of substantial harm to the public health,

“(ii) there are reasonable grounds to believe that the device was not properly designed and manufactured with reference to the state of the art as it existed at the time of its design and manufacture,

“(iii) there are reasonable grounds to believe that the unreasonable risk was not caused by failure of a person other than a manufacturer, importer, distributor, or retailer of the device to exercise due care in the installation, maintenance, repair, or use of the device, and

“(iv) the notification authorized by subsection (a) would not by itself be sufficient to eliminate the unreasonable risk and action described in paragraph (2) of this subsection is necessary to eliminate such risk,

the Secretary may order the manufacturer, importer, or any distributor of such device, or any combination of such persons, to submit to him within a reasonable time a plan for taking one or more of the actions described in paragraph (2). An order issued under the preceding sentence which is directed to more than one person shall specify which person may decide which action shall be taken under such plan and the person specified shall be the person who the Secretary determines bears the principal, ultimate financial responsibility for action taken under the plan unless the Secretary cannot determine who bears such responsibility or the Secretary determines that the protection of the public health requires that such decision be made by a person (including a device user or health professional) other than the person he determines bears such responsibility.

“(B) The Secretary shall approve a plan submitted pursuant to an order issued under subparagraph (A) unless he determines (after affording opportunity for an informal hearing) that the action or actions to be taken under the plan or the manner in which such action or actions are to be taken under the plan will not assure that the unreasonable risk with respect to which such order was issued will be eliminated. If the Secretary disapproves a plan, he shall order a revised plan to be submitted to him within a reasonable time. If the Secretary determines (after affording opportunity for an informal hearing) that the revised plan is unsatisfactory or if no revised plan or no initial plan has been submitted to the Secretary within the prescribed time, the Secretary shall (i) prescribe a plan to be carried out by the person or persons to whom the order issued under subparagraph (A) was directed, or (ii) after affording an opportunity for an informal hearing, by order prescribe a plan to be carried out by a person who is a manufacturer, importer, distributor, or retailer of the device with respect to which the order was issued but to whom the order under subparagraph (A) was not directed. “(2) The actions which may be taken under a plan submitted under an order issued under paragraph (1) are as follows: Hearing.

“(A) To repair the device so that it does not present the unreasonable risk of substantial harm with respect to which the order under paragraph (1) was issued.

“(B) To replace the device with a like or equivalent device which is in conformity with all applicable requirements of this Act.

“(C) To refund the purchase price of the device (less a reasonable allowance for use if such device has been in the possession of the device user for one year or more—

“(i) at the time of notification ordered under subsection (a), or

“(ii) at the time the device user receives actual notice of the unreasonable risk with respect to which the order was issued under paragraph (1),

whichever first occurs).

“(3) No charge shall be made to any person (other than a manufacturer, importer, distributor or retailer) for availing himself of any remedy, described in paragraph (2) and provided under an order issued under paragraph (1), and the person subject to the order shall reimburse each person (other than a manufacturer, importer, distributor, or retailer) who is entitled to such a remedy for any reasonable and foreseeable expenses actually incurred by such person in availing himself of such remedy.

“Reimbursement

“(c) An order issued under subsection (b) with respect to a device may require any person who is a manufacturer, importer, distributor, or retailer of the device to reimburse any other person who is a manufacturer, importer, distributor, or retailer of such device for such other person's expenses actually incurred in connection with carrying out the order if the Secretary determines such reimbursement is required for the protection of the public health. Any such requirement shall not affect any rights or obligations under any contract to which the person receiving reimbursement or the person making such reimbursement is a party.

“Effect on Other Liability

“(d) Compliance with an order issued under this section shall not relieve any person from liability under Federal or State law. In awarding damages for economic loss in an action brought for the enforcement of any such liability, the value to the plaintiff in such action of any remedy provided him under such order shall be taken into account.

“RECORDS AND REPORTS ON DEVICES

“General Rule

21 USC 360i.

“SEC. 519. (a) Every person who is a manufacturer, importer, or distributor of a device intended for human use shall establish and maintain such records, make such reports, and provide such information, as the Secretary may by regulation reasonably require to assure that such device is not adulterated or misbranded and to otherwise assure its safety and effectiveness. Regulations prescribed under the preceding sentence—

“(1) shall not impose requirements unduly burdensome to a device manufacturer, importer, or distributor taking into account his cost of complying with such requirements and the need for the protection of the public health and the implementation of this Act;

“(2) which prescribe the procedure for making requests for reports or information shall require that each request made under such regulations for submission of a report or information to the Secretary state the reason or purpose for such request and identify to the fullest extent practicable such report or information;

“(3) which require submission of a report or information to the Secretary shall state the reason or purpose for the submission of such report or information and identify to the fullest extent practicable such report or information;

"(4) may not require that the identity of any patient be disclosed in records, reports, or information required under this subsection unless required for the medical welfare of an individual, to determine the safety or effectiveness of a device, or to verify a record, report, or information submitted under this Act; and

"(5) may not require a manufacturer, importer, or distributor of a class I device to—

"(A) maintain for such a device records respecting information not in the possession of the manufacturer, importer, or distributor, or

"(B) to submit for such a device to the Secretary any report or information—

"(i) not in the possession of the manufacturer, importer, or distributor, or

if, because of its potentiality for harmful effect or the collateral measures necessary to its use, the Secretary determines that there cannot otherwise be reasonable assurance of its safety and effectiveness. No condition prescribed under subparagraph (B) may restrict the use of a device to persons with specific training or experience in its use or to persons for use in certain facilities unless the Secretary determines that such a restriction is required for the safe and effective use of the device. No such condition may exclude a person from using a device solely because the person does not have the training or experience to make him eligible for certification by a certifying board recognized by the American Board of Medical Specialties or has not been certified by such a Board. A device subject to a regulation under this subsection is a restricted device.

“(2) The label of a restricted device shall bear such appropriate statements of the restrictions required by a regulation under paragraph (1) as the Secretary may in such regulation prescribe. **Labeling.**

“Good Manufacturing Practice Requirements

“(f) (1) (A) The Secretary may, in accordance with subparagraph (B), prescribe regulations requiring that the methods used in, and the facilities and controls used for, the manufacture, packing, storage, and installation of a device conform to current good manufacturing practice, as prescribed in such regulations, to assure that the device will be safe and effective and otherwise in compliance with this Act. **Regulations.**

Such a petition shall be submitted to the Secretary in such form and manner as he shall prescribe and shall— **Petition for exemption or variance.**

“(i) in the case of a petition for an exemption from a requirement, set forth the basis for the petitioner's determination that compliance with the requirement is not required to assure that the device will be safe and effective and otherwise in compliance with this Act,

“(ii) in the case of a petition for a variance from a requirement, set forth the methods proposed to be used in, and the facilities and controls proposed to be used for, the manufacture, packing, storage, and installation of the device in lieu of the methods, facilities, and controls prescribed by the requirement, and

“(ii) a petition for a variance for a device from a requirement if he determines that the methods to be used in, and the facilities and controls to be used for, the manufacture, packing, storage, and installation of the device in lieu of the methods, controls, and facilities prescribed by the requirement are sufficient to assure that the device will be safe and effective and otherwise in compliance with this Act.

An order of the Secretary approving a petition for a variance shall prescribe such conditions respecting the methods used in, and the facilities and controls used for, the manufacture, packing, storage, and installation of the device to be granted the variance under the petition as may be necessary to assure that the device will be safe and effective and otherwise in compliance with this Act.

Hearing.

“(D) After the issuance of an order under subparagraph (B) respecting a petition, the petitioner shall have an opportunity for an informal hearing on such order.

Advisory committee. Establishment.

“(3) The Secretary shall establish an advisory committee for the purpose of advising and making recommendations to him with respect to regulations proposed to be promulgated under paragraph (1) (A) and the approval or disapproval of petitions submitted under paragraph (2). The advisory committee shall be composed of nine members as follows:

Membership.

“(A) Three of the members shall be appointed from persons who are officers or employees of any State or local government or of the Federal Government.

"Exemption for Devices for Investigational Use

"(g)(1) It is the purpose of this subsection to encourage, to the extent consistent with the protection of the public health and safety and with ethical standards, the discovery and development of useful devices intended for human use and to that end to maintain optimum freedom for scientific investigators in their pursuit of that purpose.

"(2)(A) The Secretary shall, within the one hundred and twenty-day period beginning on the date of the enactment of this section, by regulation prescribe procedures and conditions under which devices intended for human use may upon application be granted an exemption from the requirements of section 502, 510, 514, 515, 516, 519, or 706 or subsection (e) or (f) of this section or from any combination of such requirements to permit the investigational use of such devices by experts qualified by scientific training and experience to investigate the safety and effectiveness of such devices.

Regulation.

 21 USC 376.

"(B) The conditions prescribed pursuant to subparagraph (A) shall include the following:

"(i) A requirement that an application be submitted to the Secretary before an exemption may be granted and that the application be submitted in such form and manner as the Secretary shall specify.

"(ii) A requirement that the person applying for an exemption for a device assure the establishment and maintenance of such records, and the making of such reports to the Secretary of data obtained as a result of the investigational use of the device during the exemption, as the Secretary determines will enable him to assure compliance with such conditions, review the progress of the investigation, and evaluate the safety and effectiveness of the device.

"(iii) Such other requirements as the Secretary may determine to be necessary for the protection of the public health and safety.

"(C) Procedures and conditions prescribed pursuant to subparagraph (A) for an exemption may appropriately vary depending on (i) the scope and duration of clinical testing to be conducted under such exemption, (ii) the number of human subjects that are to be involved in such testing, (iii) the need to permit changes to be made in the device subject to the exemption during testing conducted in accordance with a clinical testing plan required under paragraph (3)(A), and (iv) whether the clinical testing of such device is for the purpose of developing data to obtain approval for the commercial distribution of such device.

"(3) Procedures and conditions prescribed pursuant to paragraph (2)(A) shall require, as a condition to the exemption of any device to be the subject of testing involving human subjects, that the person applying for the exemption—

"(A) submit a plan for any proposed clinical testing of the device and a report of prior investigations of the device (includ-

ing, where appropriate, tests on animals) adequate to justify the proposed clinical testing—

“(i) to the local institutional review committee which has been established in accordance with regulations of the Secretary to supervise clinical testing of devices in the facilities where the proposed clinical testing is to be conducted, or

“(ii) to the Secretary, if—

“(I) no such committee exists, or

“(II) the Secretary finds that the process of review by such committee is inadequate (whether or not the plan for such testing has been approved by such committee), for review for adequacy to justify the commencement of such testing; and, unless the plan and report are submitted to the Secretary, submit to the Secretary a summary of the plan and a report of prior investigations of the device (including, where appropriate, tests on animals);

Notification.

“(B) promptly notify the Secretary (under such circumstances and in such manner as the Secretary prescribes) of approval by a local institutional review committee of any clinical testing plan submitted to it in accordance with subparagraph (A);

“(C) in the case of a device to be distributed to investigators for testing, obtain signed agreements from each of such investigators that any testing of the device involving human subjects will be under such investigator's supervision and in accordance with subparagraph (D) and submit such agreements to the Secretary; and

“(D) assure that informed consent will be obtained from each human subject (or his representative) of proposed clinical testing involving such device, except where subject to such conditions as the Secretary may prescribe, the investigator conducting or supervising the proposed clinical testing of the device determines in writing that there exists a life threatening situation involving the human subject of such testing which necessitates the use of such device and it is not feasible to obtain informed consent from the subject and there is not sufficient time to obtain such consent from his representative.

The determination required by subparagraph (D) shall be concurred in by a licensed physician who is not involved in the testing of the human subject with respect to which such determination is made unless immediate use of the device is required to save the life of the human subject of such testing and there is not sufficient time to obtain such concurrence.

Application approval.

Exemption withdrawal.

“(5) The Secretary may by order withdraw an exemption granted under this subsection for a device if the Secretary determines that the

conditions applicable to the device under this subsection for such exemption are not met. Such an order may be issued only after opportunity for an informal hearing, except that such an order may be issued before the provision of an opportunity for an informal hearing if the Secretary determines that the continuation of testing under the exemption with respect to which the order is to be issued will result in an unreasonable risk to the public health.
